Conference Overview

Welcome To Chattanooga!

Chattanooga has become one of the top vacation spots for families in the Southeastern part of the United States. This is also where we will, again, have our Annual Family Medicine Update. This will take place during the same time as the very popular Riverbend Festival.

Take time to review the presentations that we will have this year. We are bringing back some of our top speakers, with a variety of topics that Primary Care providers deal with on a day to day basis.

We have included a course on Physician Prescribing to help satisfy the requirements for licensing in Tennessee. New this year will be a Shoulder/Knee Interactive Workshop, led by one of our Sports Medicine Physicians. Registration for this workshop will be limited so that everyone will get hands-on experience.

Be sure to notice the superlatives that Chattanooga has earned over the past several years and also the lineup for the Riverbend Festival this year. I can assure you that families will have an enjoyable time, and everyone will have the opportunity to gain some excellent Continuing Medical Education credits. Please join us. I look forward to seeing you.

Sincerely,
J. M. Worthington, M.D.
Professor and Chair
