

Target Audience

Physicians, staff members, billers, coders, insurance industry professionals and anyone desiring a better understanding of the changes ahead with ICD-10-CM.

Take Home Points

Program participants will leave with a better understanding of the key differences between ICD-10-CM and ICD-9-CM and what to expect in the first stages of adoption and implementation of the new diagnosis code data set. Attendees will anticipate the changes ahead with clinical documentation, U.S. disease and morbidity tracking, and the effects that the new data set will have on physician reimbursement.

Watch for information on the next ICD-10-CM seminar, coming in 2014.

Continuing Medical Education

Earn 3.75 *AMA PRA Category 1 Credits*[™]

This program has been approved for 4 continuing education unit(s) for use in fulfilling the continuing education requirements of the American Health Information Management Association (AHIMA).

ICD-10-CM: Readying Your Physicians and Practices for the Change

July 17, 2013

Doubletree Hotel
1909 Spring Road
Oak Brook, IL

or

August 7, 2013

Crowne Plaza Hotel
3000 S. Dirksen Parkway
Springfield, IL

The Illinois State Medical Society and Blue & Company are pleased to present

ICD-10-CM: Readyng Your Physicians and Practices for the Change

This first workshop will explore the fundamental differences in ICD-9-CM and ICD-10-CM, what physicians and their staff members need to be prepared to do in order adopt and use the new diagnosis code data set, and how to perform an office gap analysis and talk to your software vendor about the changes necessary for electronic health records and/or practice management software. The programs will also explain the resources available to assist physician and practices for managing the transition.

Mandatory adoption and use of ICD-10-CM occurs on October 1, 2014 – don't wait until the last minute to ready your physicians and practices for adoption and implementation!

Speaker

Deborah Grider, CCS-P, CDIP, CPC, CPMA, CPC-H, CPC-P

The Illinois State Medical Society is honored to have nationally renowned author and subject

matter expert Deborah Grider as our instructor for the events.

Agenda

7:30 a.m.
Registration and Breakfast

8:00 a.m. – 9:30 a.m.
Introduction to ICD-10-CM and Identification of the Key Differences between the Former and New Diagnosis Code Data Set

9:30 a.m. – 9:45 a.m.
Break

9:45 a.m. – 10:30 a.m.
Vendor, Software and Contract Considerations Surrounding ICD-10-CM Adoption and Implementation

10:30 a.m. – 12:00 p.m.
Identifying the Readiness of Your Staff and Practice Through Gap Analysis

This event may be recorded for archiving purposes.
Limited seats available.

The Illinois State Medical Society designates this live activity for a maximum of 3.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Illinois State Medical Society is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

These events will also be underwritten for AHIMA CEUs by Blue & Company. Information to be furnished by Blue at a later date.

Please alert Sarah Young, director of event planning, to any food allergies or special dietary needs. Telephone: 312-782-1654 ext. 1603 or Toll Free: 800-782-4767.

Americans with Disabilities Act (ADA) The Illinois State Medical Society wishes to take those steps to assure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aides or services. If you need any of the services identified in the Americans with Disabilities Act, please contact Sarah Young, director of event planning, ISMS, 20 N. Michigan Avenue, Suite 700, Chicago, IL 60602. Telephone: 312-782-1654 ext. 1603 or Toll Free: 800-782-4767, Fax: 312-782-2023.

Learning Objectives

At the end of this activity, participants will be able to:

1. Define how ICD-10-CM will impact the practice of medicine through its differences from the previous diagnosis code data set of ICD-9-CM
2. Describe the key aspects of ICD-10-CM adoption and implementation
3. Identify the systems and processes that will need to change for successful ICD-10-CM implementation within the medical practice
4. Define the resources available for physicians and medical practices for the transition to ICD-10-CM
5. Describe the post-implementation changes for which physicians and practices should prepare themselves

Cost

\$149 ISMS member physicians and their staff
\$249 All others *(including non-member ISMIE Mutual policyholders)*

To register, access the ISMS Education Catalog at www.isms.org
