POSTER GUIDELINES

Presenting Data and Materials

Presenters for poster presentations must present at the assigned time to present materials. Specific space will be assigned to hang and display your materials. Posters should be hung prior to the first break on Friday, November 8 and removed at the conclusion of sessions on Saturday, November 9, 2013.

Your information should be self-explanatory so that you are free to supplement and discuss particular points raised by viewers. Again, handouts are strongly encouraged. You should bring enough handouts to insure availability to all attendees.

Policy on Commercial Support

Policy on Commercial Support: Presentations must avoid commercialism. Presentations that constitute promotion and advertising will not be accepted. If the cost of a presentation has been underwritten to any extent, a clear acknowledgement stating the support and identifying the source should be included in the abstract (e.g., "The support of [corporation or institution] for this project is gratefully acknowledged."). Statements made in presentations are the sole responsibility of the author or presenter. Statements should not be viewed as or considered representative of any formal stance or position taken on any subject, issue, or product by the NY & NJSIPP scientific committee or the NYSIPP.
