Course Introduction

Course Overview

Up to 5.3 million people—2 percent of the U.S. population—are living with chronic hepatitis B or hepatitis C. These diseases are more common than HIV/AIDS in the U.S. Yet, because hepatitis B and hepatitis C often present no symptoms, most people who have them are unaware until they develop liver cancer or liver disease many years later.

A January 2011 Institute of Medicine (IOM) study, entitled *Hepatitis and Liver Cancer: A National Strategy for Prevention and Control of Hepatitis B and C* finds that despite the prevalence of the diseases, they are not widely recognized as serious public health problems and states:

“An estimated 1.2–2 million people in the United States are chronically infected with hepatitis B virus (HBV) and 2.7–3.9 million people are chronically infected with hepatitis C virus (HCV). Lack of awareness about the prevalence of chronic viral hepatitis in the United States and about the proper methods and target populations for screening and medical management of chronic hepatitis B and hepatitis C contributes to continuing transmission; missing of opportunities for prevention, including vaccination; missing of opportunities for early diagnosis and medical care; and poor health outcomes in infected people.”

The Scripps National Hepatitis B & C Training Program and Treatment Update will contribute towards increasing the number of health care practitioners educated on the prevalence of chronic viral hepatitis, as well as those properly preventing, diagnosing, treating, and/or referring patients with chronic illness; therefore contributing towards prevention of new cases and improved management of already infected patients.

Conference Highlights

- Updates on the latest clinical guidelines with patient-focused sessions addressing hepatitis C in the morning and hepatitis B in the afternoon.
- Local experts providing an interdisciplinary team approach to treatment with physician and midlevel provider faculty.
- Intimate learning environment with limited attendance per city.
- Interactive formats including practical case studies, small group discussion, and question and answer opportunities throughout.
- Receive up to 7.75 AMA PRA Category 1 Credits™
- Convenient local venues and affordable registration fee.

Educational Objectives

After attending this activity, participants should be able to:

- Discuss the prevalence and incidence of acute and chronic hepatitis B and hepatitis C both in the general US population and in at-risk populations.
- Review the history, epidemiology, demographics, natural history, histology, immunology and pathophysiology of the viral infection.
- Discuss state-of-the-art diagnostic and treatment guidelines for both hepatitis B and C.
- Formulate and/or implement strategies for preventing, diagnosing, treating, and/or referring patients with HBV and/or HCV.
- Evaluate the multidisciplinary team approach to care of patients with hepatitis B and C.
- Establish a local network of practitioners for information sharing, referrals, etc.
- Improve the health of patients infected with the HBV and/or HCV virus.

Program

Hepatitis C

4 AMA PRA Category 1 Credits™

We will review the virology, genotypes, modes of infection of HCV and characteristics of the clinical illness caused by acute and chronic infections. Birth-cohort screening plans for 2012 will be outlined. Tests for HCV, including PCR assays and genotyping, interpretations and indications for liver biopsies and complications of cirrhosis will all be discussed. We will show how to initiate and monitor patients during treatment with Telaprevir and Boceprevir, manage side effects of rash and hema-

tologic complications of therapy and deal with various patient populations including African Americans, HIV-coinfected and ESLD patients. New drugs in development including protease inhibitors, nucleoside/tide and non-nucleoside polymerase inhibitors, NS5A inhibitors, cyclophilin inhibitors and other novel agents will be discussed. We will outline what we think therapy of HCV will look like when all-oral regimens become available.

7:30 A.M.	<i>Registration, Continental Breakfast and View Exhibits</i>
8 A.M.	Review of Viral Hepatitis, Discovery of HCV and Natural History
8:50 A.M.	Diagnostic Testing, Screening, Histology, Cirrhosis and Liver Biopsy
9:45 A.M.	<i>Break and View Exhibits</i>
10:15 A.M.	Treatment Guidelines for Direct Acting Antivirals: Who, What, When and How
10:45 A.M.	Update on Current Triple Therapy for HCV
11:20 A.M.	Combination and New Therapies in Development for HCV • Management of Side Effects of Interferon-free Therapies

Hepatitis B

3.75 AMA PRA Category 1 Credits™

We will summarize the history and discovery of HBV infection, discuss the modes of infection and prevalence of disease, and differentiate between acute and chronic infections. We will discuss protective antibodies, vaccination, complications of cirrhosis and hepatocellular carcinoma, tests for HBV, including PCR assays, genotyp-

ing and mutation analysis. Update the latest results of trials with nucleoside and nucleotide analogues for the treatment of chronic HBV including entecavir, tenofovir pegylated interferon's and combination regimens. We will include the latest AASLD guidelines for diagnosis, screening and treatment of chronic hepatitis B.

12:30 P.M.	<i>Lunch and View Exhibits</i>
1 P.M.	Discovery of HBV, Natural History, Vaccination and Prevention
1:30 P.M.	Diagnostic Testing, Liver Biopsy, Cirrhosis and Hepatocellular Carcinoma
2 P.M.	Nucleoside/Nucleotide Analogues & Pegylated Interferons for HBV
2:40 P.M.	Updated Data from EASL 2013
3:10 P.M.	<i>Break and View Exhibits</i>
3:30 P.M.	Case Presentations, Discussion and Q&A • Management of Antiviral Resistance • Treatment Algorithms and AASLD Guidelines • HBeAg-Positive vs. HBeAg-Negative Patients • Complications of Chronic Hepatitis B
5 P.M.	<i>Final Adjournment</i>

Attendance Policies

Registration Confirmation

A confirmation letter will be e-mailed to you upon receipt of the conference registration form and payment. If you have not received it within two weeks, please contact the Scripps Conference Services & CME office.

Attendee Cancellation, Substitution, Refund

The course tuition is refundable, minus a \$25 processing fee, if your cancellation is received in writing no later than one week prior to the conference date. Attendee substitutions are allowed, but notification must be made in writing within one week of conference date. After this date, under no circumstances will refunds, credits, or substitutions be granted. No refunds or credits will be given to "no shows."

Guest Attendance Policy

All conference activities (including educational sessions, meal functions, exhibit hall, etc.) are exclusively reserved for conference attendees. Non-registered guests (including children, family members, colleagues, etc.) are not allowed in the conference areas. Badges provided at registration are required for entrance into all functions and will be strictly enforced.

Scripps Conference Modification or Cancellation

Scripps reserves the right to modify the course's schedule or program as necessary. Scripps also reserves the right to cancel this conference, in which case a full refund of the registration fee will be provided. We are unable to refund any travel costs (flight, hotel, etc.) in the case of Scripps cancellation.

Recording and Photography Clause

Scripps reserves exclusive rights to record (audio and video) and/or photograph all conference proceedings for use in marketing materials, presentations and course content sales.

Registration

Conference Fees

Included: course tuition, course materials, breakfast, lunch and breaks.
Not Included: travel costs, lodging and parking.

	Pre-Registration ends Tuesday prior to program date	Onsite Registration begins Wednesday prior to program date
Registration Fee	_____ \$90	_____ \$105
Group Rate*	_____ \$80	_____ \$95

*Register three (3) or more from your office and each of you will receive \$10 off your registration.

Location (Please check one)

Accreditation, Disclosure & About Scripps

Accreditation

Physicians (MD/DO)

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Scripps Health and Scripps Clinic Liver Research Consortium. Scripps Health is accredited by the ACCME to provide continuing medical education for physicians.

Scripps Health designates this live activity for a maximum of 7.75 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Documentation of awarded credit is provided for registered attendees in exchange for completed activity evaluation. Certificates of attendance are available, upon request, at the end of the course.

Nurses

The California State Board of Registered Nursing (BRN) accepts *AMA PRA Category 1 Credit(s)*[™] as meeting continuing education requirements for license renewal. Most state Boards of Registered Nursing accept *AMA PRA Category 1 Credit(s)*[™] as meeting continuing education requirements for license renewal. Nurses should check with their state board regarding use of CME credit.

Nurse Practitioners (AANP)

The program will be submitted to the American Academy of Nurse Practitioner for continuing education credit.

Physician Assistants

This program has been reviewed and is approved for a maximum of 7.75 hours of AAPA Category 1 CME credit by the Physician Assistant Review Panel. Physician assistants should claim only those hours actually spent participating in the CME activity.

About Scripps

SC Liver Research Consortium (SCLRC) is an organization of physicians specializing in hepatology and viral hepatitis clinical research. SCLRC's mission is to team research sponsors and SCLRC's 75 research sites together to provide faster, higher-quality research results compared to the current "conventional" sponsor-site arrangement. This is accomplished by providing streamlined contract and budget negotiations, access to our scientific expertise in study design, efficient site selection, and ongoing site evaluation. For more information visit www.scliver.com

Scripps Conference Services & CME, offers nationally recognized live conferences in a variety of specialty areas, is committed to improving the quality of health care and advancing the practice of medicine by providing exceptional educational courses for physicians and other health care professionals. More information and conference brochure downloads are available at www.scripps.org/conferenceservices.

Disclosure

Commercial Support

This course is supported, in part, by educational grants from industry, in accordance with ACCME accreditation Standards for Commercial Support. At the time of printing, a complete listing of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters at the time of the educational activity.

Cultural and Linguistic Competency

This activity is in compliance with California Assembly Bill 1195 which requires that all CME activities comprising a patient care element include curriculum addressing the topic of cultural and linguistic competency. The intent of this bill is to ensure that health care professionals are able to meet the cultural and linguistic concerns of a diverse patient population through effective and appropriate professional development. Cultural and linguistic competency was incorporated into the planning of this activity.

Faculty Disclosure

In accordance with the ACCME Standards for Commercial Support, course directors, planning committees, faculty and all others in control of the educational content of the CME activity must disclose all relevant financial relationships with any commercial interest that they or their spouse/partner may have had within the past 12 months. If an individual refuses to disclose relevant financial relationships, they will be disqualified from being a part of the planning and implementation of this CME activity. Employees of a commercial interest with business lines or products relating to the content of the CME activity will not participate in the planning or any accredited portion of the conference. Disclosure will be made to all participants at the conference location, prior to the educational activity commencement.
