February 6-7, 2014 • Hilton La Jolla Torrey Pines, La Jolla, California

Structural Heart Intervention and Imaging 2014: *A Practical Approach*

LAA Closure, TAVR, ASD/PFO, Mitral Repair and More
*Featuring live case demonstrations, hands-on
workshops and satellite symposia!*

OVERVIEW

Scripps Clinic's Structural Heart Intervention and Imaging conference is designed to provide a practical, cutting-edge, case-based assessment of the emerging area of structural heart disease intervention and interventional cardiovascular imaging. The expert faculty will include interventionalists, invasive cardiologists, and echocardiographers. Faculty will discuss patient selection, pre-procedural assessment, procedural tips, techniques and challenges (including concurrent imaging) during the performance of the procedures, and conclude with assessment of outcomes and future directions.
