*Keynote Speakers

Course Objectives

1. Understand the concepts of disclosing medical errors and the benefits of transparency.
2. Comprehend the concept of the open lung and how to minimize ventilator-induced lung injury.
3. Learn about methods to eliminate necrotizing enterocolitis in preterm infants.
4. Become aware of the latest treatments for hypoxic-ischemic encephalopathy.
5. Understand the role of glycogenosis in BPD.
6. Define Simulation and review the evidence for the utility of Simulation-Based training in Neonatal Medicine.
7. Review the prenatal consultation process and what it offers.

On behalf of the Society of Michigan Neonatologists and Wayne State University School of Medicine, we invite you to Howell, Michigan for the Society of Michigan Neonatologists annual conference, designed just for the neonatal healthcare provider. Our featured speakers will be Mark Mammel, MD, from the University of Minnesota and Jae Kim, MD, PhD, from the University of California-San Diego, who will be joined by several of our in-state colleagues. This event will assist you in providing the best care possible for your patients. We look forward to seeing you there!
