PARTICIPANT

THE ULTIMATE ENDOSCOPY RETREAT

COURSE DESCRIPTION

ASGE's signature event is designed to provide a weekend of intensive, interactive education for endoscopy practitioners. This course uses smaller-group formats to encourage meaningful discussions and hands-on demonstrations with world-renowned expert faculty. Addressing everything endoscopy, EndoFest features two full days of didactic and hands-on sessions on colonoscopy, stents, clipping, suturing, EMR, ESD, EUS, ERCP, imaging, emergencies, complications and more.

COURSE HIGHLIGHTS

EndoFest 2013 will include the following highlights:

- ▶ ASGE **Postgraduate Course** at EndoFest®: "Winning Strategies for the GI Consultant" featuring a *Rapid Fire GI Journal Club*.
- ▶ Customized **"Ask the Expert"** hands-on sessions allowing participants dedicated time on specific cutting-edge techniques with expert faculty members.
- ▶ **Video Forum** featuring the latest ultimate endoscopy videos.
- ▶ Interactive discussion format throughout EndoFest featuring unknown video cases.

A complete didactic and scientific program is included with EndoFest registration, and participants can choose the additional hands-on sessions that meet their needs. ASGE will also present its Learning Center, where participants can view the latest and most popular educational DVDs from the ASGE Endoscopic Learning Library in their entirety for free, and earn additional CME. Also take advantage of the extensive exhibit area, with the latest technologies and devices.

REGISTER AT

www.asge.org/endofest

TARGET AUDIENCE

EndoFest is designed for all physicians and health care providers involved with practicing endoscopy, including: GI physicians, surgeons, nurses, technicians and other members of the health care team.

LEARNING OBJECTIVES

Upon completion of this educational activity, participants will be able to:

- ▶ Integrate the latest scientific advances and practice guidelines in specific clinical areas into their practice.
- ▶ Apply advanced endoscopic skills and techniques into their performance in endoscopy.
- ▶ Recognize the potential pitfalls related to specific advanced endoscopic skills and techniques.
- ▶ Evaluate the benefits, applications, and limitations of advanced endoscopic devices.

"There is a great teacher/student ratio at the hands-on stations, so participants get significant experience and a clear idea of how they can adapt techniques to their own practices."

— ENDOFEST 2012
PARTICIPANT

AGENDA AT-A-GLANCE

Please refer to the description of sessions for more detail.

	S Scientific & Video-Based Sessions (All Attendees)	H Hands-on Sessions (\$)*
THURSDAY, SEPTEMBER 19 PRE-COURSES		
8:00 am – 5:00 pm	Improving Quality and Safety in Your Endoscopy Unit <i>For additional information, visit www.asge.org (separate brochure and registration)</i>	
FRIDAY, SEPTEMBER 20		
10:00 am – 5:30 pm	ASGE Postgraduate Course at EndoFest: Winning Strategies for the GI Consultant	
ENDOFEST MAIN CONFERENCE		
5:45 – 6:45 pm	EndoFest Opening Session: Breaking News 2013: What’s new that impacts your practice right now	
6:45 – 8:00 pm	EndoFest Welcome Reception in Exhibit Hall**	
SATURDAY, SEPTEMBER 21		
SESSION 1		
7:45 – 9:45 am	Endoluminal Cases Roulette	Mucosal Resection and Dissection: Improving Skills and Managing Complications
9:45 – 10:15 am	Break, Exhibits and Learning Center**	
10:15 – 11:15 am	General Session - Barrett’s Esophagus: The Standard of Care in 2013	
11:20 am – 1:15 pm	Lunch, Exhibits and Learning Center**	Ask the Expert Hands-on I (11:20 am – 12:20 pm)
SESSION 2		
1:15 – 3:15 pm	Mucosal Resections: Rolling the Dice - Avoiding and Managing Complications	GI Mélange: A collection of the endoscopic skills you have asked for!
3:15 – 3:45 pm	Break, Exhibits and Learning Center**	
3:45 – 5:00 pm	General Session - Colon Cases: At the Intersection of Evidence and Experience	
5:00 – 6:00 pm	Happy Hour Reception with Faculty and Exhibitors (all participants invited)**	
SUNDAY, SEPTEMBER 22		
SESSION 3		
7:15 – 9:45 am	Pancreaticobiliary - “Know When to Hold’em, Know When to Fold’em”: When it’s not quick and it’s not easy	Ask the Expert Hands-on II (7:15 – 8:15 am)
		Ask the Expert Hands-on II (repeated) (8:45 – 9:45 am)
9:45 – 10:00 am	Break and Learning Center **	
10:00 – 10:45 am	Video Forum Part I	
10:45 – 11:30 am	Video Forum Part II	Improving ERCP Techniques (10:45-12:45 pm)
12:45 pm	EndoFest concludes	

* Denotes ticketed sessions. Separate fee is required to attend.

** All participants invited.

ASGE Postgraduate Course at EndoFest

Winning Strategies for the GI Consultant

FRIDAY, SEPTEMBER 20

- 9:55 – 10:00 am** **Welcome and Introductions**
Michelle A. Anderson, MD, FASGE
- 10:00 – 10:20 am** **Session 1: IBD & Endoscopy: Beyond Diagnostic Endoscopy in the High-Risk Patient**
Thomas J. Savides, MD, FASGE
Update on surveillance in IBD: How often and how to do it correctly; Therapeutic endoscopy for the treatment of IBD-related strictures and fistulae including the role of EUS.
- 10:20 – 10:40 am** **Session 2: Diverticular Disease**
Kenneth R. McQuaid, MD, FASGE
Management of diverticular bleeding and diverticulitis including the role of endoscopy in the evaluation, treatment, and timing of endoscopy in bleeding cases; endoscopic approaches to bleeding diverticula and when patients should be referred for surgical resection.
- 10:40 – 11:00 am** **Session 3: Idiopathic Pancreatitis – Evaluation and Management**
Sreenivasa S. Jonnalagadda, MD, FASGE
A comprehensive synopsis for the busy clinician on evaluation including the role of genetic and autoimmune testing; manometry and endoscopic therapy (if, when and how); when is the evaluation complete and should these patients be referred to specialty centers.
- 11:00 – 11:20 am** **Session 4: Lumen “it is”**
Nicholas J. Shaheen, MD, MPH
An update on how to diagnose and treat the non-IBD inflammatory conditions of the luminal GI tract including Eosinophilic esophagitis and eosinophilic gastroenteritis, microscopic and lymphocytic colitis, and collagenous colitis.
- 11:20 – 11:40 am** **Session 5: Approach to the Patient with Chronic Abdominal Pain**
John J. Vargo, MD, MPH, FASGE
When do these patients need to undergo endoscopy and/or imaging and when is empiric medical therapy acceptable? What is the role of neuromodulators and how can you select the best one for your patient? Can a multi-disciplinary approach help in refractory cases?
- 11:40 am – Noon** **Session 6: Obscure GI Bleeding**
Brooks D. Cash, MD, FASGE
What to do next when EGD and Colon are unrevealing - is repeat EGD or colonoscopy ever indicated? Video endoscopy versus radiology-based imaging – which is best in which patient? How can you use balloon-assisted endoscopy effectively in your own practice and what is ahead for reimbursement?
- Noon – 1:00 pm** **Lunch**
- 1:00 – 3:00 pm** **Rapid Fire GI Journal Club**
Moderator: Sreenivasa S. Jonnalagadda, MD, FASGE
The IT&T course directors will present selected high impact articles published in the last two years in a concise and dynamic format lasting 20 minutes or less per area. Case studies and take home points will help you integrate these recent advances into your practice

immediately. If you find yourself too busy to keep up with the latest literature, guidelines and treatment recommendations, this is your chance to catch up on what you may have missed. The following areas will be covered: esophagus, stomach and small bowel, colon, liver, pancreas, biliary system.

- 3:00 – 3:30 pm** **Break**
- 3:30 – 3:50 pm** **Session 7: Endoscopy in the High Risk Patient**
Michelle A. Anderson, MD, FASGE
This session will include precautions and contraindications for endoscopy in patients with recent and/or significant cardiac co-morbidities, significant pulmonary disease or risk, the pregnant patient and the anticoagulated patient.
- 3:50 – 4:10 pm** **Session 8: Management of Pancreatitis-associated Fluid Collections**
Andrew S. Ross, MD, FASGE
Discussion will address identification and classification of these conditions including the distinctions between organized necrosis and pseudocyst. Identify the best treatment approach including when endoscopy can help and when it can harm. We will discuss a multidisciplinary approach and when and how your radiology colleagues can be valuable partners.
- 4:10 – 4:30 pm** **Session 9: Hemorrhoid Treatment for the Endoscopist**
Robert A. Ganz, MD, FASGE
What are the disease mimickers and how can you confidently exclude them? What are the indications and contraindications for endoscopic therapy for hemorrhoids? What are the tools of the trade and how does endoscopic therapy compare to alternative approaches to treatment?
- 4:30 – 4:50 pm** **Session 10: Sphincter of Oddi Dysfunction**
Steven A. Edmundowicz, MD, FASGE
Is this real and are there any medical therapy options? If it is real, when is manometry needed and when to cut?
- 4:50 – 5:10 pm** **Session 11: Quality in Endoscopy**
M. Brian Fennerty, MD, FASGE
Why is a good prep important and how can you get the best preps for your patients? How do you improve adenoma detection rate and is this quality measure here to stay? What are common pitfalls in reprocessing and how can you avoid them?
- 5:10 – 5:30 pm** **Session 12: Approach to the Patient with a Refractory Benign Stricture of the GI Lumen**
Gottumukkala S. Raju, MD, FASGE
What is a “refractory” stricture? What are the current options for treatment of esophageal strictures, duodenal strictures and colonic strictures? Is there a role for covered stents in these patients and if so, what are the advantages/disadvantages to available devices? When should you refer your patient to a tertiary center and when should surgical consultation be considered?

Conference Sessions

EndoFest 2013

FRIDAY, SEPTEMBER 20

5:45 – 6:45 pm

OPENING GENERAL SESSION:

G Breaking News 2013: **What's new that impacts your practice right now**

Faculty: Kenneth K. Wang, MD, FASGE; Brooks D. Cash, MD, FASGE

The next few years promise the biggest changes the American health care system has seen in decades, and, simultaneously, some of the biggest technological advances endoscopy has seen in years. This session will include a discussion of the most current legislation, guidelines and technology that is currently relevant to community and academic practitioners.

SATURDAY, SEPTEMBER 21

7:45 – 9:45 am

CONCURRENT SESSIONS 1

S Scientific Session: **Endoluminal Cases Roulette**

Moderator: M. Brian Fennerty, MD, FASGE
Faculty: Kenneth R. McQuaid, MD, FASGE; Vanessa M. Shami, MD, FASGE; Robert Ganz, MD, FASGE

In this entirely case-based session the audience acts as Director, choosing from multiple options the cases you want to hear. Faculty will prepare cases addressing stents, GI bleeding, feeding tube complications and how to avoid them; hemorrhoidal therapy, refractory benign strictures, difficult polypectomy, interventional EUS, decompressive colonoscopy and foreign body extraction - but the audience will make the ultimate decision on what is presented.

Participants in this session may want to add on the afternoon hands-on session "GI Mélange: A collection of endoscopy skills you have asked for!"

H Hands-on Workshop: **Mucosal Resection and Dissection:** **Improving Skills and Managing Complications (\$)**

Director: Gottumukkala S. Raju, MD, FASGE

This session will feature hands-on training with techniques for safely performing mucosal resection as well as an introduction to ESD. Participants will also gain experience with techniques for managing complications including clips, loops and stents.

10:15 – 11:15 am

GENERAL SESSION:

G Barrett's Esophagus: **The Standard of Care in 2013**

Moderator: Nicholas J. Shaheen, MD, MPH
Faculty: Michael B. Wallace, MD, FASGE; Robert A. Ganz, MD, FASGE

This session will be a highly-interactive, case-based discussion with the experts on the diagnosis and treatment of Barrett's esophagus in 2013. Faculty will provide specific take-home points at the conclusion of the session.

11:20 am – 12:20 pm

H Ask the Expert Hands-on Sessions I (\$)

These customized one-hour sessions will allow participants to have in-depth interaction with an expert

faculty member at one station dedicated to a specific technique or technology. Each station will be limited to four participants.

- Cannulation Tricks
Steven A. Edmundowicz, MD, FASGE
Raj Shah, MD, FASGE
- Sphincterotomy Techniques
Sreenivasa S. Jonnalagadda, MD, FASGE
Peter B. Kelsey, MD, FASGE
- Difficult Polypectomy
Kenneth R. McQuaid, MD, FASGE
Marcia R. Cruz-Correa, MD, PhD, FASGE
- Complicated Stone Management
John A. Martin, MD, FASGE
John J. Vargo II, MD, MPH, FASGE
- Deep Enteroscopy Techniques
Andrew S. Ross, MD, FASGE
Christopher J. Gostout, MD, FASGE
- Pancreaticobiliary/Duodenal Stenting
Todd H. Baron, MD, FASGE

1:15 – 3:15 pm

CONCURRENT SESSIONS 2

S Scientific Session: **Mucosal Resection: Rolling the Dice –** **Avoiding and Managing Complications**

Moderator: Michael B. Wallace, MD, FASGE
Faculty: Gottumukkala S. Raju, MD, FASGE; Gregory G. Ginsberg, MD, FASGE; Norio Fukami, MD, FASGE

This will be a lecture and case-based (video) session that will cover indications and techniques for performing EMR and ESD as well as how to manage complications when they do arise. Specific topics include:

- Indications for EMR and ESD in the colon vs. the stomach vs. the esophagus
- Techniques for performing EMR/ESD and how to avoid complications
- EMR vs. ESD: When, by whom, and how to decide?
- Managing complications endoscopically and surgically and how to decide

Participants in this session may want to add on the morning hands-on session "Mucosal Resection and Dissection: Improving Skills and Managing Complications."

KEY TO SESSIONS

- G General Sessions** will feature a panel of experts discussing specific cases on hot topics in endoscopy. General sessions are open to all EndoFest registrants.
- S Scientific Sessions** will use didactic presentations, video case studies and discussion formats to explore the latest scientific advances in endoscopy in a smaller-group format. Scientific sessions are open to all EndoFest registrants.
- H Hands-on Sessions (\$)** will feature up to nine stations demonstrating diverse techniques and technologies within the topic area, using ex vivo pig stomachs and/or other available models. Tickets are required for all hands-on sessions.

1:15 – 3:15 pm

**H Hands-on Workshop:
GI Mélange: A Collection of the Endoscopic
Skills You Have Asked for! (\$)***Director: John L. Petrini, MD, FASGE*

Participants will hone a variety of skills that will raise their practice to the next level, including: endoscopic therapy of hemorrhoids; techniques for foreign body removal; endoscopic control of variceal and non-variceal bleeding; luminal placement of stents; removal of covered metal stents; and tricks for performing difficult polypectomy successfully.

3:45 – 5:00 pm

GENERAL SESSION:**G Late-Breaking News - Colon Cases: At the
Intersection of Evidence and Experience**

*Moderator: Steven A. Edmundowicz, MD, FASGE
Faculty: John L. Petrini, MD, FASGE; Marcia R. Cruz-Correa, MD, PhD, FASGE*

This session will offer a point and counterpoint discussion of cases in IBD management, dysplasia (range of visible lesions), chromoendoscopy, imaging, as well as resection vs. surgery.

SUNDAY, SEPTEMBER 22

7:15 – 9:45 am

**S Scientific Session:
Pancreaticobiliary – “Know When to Hold
'em, Know When to Fold 'em”: When it's
not quick and it's not easy**

*Moderator: Thomas J. Savides, MD, FASGE
Faculty: Gregory G. Ginsberg, MD, FASGE; John J. Vargo II, MD, MPH, FASGE; Todd H. Baron, MD, FASGE*

This session will provide in-depth coverage of pancreaticobiliary endoscopy, ranging from core skills to the latest science and controversies. There will be a heavy emphasis on videos and case discussion with audience participation. Topics will include:

- Biliary pancreatitis – When to ERCP
- Management of peripancreatic fluid collections
- Biliary access – improving techniques and cost effective use of accessories

Participants in this session may also want to add on the hands-on session “Improving ERCP Techniques” held later in the morning.

7:15 – 8:15 am
and repeated at
8:45 – 9:45 am**H Ask the Expert Hands-on Sessions II (\$)**

These customized one-hour sessions will allow participants to have in-depth interaction with an expert faculty member at one station dedicated to a specific technique or technology. Each station will be limited to four participants per hour session.

- EMR
*Vanessa M. Shami, MD, FASGE
Kenneth K. Wang, MD, FASGE*
- Endoscopic Closure Techniques
*Gottumukkala S. Raju, MD, FASGE
Norio Fukami, MD, FASGE*
- Barrett's Management
*Nicholas J. Shaheen, MD, FASGE
Michael B. Wallace, MD, FASGE*
- Challenging Hemostasis
Raj J. Shah, MD, FASGE
- Cannulation Tricks
Steven A. Edmundowicz, MD, FASGE
- Sphincterotomy Techniques
Sreenivasa S. Jonnalagadda, MD, FASGE
- Difficult Polypectomy
Marcia R. Cruz-Correa, MD, PhD, FASGE
- Esophageal and Colonic Stenting and Stricture Dilation
Michael L. Kochman, MD, FASGE

10:00 – 11:30 am

**S Scientific Session:
EndoFest Video Forum**

Moderators: Brenna Casey, MD, FASGE; Peter B. Kelsey, MD, FASGE; Gottumukkala S. Raju, MD, FASGE

This forum will feature peer-reviewed videos demonstrating cutting edge techniques and technologies from all over the world. Authors will be invited to answer questions and answers from the audience and panel of moderators.

10:45 am – 12:45 pm

**H Hands-on Workshop:
Improving ERCP Techniques (\$)**

Director: Todd H. Baron, MD, FASGE

This hands-on experience will assist the attendees in gaining experience with various ERCP procedures such as sphincterotomy, cannulation, stenting and dilation.

ASGE LEARNING CENTER

The ASGE Learning Center is a dynamic, interactive and complementary educational resource for EndoFest participants, providing an opportunity to view endoscopic videos from ASGE's Endoscopic Learning Library and earn CME for free.

HOTEL INFORMATION

Registration for EndoFest sessions is limited. Please do not reserve your overnight accommodations or make airline reservations until you have received a formal confirmation of registration from the ASGE office.

EndoFest will be held at the **JW Marriott Las Vegas Resort & Spa**, 221 N. Rampart Blvd., Las Vegas, NV 89145. For additional information on this hotel, please visit www.jwlasvegasresort.com.

ASGE has arranged a room block for this course at \$169 per night plus applicable taxes and fees. This discount is only valid if the reservation is made before August 27, 2013.

Please contact the hotel directly to make reservations by calling 1-800-582-2996 or 1-702-869-7777; ask for in-house reservations and reference "ASGE."

SEPTEMBER 20-22, 2013

JW MARRIOTT LAS VEGAS RESORT AND SPA • LAS VEGAS, NV

CONTINUING MEDICAL EDUCATION

The American Society for Gastrointestinal Endoscopy (ASGE) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

ASGE designates this live activity for a maximum of 19 *AMA PRA Category 1 Credits™* (including the postgraduate course). Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The postgraduate course will offer 6 CME credits, and EndoFest will offer 13. Additional credit may be claimed separately for viewing DVDs through the ASGE Learning Center on site.

All nurse participants will receive a certificate of attendance specifying hours of education certified for *AMA PRA Category 1 Credit™*. This certificate can be used toward nursing requirements.

All participants must be registrants of EndoFest (overall conference fee) to register for hands-on sessions. This fee includes access to all general sessions and didactic breakout sessions, as well as the exhibits, learning center, two receptions and lunch on Saturday.

REGISTRATION INFORMATION

All EndoFest registrants will have access to all general sessions, scientific sessions, exhibits, learning center, two receptions and Saturday lunch. The postgraduate course and hands-on sessions have an additional fee. Participants may only register for hands-on sessions if registered for EndoFest. Participants may register for the postgraduate

course only. Registrations received before **Tuesday, August 6th** will receive the early registration discount.

- **Registration online:** *ASGE strongly recommends that you register online.* If you register online, your spot in each session will be automatically reserved. Register online at www.asge.org/endofest.

Other options for registration are listed below. Please note that space is limited in hands-on sessions and your registration in each session can only be confirmed upon receipt of your registration form and payment. You will be sent a confirmation once your registration has been received and processed.

- **Registration by mail:** Send your completed registration form and payment to:
ASGE
Dept. CH 16927
Palatine, IL 60055-6927
- **Registration by fax:** 630-573-0691
- **Registration by phone:** 630-573-0600

If you would like to add, subtract or change specific sessions in your EndoFest itinerary, please call Customer Care at 630-573-0600. Changes may be accommodated if space is available.

CANCELLATION AND CHANGE POLICY

ASGE plans its hands-on sessions and related supplies for EndoFest based on registration. For that reason, requests for refunds of any kind must be received in writing no later than Friday, August 23, 2013 to education@asge.org. Refunds requested before this date will be subject

to an administrative fee of \$100. Refunds will not be issued after August 30, 2013. Attendee substitutions are permitted with ASGE authorization. ASGE has the right to cancel a program at any time at its discretion.

If you would like to add, subtract or change specific sessions in your EndoFest itinerary, please call Customer Care at 630-573-0600. Changes may be accommodated if space is available.

Educational programming through the ASGE Institute for Training & Technology (IT&T) is supported, in part, by the ASGE Foundation. To donate visit www.asge.org.

Industry representatives interested in attending this course must contact Linda Kay Tyler, Director, Sales and Business Development, at 630-570-5601 or lt Tyler@asge.org or Sara Estrella at 630-570-5618 or sestrella@asge.org. In compliance with ACCME guidelines, industry representatives may not participate in hands-on training or ask questions during a CME course.

This program is designed to recognize and reward endoscopists who are dedicated to their own professional development and furthering their ability to provide the most effective patient care. Participants in this program will receive discounts on ASGE courses, products, as well as a Certificate of Achievement in Endoscopy Education. For additional information on the criteria and application process, please visit the Education web page at www.asge.org.

REGISTER AT
www.asge.org/endofest

Make the most of your time at EndoFest and attend the ASGE "Improving Quality and Safety in Your Endoscopy Unit" course held in the same location on Thursday, September 19th. Visit www.asge.org to register online or download the brochure.
