6th Annual GHS Multidisciplinary Cancer Conference Imaging Mysteries of the Abdomen: Masses Within the Abdomen

Saturday, September 21, 2013

Robert E. Coleman Medical Staff Auditorium • Greenville Memorial Hospital—Greenville, SC

Program Goal

The goal for this program is to increase understanding of the initial evaluation of masses within the abdomen on physical exam, identify next steps based on location of mass found, order appropriate blood work, discern the correct imaging modality, and identify limitations of various imaging modalities. Not only will there be didactic lectures presented, but time also will be allotted for active debate among presenters and for audience participation through the use of our Turning Point Audience Response Devices made available for each attendee.

Target Audience

The target audience includes primary care physicians, gastrointestinal specialists, medical oncologists and general surgeons in South Carolina, northern Georgia and western North Carolina.

Objectives

Upon completion, the participants should be able to ...

- Evaluate abdominal masses, particularly within the liver, pancreas and kidney
- Determine the appropriate team of physicians needed to evaluate the findings
- Describe limitations of imaging

Accreditation

The Greenville Health System (GHS) designates this Live Activity for a maximum of 4.25 *AMA PRA Category 1 Credits™*. Participants should claim only the credit commensurate with the extent of their participation in the activity.

The Greenville Health System is accredited by the South Carolina Medical Association to provide continuing medical education for physicians.

Morning

7:30-8:30	Registration—Continental Breakfast
8:30-8:40	Welcome— <i>Brian McKinley, MD</i>
8:40-9:00	Case Studies in the Mysteries of the Abdominal Mass <i>Steven Trocha, MD</i>
9:00-9:30	Kidney Masses—Case Presentations <i>W. Patrick Springhart, MD</i>
9:30-10:00	Masses of the Liver and Pancreas—Case Presentations <i>Steven Trocha, MD</i>
10:00-10:20	Break
10:20-11:25	MRI Techniques <i>Tracy A. Jaffe, MD</i>
11:25-11:55	What Imaging Techniques are Available Locally? <i>Michael Devane, MD</i>
11:55-12:35	Lunch
12:35-1:15	Panel Debate <i>Tracy A. Jaffe, MD</i> <i>Brian McKinley, MD</i> <i>W. Patrick Springhart, MD</i> <i>Steven Trocha, MD</i>
1:15-2:00	Audience Participation in Case Discussions
2:00	Adjournment

Speakers

Guest Speaker
Tracy A. Jaffe, MD
Associate Professor, Department
of Radiology
Division Chief, Abdominal Imaging
Duke University Medical Center

Michael Devane, MD
Department of Radiology
Greenville Health System

Brian McKinley, MD
