Making Cancer History®

17th Annual Meeting Collaborative Group of the Americas on Inherited Colorectal Cancer

October 7–8, 2013

Hilton Anaheim, 777 W. Convention Way, Anaheim, California

Goal

Colorectal cancer is one of the most common and preventable cancers affecting American men and women today. As new information and cutting edge approaches to cancer care emerge, it is critical to educate and support the health professionals who apply and evaluate these constant updates to clinical practice. The conference is structured to accomplish this monumental task, gathering health care professionals who care for individuals who have or are at high risk for colorectal cancer and their families. Topics highlight the importance of screening and surveillance, evidence based approaches to new diagnostic techniques, devices, and pharmaceuticals, limitations of current technology, and barriers to the diagnosis and prevention of cancer. Through the use of patient centered decision support tools, the audience will gain experience with current technologies that enhance their ability to diagnose hereditary colon cancer. Genetic, surgical, and pathologic approaches to the diagnosis and management of individuals with hereditary colon cancer are integral to the conference as well.

Educational Objectives

After attending the conference, participants should be able to

- Compare and contrast new genomic testing technologies and prepare to use them effectively in clinical practice (*Knowledge, Competence*);
- Identify clinical decision support tools that can aid in the identification of patients with hereditary colorectal cancer syndromes (*Knowledge*);
- Comprehend and implement universal endometrial cancer screening methods for Lynch syndrome to improve patient outcomes (*Knowledge, Competence, Performance, Patient Outcomes*);
- Apply strategies for increasing the uptake of genetic testing and surveillance for hereditary colorectal cancer among ethnic minorities (*Knowledge, Competence, Performance*);
- Use analytical tools and case examples to provide an appropriate assessment of variants of uncertain significance (VUS) identified through genetic testing (*Knowledge, Competence, Performance*);
- Properly apply evidence-based cancer screening and prevention tools in patients with hereditary colorectal cancer syndromes (*Knowledge, Competence, Performance, Patient Outcomes*);
- Develop a diagnostic or management approach for patients who present with atypical hereditary colorectal cancer syndromes (*Knowledge, Competence*).

Target Audience

This conference will be directed to colorectal and other surgeons, medical oncologists, gastroenterologists, cancer researchers, registry coordinators, genetic counselors, and geneticists, psychologists and other professionals involved in hereditary colorectal cancer.

Educational Methods

Lectures – Panel Discussions – Questions and Answers – Case Studies – Poster Session

Evaluation

A course evaluation form will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

Physician Accreditation/ Credit Designation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of The University of Texas MD Anderson Cancer Center and The Collaborative Group of the Americas. The University of Texas MD Anderson Cancer Center is accredited by the ACCME to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 13.50 *AMA PRA Category 1 Credits™*. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Ethics Credit

The presentation, **Ethical/Legal/Social Issues** has been designated by The University of Texas MD Anderson Cancer Center for 0.25 *AMA /PRA Category 1 Credits™* in medical ethics and/or professional responsibility.

Genetic Counselor CEU's

This event has been submitted to the National Society of Genetic Counselors (NSGC) for approval of Category 1 CEUs. The American Board of Genetic Counseling (ABGC) accepts CEUs approved by NSGC for purposes of recertification. Approval for the requested CEUs and Contact Hours is currently pending.

CME Certificates and Attendance Verification Certificates

Certificates awarding *AMA PRA Category 1 Credit™* or certificates documenting attendance will be distributed to participants when an individual departs the conference. To obtain a CME certificate, physicians must submit a completed evaluation questionnaire and a *CME Verification Form*.

Upon request, a record of attendance (certificate) will be provided on-site to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

Conference Directors

Patrick M. Lynch, MD, JD

Professor, Gastroenterology, Hepatology & Nutrition
The University of Texas MD Anderson Cancer Center
Houston, Texas

Susan K. Peterson, PhD, MPH

Houston, Texas

Deadline For Abstract Submission Is July 15, 2013.

The Collaborative Groups of the Americas on Inherited Colorectal Cancer (CGA-ICC) invites the submission of abstracts regarding clinical, basic science, and/or psychosocial aspects of hereditary colorectal cancer. The goal is to provide a comprehensive update on the status of research and to stimulate collaborations, recruitment of subjects, and ideas for the development of other studies. Authors may submit abstracts of completed work, work in progress, or work presented elsewhere within the past 12 months. All abstracts that are appropriately formatted and contain appropriate content will be accepted for poster or podium presentation. Therefore, meeting and hotel registration is encouraged at the time of abstract submission.

To register, please go to www.mdanderson.org/conferences.

Abstract Submission Instructions:

Abstracts will only be accepted electronically and should be submitted via e-mail to abstract@cgaicc.com. The deadline for receipt of abstracts is 11:59 PM ET on July 15, 2013. All abstracts with appropriate content and formatting will be accepted for poster or podium presentation. Please indicate in your e-mail if you would like your abstract considered only for a poster presentation.

Abstracts will be selected for podium presentation based on scientific merit.

Notification of acceptance for podium and poster presentations will be acknowledge by e-mail in August 2013. Abstracts will be published in the December 2013 issue of the journal, Familial Cancer. Previously published abstracts will be excluded from publication in Familial Cancer.

Abstract Formatting Instructions:

Limit abstracts to one page, typed in 12-point Times New Roman font, single-spaced with one-inch margins, and left justified. Organize the abstract into Background, Methods, Results, and Conclusions. Define all abbreviations. Include the abstract title, full names and institutional affiliations of all authors, and e-mail address of the corresponding author at the top of the abstract. Underline the name of the presenting author. Abstracts must not contain copyrighted material unless permission has been obtained by the author/publisher.

Any questions regarding abstract submission should be directed to admin@cgaicc.com.

The Colon Cancer Challenge Foundation/CGA-ICC Colorectal Cancer Research Scholar Award

Thanks to a generous donation from the Colon Cancer Challenge Foundation (CCCF), the CGA-ICC is pleased to announce the Colorectal Cancer Research Scholar award for the top ranking abstract submitted by a trainee or junior faculty member. This award will be distributed onsite and is intended to provide \$2,000 to cover meeting registration and travel expenses to the 2013 CGA-ICC Conference in Anaheim.

Colorectal Cancer Research Scholar Award Criteria

- The goal of this award is to recognize excellence in translational research focused on the molecular biology of colorectal cancer research. The CCCF has a special interest in the biology of early age of onset and hereditary colorectal cancer. However, research into other areas of colorectal cancer (e.g., novel treatments, innovative minimally invasive screening technologies) will also be considered.
- Trainees (i.e., postdoctoral fellows, residents, and clinical fellows), junior faculty (within one year of first independent faculty appointment), and junior genetic counselors (within one year of completion of training) are eligible to apply.
- Applicants must indicate their interest in being considered for this award at the time of abstract submission, and must be listed as the first author on the abstract.
- Trainees Applicants must provide a letter along with their abstract submission from a mentor, professor, or supervisor confirming their eligibility.
- The abstract must be presented by the award recipient and must be primarily their work.
- Any questions regarding the CCCF Research Scholar Award should be directed to admin@cgaicc.com.

Program

Pre-Conference Session - Cases With the Experts

Jaime Bohl, MD
Carin Espenschied, MS, CGC
Randall W. Burt, MD

President Welcome

Susan K. Peterson, PhD, MPH

Next Gen Sequencing, Whole Genome/Exome Sequencing, and Cancer Gene Panels for Clinicians

Moderator: Brandie Leach, MS, CGC

Whole Genome and Exome Sequencing: Current Knowledge and Applications

Jordan Lerner-Ellis, PhD

Multi-Gene Panels for Hereditary Colorectal Cancer Risk Assessment

Colin Pritchard, MD, PhD

Defining Medically Actionable Incidental Findings

Julianne O'Daniel, MS, CGC

Ethical, Legal and Social Issues

Georgia L. Wiesner, MD

Panel Discussion and Questions

Break

David G. Jagelman, MD Memorial Lecture The Contribution of Registries to GI Cancer Research

Steven Gallinger, MD

Plenary Research Presentations: Session I

Carol A. Burke, MD and Susan K. Peterson, PhD

Lunch (On Your Own)

2:00–3:15	Hereditary Colorectal Cancer and Ethnic Minorities Moderator: Melyssa Aronson, MS, CGC
2:00–2:20	Current Knowledge Regarding African Americans Sonia Kupfer, MD
2:20–2:40	Risk in Hispanic Families Jeffrey Weitzel, MD
2:40–3:00	Barriers to Prevention and Screening Monica Alvarado, MS, CGC
3:00–3:15	Questions and Answers
3:15–3:45	Hot Topics in Clinical Science Randall W. Burt, MD
3:45–4:15	Break

4:15–5:15	Prevention of Cancer in Hereditary Colon Cancer Syndromes Moderator: Matthew F. Kalady, MD
4:15–4:30	Timing of Surgery in MYH and Hamartomatous Polyposis Syndromes Sekhar Dharmarajan, MD
4:30–4:45	Use of Chemoprevention in the Intestine and Beyond Dennis J. Ahnen, MD
4:45–5:00	Evidence Based Approach to Cancer Screening and Surveillance Elena Stoffel, MD
5:00–5:15	Questions and Answers
5:15	Adjourn
5:30–7:00 p.m.	Poster Session and Reception
7:00–9:00 p.m.	Dinner and Lifetime Achievement Award Stephen B. Gruber, MD, PhD

Tuesday, October 8, 2013

7:00–8:00 a.m.	Registration/Coffee Service
8:00–9:30	Plenary Research Presentations: Session II Matthew F. Kalady, MD and Susan K. Peterson, MD, MPH
9:30–10:00	Anne J. Krush Memorial Lecture Universal Testing for Lynch Syndrome Heather Hampel, MS, CGC
10:00–10:30	Hot Topics in Basic Science Stephen B. Gruber, MD, PhD
10:30–11:00	Break

11:00–Noon	Variants of Uncertain Significance Moderator: Deborah Neklason, PhD
11:00–11:15	Analytic Approaches for Variations of Uncertain Significance Sean Tavtigian, PhD
11:15–11:30	Updates and Progress from InSIGHT Thomas K. Weber, MD
11:30–11:45	Clinical Cases and Counseling Challenges Melyssa Aronson, MS, CGC
11:45–Noon	Questions and Answers
Noon–1:00 p.m.	Business Meeting and Lunch (Provided)
1:00–1:30	Hot Topics in Behavioral Science Susan K. Peterson, PhD, MPH
1:30–2:00	EMR-based Clinical Decision Support Tools in Hereditary Colon Cancer Megan Doerr, MS, CGC
2:00–3:00	Concurrent Sessions Session A: Impact of Preoperative Genetic Testing on Surgical Decision Making: Case Presentations Moderator: Sekhar Dharmarajan, MD Panel Discussion: Matthew F. Kalady, MD; Paul E. Wise, MD; Lawrence Rusin, MD; and Timothy M. Geiger, MD Session B: Identifying Lynch Syndrome in Gynecologic Cancer Patients Population-based Testing: MSI and IHC and Pitfalls Moderator: Carin Espenschied, MS, CGC Lecture Topics: Gynecological Cancers – Lynch Syndrome Screening and Cancer Surveillance Sarah Ferguson, MD The Pathology of Hereditary Gynecologic Cancer Blaise Clarke, MD Lynch Syndrome Tumor Testing and Family Risk Assessment in Endometrial Cancer Patients Heather Hampel, MS, CGC
3:00–3:30	Break
3:30–4:00	Video Forum Moderator: Patrick M. Lynch, MD, JD
4:00–4:30	Hereditary Colon Cancer Jeopardy Emcee: Randall W. Burt, MD
4:30	Adjourn
5:00 p.m.	2014 Planning Meeting

Registration Information

On-site registration will be open from 4:00-8:00 p.m. on Sunday, October 6, 2013, and at 6:00 a.m. on Monday, October 7. The conference will begin at 7:00 a.m. on Monday, October 7, and adjourn at 4:30 p.m. on Tuesday, October 8. Advance registration is encouraged as space and materials are limited. Please see registration form for applicable fees.

The deadline for advance registration is September 20, 2013.

There are three ways to register:

1. Mail to: CME/Conference Management – Unit 1381, The University of Texas MD Anderson Cancer Center, P.O. Box 301439, Houston, TX 77230-1439
2. Fax to: 713-794-1724
3. On-line at www.mdanderson.org/conferences

We accept the following forms of payment:

1. Check (payable through U.S. banks only)
2. Money Order
3. Credit Cards (MasterCard, VISA, and American Express)
4. Cash (on-site registration)

A receipt and confirmation letter will be sent to you within ten working days of receipt of your fee.

The full conference registration fee includes the tuition, breaks, Tuesday's lunch, dinner, and poster reception.

Refund/Cancellation Policy:

The registration fee, minus a \$50 administrative handling fee, is refundable if a written request is received on or before September 20, 2013. No refunds will be granted after that date. The request for a registration refund must include the tax identification number of the company or institution if registration was paid by a company or institution check.

The Department of CME/Conference Management reserves the right to cancel activities prior to the scheduled date, if low enrollment or other circumstances make it necessary. Each registrant will be notified remove by mail, e-mail, or the contact numbers as given on the registration form.

In case of activity cancellation, liability of the Department of CME/Conference Management is limited to the registration fee. CME/Conference Management will refund the full registration fee. The Department of CME/Conference Management reserves the right to limit the number of participants in a program and is not responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

For additional information, contact CME/Conference Management at 713-792-2223 or toll free at 866-849-5866.

Special Assistance

Contact the Department of CME/Conference Management at 713-792-2223 or toll free at 866-849-5866 if you have any special dietary or ADA accommodation needs.

Accommodations

- A block of rooms has been reserved for conference attendees at the **Hilton Anaheim Hotel**, 777 W. Convention Way, Anaheim, California.
- Early hotel reservation is suggested.
- Reservations can be made by phone at 800-446-6677 or by website at <https://resweb.passkey.com/go/CGA2013>
- When you make reservations be sure to mention the **Collaborative Group of the Americas Conference** to be assured of receiving the special meeting rate of \$189.00 single or double occupancy. Please add 26.17% California state, local and tourism taxes. Reservations and deposits received after September 15, 2013 will be confirmed if space is available and at current hotel published guest room rates.

Ground Transportation

The hotel is 14 miles from the John Wayne/Orange County Airport. Taxi rates are approximately \$35 one way. Super Shuttle is available at \$13 one way. Reservations can be made at www.supershuttle.com.

The hotel is 35 miles from the Los Angeles International Airport. Taxi rates are approximately \$95 one way. Super Shuttle is available at \$16 one way. Reservations can be made at www.supershuttle.com.

Please let us know what specific topics, issues or questions you wish to see addressed or emphasized in this activity. Fax or e-mail CME/Conference Management. All responses will be forwarded to the Program Chair for consideration.

The University of Texas MD Anderson Cancer Center has implemented a process whereby everyone who is in a position to control the content of an educational activity must disclose all relevant financial relationships with any commercial interest that could potentially affect the information presented. MD Anderson also requires that all faculty disclose any unlabeled use or investigational use (not yet approved for any purpose) of pharmaceutical and medical device products. Specific disclosure will be made to the participants prior to the educational activity.

Agendas are subject to change because we are always striving to improve the quality of your educational experience. MD Anderson may substitute faculty with comparable expertise on rare occasions necessitated by illness, scheduling conflicts, and so forth.

Photographing, audio taping and videotaping are prohibited.

CONFERENCE REGISTRATION - 176700/111408/PS100594
17th Annual Meeting: Collaborative Group of the Americas on Inherited Colorectal Cancer - October 7-8, 2013
