

Registration Form

AATS
Focus on Thoracic Surgery:
Lung Cancer

Name: _____

Hospital/Affiliation: _____

Address: _____

City: _____ State: _____ Zip Code: _____

Country: _____ Phone: _____ Fax: _____

E-Mail: _____

Primary Specialty (check one):
☐ Adult Cardiac ☐ Congenital ☐ General Thoracic ☐ Vascular ☐ Other: _____

Involved In (check all that apply):
☐ Anesthesiology ☐ Cardiology ☐ Cardiothoracic Surgery ☐ Critical Care ☐ Emergency Medicine ☐ Endovascular
☐ General Surgery ☐ Interventionalist ☐ Pulmonary Medicine ☐ Robotic Surgery ☐ Oncology ☐ Other

Registration Fees

	On or BEFORE 10/25/12	On or AFTER 10/26/12	TOTAL
☐ AATS Member	\$550	\$650	\$ _____
☐ Physician	\$650	\$750	\$ _____
☐ Fellow / Resident	\$250	\$350	\$ _____
☐ Allied Health	\$350	\$450	\$ _____
☐ Exhibitor/Distributor	\$100	\$200	\$ _____
☐ Non-exhibiting Industry Personnel	\$650	\$750	\$ _____

 Special Accessibility Needs:
☐ Please contact me regarding special needs.

TOTAL AMOUNT DUE: \$ _____

Method of Payment

Please charge my registration fees to the following credit card:

☐  MasterCard ☐  Visa ☐  American Express

Name as it Appears on the Credit Card: _____

Billing Address of Card Holder: ☐ Same as above or _____

City: _____ State: _____ Zip: _____

Credit Card #: _____ Expiration Date: _____

Security Code: _____ (See card images below.) *Where is your card Security Code? Your credit card's security code is a 3- or 4- digit number located on its front or back.*

Signature: _____

☐ I would like to pay by check (enclosed)

PLEASE MAKE CHECKS (IN U.S. FUNDS) PAYABLE TO:

AATS Focus on Thoracic Surgery: Lung Cancer
500 Cummings Center, Suite 4550
Beverly, MA 01915
Phone: 978-927-8330
Fax: (978) 524-0461
www.aats.org/LungCancer

CANCELLATIONS

All requests for cancellations must be received in writing by **Thursday, October 25, 2012**.
The registration fee, less a \$100.⁰⁰ administrative fee, will be refunded after the meeting.
Requests received after this date will not be honored unless a special request is forwarded to LungCancer@aats.org.

Location

AATS Focus on Thoracic Surgery: Lung Cancer will be held at the Boston Marriott Copley Place, 110 Huntington Avenue, Boston, Massachusetts. The hotel is located in downtown Boston within walking distance to restaurants, theaters and attractions.

Hotel Accommodations

A block of rooms has been reserved for the symposium participants at the Boston Marriott Copley Place. The room rate for the Focus on Thoracic Surgery: Lung Cancer is **\$199.00 per night** plus 14.45% state and local taxes. The hotel reservation deadline is Thursday, October 25, 2012 at 6:00 pm EDT.

ROOM RATES

Single: \$199.00
Double: \$199.00
Additional Person: \$20.00

METHOD OF RESERVATIONS

To make your hotel reservation online, visit our website at www.aats.org/LungCancer or call 1 (800) 228-9290 or (617) 236-5800 to make your reservation directly with the hotel. Please be sure to mention that you are with the Focus on Thoracic Surgery: Lung Cancer Summit, **reservation code AAT**, to receive the discounted group rate.

GUARANTEED RESERVATIONS

All reservations must be accompanied by a first night room deposit or guaranteed with a major credit card. Hotel will not hold any reservations unless secured by one of the above methods.

CUTOFF DATE

Reservations by attendees must be received on or before 6:00 pm EDT, Thursday, October 25, 2012.

Registration Information

To register please visit our website at www.aats.org/LungCancer or return the form by mail or fax to:

Focus on Thoracic Surgery: Lung Cancer
500 Cummings Center, Suite 4550
Beverly, MA 01915
Phone: (978) 927-8330
Fax: (978) 524-0461
Email: lungcancer@aats.org

No registrations will be accepted over the phone. The pre-registration deadline is **Thursday, October 25, 2012**. To register after October 25, please complete the registration form and bring it with you to the Onsite Registration Desk at Focus on Thoracic Surgery: Lung Cancer.

Exhibiting and Educational Support

Program Information

Program Overview

Lung cancer is the second most common malignancy in the Western world and the most common cause of cancer-related death. Recent innovations in diagnosis, staging and management of early stage and locally advanced non-small cell lung cancer have changed the paradigm for surgical management of lung cancer patients. A virtual explosion of technological development has enabled widespread use of minimally invasive approaches which current and future thoracic surgeons must embrace to improve the care of patients with lung cancer. The AATS has chosen to highlight these recent developments in its inaugural “Focus on Thoracic Surgery” program. The faculty includes internationally recognized experts in lung cancer and application of new technology for its surgical management.

Program Committee Members

G. Alec Patterson, MD, *Program Director*
David J. Sugarbaker, MD, *Program Director*
Thomas A. D’Amico, MD
Shaf Keshavjee, MD
James D. Luketich, MD
Bryan F. Meyers, MD, MPH
Scott J. Swanson, MD

Educational Objectives

- Upon completion of this course, participants will be able to:
- Understand the current role of endoscopic strategies for lung cancer diagnosis and staging
 - Learn the advantages and limitations of limited resection for early stage lung cancer
 - Appreciate the role of surgical resection in patients with locally advanced and nodal metastatic disease
 - Understand the various approaches to minimally invasive pulmonary resection
 - Understand the technical challenges and results of extended pulmonary resection
 - Learn the current role of stereotactic body radiotherapy (SBRT) in the management of early stage non-small cell lung cancer

Target Audience

This conference is designed to meet the educational needs of:

- Thoracic Surgeons
- Pulmonologists
- Radiologists
- Thoracic Oncologists
- Primary Care Physicians
- Residents/Fellows
- Nurses
- Physician Assistants
- Allied Health Professionals

Accreditation

The American Association for Thoracic Surgery is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

This live activity has been approved for 17 **AMA PRA Category 1 Credits™**.

Disclosure Policy

It is the policy of the American Association for Thoracic Surgery that any individual who is involved in planning, presenting or is an author on a program designated for **AMA Physician’s Recognition Award Category 1 Credit™** must disclose any financial interest or other relationship (grant, research support, consultant, etc.) that individual has with any manufacturer(s) of any commercial product(s) that may be discussed in the individual’s presentation. This information is disclosed to the audience prior to an activity. The AATS has procedures in place if a conflict of interest should arise. In addition, faculty members are asked to disclose when any discussion of unapproved use of pharmaceutical or medical device occurs.

For further information on the Accreditation Council for Continuing Medical Education (ACCME) Standards of Commercial Support, please visit www.accme.org.

P R O G R A M A G E N D A	
FRIDAY, NOVEMBER 16, 2012	SATURDAY, NOVEMBER 17, 2012
7:00 a.m. Registration and Continental Breakfast	7:00 a.m. Continental Breakfast
7:30 a.m. Welcome and Introduction <i>Drs. Patterson and Sugarbaker</i>	Session V: Minimally Invasive Resection Moderator: Dr. Swanson
Session I: Diagnosis and Staging Moderator: Dr. Sugarbaker	7:30 a.m. Thoracoscopic Lobectomy – <i>Dr. D’Amico</i>
7:40 a.m. CT Screening for Lung Cancer – <i>Dr. Jones</i>	7:45 a.m. Complex Thoracoscopic Lobectomy and Pneumonectomy – <i>Dr. Demmy</i>
7:55 a.m. Navigational Bronchoscopy – <i>Dr. Yasufuku</i>	8:00 a.m. Thoracoscopic Lobectomy: Hybrid Chest Wall Resection – <i>Dr. D’Amico</i>
8:10 a.m. EBUS/EUS – <i>Dr. Crabtree</i>	8:15 a.m. Robotic Lobectomy – <i>Dr. Onaitis</i>
8:25 a.m. VAMLA/TEMLA – <i>Dr. Demmy</i>	8:30 a.m. Lymph Node Dissection – <i>Dr. Swanson</i>
8:40 a.m. Mediastinoscopy vs. VATS – <i>Dr. Patterson</i>	8:45 a.m. Complications: Best Ways to Avoid and How to Handle Difficult Ones – <i>Dr. McKenna</i>
8:55 a.m. Marker Driven Pathology Reports – Are they Useful? – <i>Dr. Johnson</i>	9:00 a.m. Panel Discussion <i>Drs. D’Amico, Demmy, McKenna, Onaitis, and Swanson</i>
9:10 a.m. Panel Discussion <i>Drs. Crabtree, Demmy, Johnson, Jones, Patterson, and Yasufuku</i>	9:30 a.m. Break
9:35 a.m. Break	Session VI: Complex Resectional Techniques Moderator: Dr. D’Amico
Session II: Managing Small Tumors Moderator: Dr. Luketich	10:00 a.m. Sleeve Resection – <i>Dr. Jones</i>
10:00 a.m. Wedge Plus Brachytherapy – <i>Dr. Fernando</i>	10:15 a.m. Pulmonary Arterioplasty and Vena Cava Reconstruction – <i>Dr. Meyers</i>
10:15 a.m. SBRT, RFA, Cryo and other Technologies – <i>Dr. Luketich</i>	10:30 a.m. Carinal Pneumonectomy – <i>Dr. Wright</i>
10:30 a.m. Thoracoscopic Segmentectomy – <i>Dr. Swanson</i>	10:45 a.m. Extrapleural/Pneumonectomy – <i>Dr. Sugarbaker</i>
10:45 a.m. Open Segmentectomy – <i>Dr. Wood</i>	11:00 a.m. Complications: Best Ways to Avoid and How to Handle Difficult Ones – <i>Dr. Putnam, Jr.</i>
11:00 a.m. Complications: Best Ways to Avoid and How to Handle Difficult Ones – <i>Dr. Fernando</i>	11:15 a.m. Panel Discussion <i>Drs. Jones, Meyers, Putnam, Jr., Sugarbaker, and Wright</i>
11:15 a.m. Panel Discussion <i>Drs. Fernando, Luketich, Swanson, and Wood</i>	11:45 a.m. Lunch: How Can NCCN Guidelines, NSQUIP, and the STS Database Improve your Outcomes and Efficiency of Care? – <i>Dr. Naunheim</i>
11:45 a.m. Lunch: My Best Care Path for VATS Lobe: You Will Not Miss What You Do Not Need – <i>Dr. McKenna</i>	Session VII: SBRT Moderator: Dr. Meyers
Session III: Surgery for 3A – B Disease Moderator: Dr. Patterson	1:00 p.m. Comparing Outcomes of SBRT to Outcomes of Surgery – <i>Dr. Crabtree</i>
1:00 p.m. Restaging After Induction Therapy – <i>Dr. Keshavjee</i>	1:15 p.m. Current Trials Comparing SBRT to Surgery: Should you be Involved? – <i>Dr. Meyers</i>
1:15 p.m. Role of Resection for Persistent N2 Disease – <i>Dr. Bueno</i>	1:30 p.m. Economics of SBRT and Lung Cancer – <i>Dr. Naunheim</i>
1:30 p.m. Bronchial Sleeve - Arterioplasty Following Induction Therapy – <i>Dr. Wood</i>	1:45 p.m. Tissue Diagnosis and Staging for SBRT – <i>Dr. Yasufuku</i>
1:45 p.m. Pneumonectomy Post Induction Therapy – <i>Dr. Putnam, Jr.</i>	2:00 p.m. Strategies for Treating Failed SBRT Patients – <i>Dr. Luketich</i>
2:00 p.m. Surgery for N3 Disease – Dr. Walsh	2:15 p.m. Panel Discussion <i>Drs. Crabtree, Luketich, Meyers, Naunheim, and Yasufuku</i>
2:15 p.m. Panel Discussion <i>Drs. Bueno, Keshavjee, Putnam, Jr., Walsh, and Wood</i>	2:45 p.m. Break
2:45 p.m. Break	Session VIII: Video/Case Presentations Moderator: Dr. Swanson
Session IV: “Can you Make an Inoperable Tumor Operable – the Role of Induction Chemo and RadioTherapy in Lung Cancer” Moderator: Dr. Keshavjee	3:15 p.m. Management of Intraoperative Bleeding: VATS/Robot
3:15 p.m. Imaging Tips Regarding Evaluation and ReEvaluation of Invasion of Critical Structures – <i>Dr. Sugarbaker</i>	3:30 p.m. VATS Sleeve Resection
3:30 p.m. Restaging the Primary Tumor – <i>Dr. Wright</i>	3:45 p.m. VATS after Thoracotomy
3:45 p.m. Pancoast Resection – <i>Dr. Patterson</i>	4:00 p.m. Treatment of Space and Air Leak at Time of Resection
4:00 p.m. Resection of T4 Tumors – <i>Dr. Keshavjee</i>	4:15 p.m. My Worst Complication
4:15 p.m. En-Bloc Vertebrectomy – <i>Dr. Walsh</i>	4:30 p.m. Biggest Stapler Mishap
4:30 p.m. Panel Discussion <i>Drs. Keshavjee, Patterson, Sugarbaker, Walsh, and Wright</i>	5:00 p.m. Adjourn
5:00 p.m. Adjourn	

Faculty

Raphael Bueno, MD, FACS
Associate Chief, Division of Thoracic Surgery
Brigham and Women’s Hospital; Professor of Surgery, Harvard Medical School

Traves D. Crabtree, MD
Assistant Professor, Washington University School Of Medicine

Thomas A. D’Amico, MD
Professor and Vice Chairman of Surgery, Chief, Section of General Thoracic Surgery, Program Director, Thoracic Surgery, Duke University Medical Center

Todd L. Demmy, MD, FACS
Clinical Chair, Department of Thoracic Surgery, Professor of Oncology, Roswell Park Cancer Institute, Associate Professor of Surgery, School of Medicine and Biomedical Sciences, State University of New York at Buffalo

Hiran C. Fernando, MD, FACS
Director, Center for Minimally Invasive Esophageal Surgery, Associate Professor of Cardiothoracic Surgery, Cardiothoracic Surgery Center for Thoracic Oncology, Boston University School of Medicine, Boston MA

Bruce E. Johnson, MD
Director, Lowe Center for Thoracic Oncology, Dana-Farber Cancer Institute; Professor of Medicine, Harvard Medical School

David R. Jones, MD
Professor of Surgery and Biochemistry & Molecular Genetics, Vice- Chair of Clinical Affairs and Quality, Division Chief, Thoracic & Cardiovascular Surgery, University of Virginia

Shaf Keshavjee, MD, MSc, FRCSC, FACS
Surgeon-in-Chief, James Wallace McCutcheon Chair in Surgery, Director, Toronto Lung Transplant Program, Program Medical Director Surgical Services and Critical Care UHN; Director, Latner Thoracic Research Laboratories; Scientist, McEwen Center for Regenerative Medicine; Professor, Division of Thoracic Surgery & Institute of Biomaterials and Biomedical Engineering, University of Toronto

James D. Luketich, MD
Professor of Cardiothoracic Surgery, University of Pittsburgh Medical Center

Robert J. McKenna, Jr., MD
Co-Director and Surgical Director, Women’s Guild Lung Institute, Program Director, General Thoracic Surgery Fellowship, Cedars Sinai Medical Center

Bryan F. Meyers, MD, MPH
Patrick and Joy Williamson Endowed Chair in Cardiothoracic Surgery, Chief, Section of Thoracic Surgery, Washington University School of Medicine

Keith S. Naunheim, MD
Professor, Saint Louis University School of Medicine; Director, Division of Cardiothoracic Surgery, St. Louis University Cancer Center

Mark Onaitis, MD
Associate Professor of Surgery, Duke Cancer Institute

G. Alec Patterson, MD
Evarts A. Graham Professor, Surgery, Chief, Division of Cardiothoracic Surgery, Washington University School of Medicine

Joe B. Putnam, Jr., MD
Ingram Professor of Cancer Research, Professor and Chairman, Department of Thoracic Surgery, Program Director, Thoracic Surgery, Professor of Biomedical Informatics, Vanderbilt University Medical Center

David J. Sugarbaker, MD
Chief, Division of Thoracic Surgery, Brigham and Women’s Hospital

Scott J. Swanson, MD, FACS
Chief Surgical Officer, Disease Center Leader, Surgical Oncology, Professor of Surgery, Brigham & Women’s Hospital; Harvard Medical School Dana Farber Cancer Institute

Garrett L. Walsh, MD
Professor of Surgery, The University of Texas MD Anderson Cancer Center

Douglas E. Wood, MD
Professor and Chief, Division of Cardiothoracic Surgery, Vice-Chair, Department of Surgery, Endowed Chair in Lung Cancer Research, University of Washington

Cameron D. Wright, MD
Professor of Surgery, Division of Thoracic Surgery, Massachusetts General Hospital

Kazuhiro Yasufuku, MD, PhD
Director, Interventional Thoracic Surgery Program, Toronto General Hospital; Assistant Professor of Surgery, University of Toronto
