

Painting a Brighter Future for Healthcare
SCAPA Fall CME Conference
October 13-17, 2013 - Wild Dunes Resort - Isle of Palms, SC

Continuing Education

This program is not yet approved for CME credit so we are required to notify you that the total number of approved credits are yet to be determined. However, an outline of the anticipated credits is provided below. The application for CME will be submitted in early August. Notification of approval is anticipated in early September and will be posted on the SCAPA website when received. While we do not anticipate any problems with receiving approval as outlined, full refunds will be provided upon request should approval not be obtained.

PHYSICIAN ASSISTANTS

Conference organizers plan to request 50 hours of AAPA Category I CME credit from the Physician Assistant Review Panel: 24 hours through regular program lectures and 26 hours through workshops with the maximum earnable credit for any single attendee being 39 hours.

NURSE PRACTITIONERS

As an AAPA approved program, this conference will be accepted as continuing education units for nursing.

PHARMACOLOGY

This program includes 13 hours of pharmacology (❖) and 4 hours of controlled substance (■).

ATHLETIC TRAINERS

SCAPA is an approved CE provider for NATABOC.

About the Program

Scheduled around Columbus Day weekend, the SCAPA Fall conference is the perfect opportunity to vacation at one of the nation's premier destinations while avoiding the crowds, heat, and humidity of summer. With average highs in the 70's, lows in the 60's, and the Gulf Stream still comfortable, earning CME credit has never been more enjoyable. The SCAPA program features great speakers, who will present 24 hours of continuing medical education, covering the full spectrum of medical specialties—perfect for primary care, specialty, certifying or recertifying PAs and NPs. Eight workshops are also available for those seeking additional hours and more concentrated instruction.

The Schedule

This schedule is current as of July 26, 2013 and may be subject to change. The most up-to-date schedule and workshop descriptions can be found at www.scapapartners.org.

Community Service Projects

SCAPA gives back to the community! We will host two community service projects during the conference. First, attendees are encouraged to bring school supplies for our third annual school supply drive. Donated supplies will be collected during the conference and distributed to underserved communities throughout the state. Second, attendees will have the opportunity to paint a mural during the conference that will be donated to a local hospital. We hope you will join us by participating in these efforts.
