You're Invited!

Designed for NPs, MDs, CNMs, PAs and RNs from women's health and family practice settings, the 11th annual conference, Office Gynecology, brings together a stellar panel of clinician experts in the stunning setting of Jackson Hole, WY to address the clinical challenges you face daily as you manage the care of your female patients. Bring your questions and puzzling cases ... our dynamic faculty will give you answers and guidance.

Did you know that most of the clinicians who attend Office Gynecology have been providing care for women for more than 10 years? Think of the opportunities you'll have to share "war stories" and discuss solutions for clinical dilemmas you've managed. Join your colleagues and the faculty in the magnificent setting of Jackson Hole and the Grand Tetons where we have designed a schedule which allows for interprofessional learning as well as relaxation and exploration with family and friends. See you there!
