

PRELIMINARY PROGRAM

AAHKS 23rd Annual Meeting

Advances in Arthroplasty | Sheraton Dallas Hotel, Dallas, Texas

November 8–10, 2013

Program Committee:

- Bryan D. Springer, MD, Chair
- Javad Parvizi, MD, FRCS
- Gregory G. Polkowski II, MD
- John C. Clohisy, MD
- Michael E. Berend, MD
- Scott M. Sporer, MD
- Craig J. Della Valle, MD
- David F. Dalury, MD

Sometimes circles just make sense.

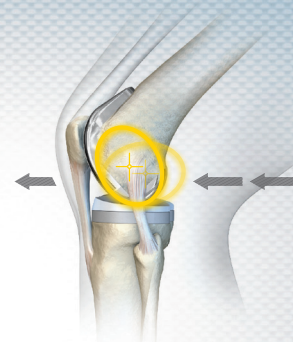

While the femoral components of most knee systems create multiple turning radii during movement, the Stryker Triathlon system is built around a circular, single-radius design. Its rotation is designed to mimic natural knee kinematics, allow for constant ligament balance, and offer enhanced stability throughout the active range of motion.

Knee replacement has finally come full circle.

Ask your Stryker representative for more information, or visit www.getaroundknee.com.

Stryker Triathlon Knee

Traditional Knee Replacement

Get **AroundKnee**™ :: **stryker**®

This communication is strictly intended for healthcare practitioners and should not be distributed to patients. A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery.

The information presented is intended to demonstrate the breadth of Stryker product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.

Stryker Corporation or its divisions or other corporate affiliated entities own, use or have applied for the following trademarks or service marks: GetAroundKnee, Stryker, Triathlon. All other trademarks are trademarks of their respective owners or holders.

Registration Information

The fastest, easiest and most accurate way to register is online at www.aahks.org. You may also complete the attached registration form and fax or mail to the AAHKS office no later than **October 11, 2013**. You can also download the registration form at www.aahks.org.

Housing Reservations

Attendees can book hotel rooms at the Sheraton Dallas Hotel online at <http://tinyurl.com/mzgm3t2> or by calling (888)627-8191. Be sure to mention you are attending the AAHKS Annual Meeting to receive the negotiated rate of \$147 for single or double occupancy.

Goals and Objectives

The AAHKS 23rd Annual Meeting is designed to provide practicing orthopaedic surgeons with state-of-the-art information about the surgical applications and treatment protocols for the diagnosis and management of total hip and knee replacement, and to enhance the care of patients with arthritis and degenerative diseases. Both free paper presentations and interactive symposia will be utilized.

Upon completion of this activity, participants will be able to:

- Update clinical skills and basic knowledge through research findings and biomechanical studies
- Discuss the various surgical and non-surgical treatments and management of conditions related to the hip and knee joints
- Determine indications and complications in total hip and knee arthroplasty
- Critique presentations of surgical techniques and demonstrations of treatment options
- Evaluate the efficacy of new treatment options through evidence-based data

CME Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American Academy of Orthopaedic Surgeons and the American Association of Hip and Knee Surgeons. The American Academy of Orthopaedic Surgeons is accredited by the ACCME to provide continuing medical education for physicians.

Credit Hours

The American Academy of Orthopaedic Surgeons designates this live activity for a maximum of 15 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

THURSDAY, NOVEMBER 7, 2013

5:30 PM–8:00 PM Board of Directors Meeting

FRIDAY, NOVEMBER 8, 2013

7:00 AM–3:00 PM 5th Annual Resident Course Dallas AB

6:00 AM–NOON Poster Set-up Lone Star Foyer

6:55 AM–3:30 PM Orthopaedic Team Member Course Dallas CD

8:00 AM–11:00 AM AAHKS Research Design Course Seminar Room

10:00 AM–NOON Resident Course Breakout 1 State Room 1

Resident Course Breakout 2 State Room 2

Resident Course Breakout 3 State Room 3

Resident Course Breakout 4 State Room 4

Resident Course Breakout 5 San Antonio A

Resident Course Breakout 6 San Antonio B

10:00 AM–8:00 PM Registration

8:00 AM–10:00 AM Improving Patient Outcomes through Advanced Pain Management Techniques

**Sponsored by Pacira Pharmaceuticals*

11:00 AM–1:00 PM Current Advancements in Total Hip Arthroplasty Bearing Technology

**Sponsored by DePuy Orthopaedics*

11:00 AM–1:00 PM Surgical Site Infection in Total Hip and Knee Arthroplasty **Sponsored by ConvaTec*

NOON–1:00 PM Resident's Lunch

NOON–1:00 PM Orthopaedic Team Member Lunch

NOON–5:30 PM Speaker Ready Room

1:00 PM–3:00 PM Resident Course Breakout 1 State Room 1

Resident Course Breakout 2 State Room 2

Resident Course Breakout 3 State Room 3

Resident Course Breakout 4 State Room 4

Resident Course Breakout 5 San Antonio A

Resident Course Breakout 6 San Antonio B

1:30 PM–3:30 PM Achieving ICD-10 Implementation Success
*Presented by Complete Practice Resources
Sponsored by AAHKS*

1:30 PM–3:30 PM ATTUNE™ Stable Motion Experience
**Sponsored by DePuy Synthes Joint Reconstruction*

1:30 PM–3:30 PM Rethinking Total Knee Replacement: Is there room for improvement and innovation?
**Sponsored by ConforMIS*

**Please note that Friday optional mini-symposia are not part of the official program as planned by the AAHKS Annual Meeting Program Committee*

ANNUAL MEETING CONCURRENT SESSIONS ARE OFFERED ON FRIDAY ONLY

DALLAS HALL AB		DALLAS BALLROOM CD	
4:10 PM	Welcome – Bryan D. Springer, MD - Program Chair	4:10 PM	Welcome – Craig J. Della Valle, MD – Education Chair
SESSION ONE Primary Total Knee Arthroplasty		SYMPOSIUM II	Strategies to Promote Efficiency, Cost-Containment and Outcomes in the Modern Era Revision TKA
4:15–5:23 PM	<i>MODERATORS: Brian S. Parsley, MD and William L. Griffin, MD</i>	4:15–5:15 PM	<i>MODERATOR: R. Michael Meneghini, MD</i> <i>Panelist: Giles R. Scuderi, MD, Douglas A. Dennis, MD, Michael J. Taunton, MD, Ryan M. Nunley, MD</i>
4:15 PM	Economic Benefit to the Society at Large of TKA in the Young Patient: A Markov Analysis	SESSION TWO Health Policy/NonArthroplasty	
Paper #1		5:15–6:23 PM	<i>MODERATORS: Mark I. Froimson, MD and Christopher L. Peters, MD</i>
4:21 PM	Younger Age is Associated with a Higher Risk of Periprosthetic Infection and Aseptic Failure after Total Knee Arthroplasty	5:15 PM	Variations in Hospital Billing for Total Joint Arthroplasty
Paper #2		Paper #9	
4:27 PM	Perioperative Morbidity and Mortality of Same Admission Staged Bilateral Total Knee Arthroplasty	5:21 PM	Patients' Willingness to Contribute to Cost of Novel Implants in Total Joint Arthroplasty
Paper #3		Paper #10	
4:33 PM	Rheumatoid Arthritis does not Increase Perioperative Complications following Same Day Bilateral Total Knee Arthroplasty	5:27 PM	Can the Average Total Joint Orthopaedic Surgeon Maintain an Average Income at Medicare Reimbursement Rates?
Paper #4		Paper #11	
4:39 PM	Discussion	5:33 PM	Discussion
4:49 PM	Particles from Vitamin-E-Diffused HXL UHMWPE Induce Less Osteolysis Compared to Virgin HXL UHMWPE in a Murine Calvarial Bone Model	5:43 PM	Prevalence of Radiographic Abnormalities in Senior Athletes with Well-Functioning Hips
Paper #5		Paper #12	
4:55 PM	Barbed vs Standard Sutures for Closure in Total Knee Arthroplasty: A Multicenter Prospective Randomized Trial	5:49 PM	Periacetabular Osteotomy for Acetabular Dysplasia: Are Male Patients at Higher Risk for Secondary Femoroacetabular Impingement?
Paper #6		Paper #13	
5:01 PM	At 5 Years Highly-Porous-Metal Tibial Components Were Durable and Reliable: A Randomized Clinical Trial of 389 Patients	5:55 PM	Genome-Wide Linkage Analysis and Whole Exome Sequencing in a Large Multi-Generation Family Reveal Deleterious Mutations in Severely Affected Individuals with Developmental Dysplasia of the Hip
Paper #7		Paper #14	
5:07 PM	Correlation of Patient Confidence in Attaining Treatment Goals and Outcomes after Knee Arthroplasty	6:01 PM	Periacetabular Osteotomy after Failed Treatment with Hip Arthroscopy
Paper #8		Paper #15	
5:13 PM	Discussion	6:07 PM	Discussion
5:15–6:23 PM	Ask the Experts	GRAND HALL	
	Primary and Revision THA	6:23–8:23 PM	Welcome Reception (All Attendees Invited)
	Primary and Revision TKA	6:23–8:23 PM	Posters/Exhibits Open
	Periprosthetic Joint Infection	7:15–7:55 PM	Senator John Cornyn Political Fundraiser
	State Room 1	8:00 PM	Past President's Dinner
	State Room 2		
	State Room 3		
SYMPOSIUM I	Public Reporting of Complications in TJR's; AAHKS Adds Important Clinical Factors and Improves CMS Risk Methodology		
5:23–6:23 PM	<i>MODERATOR: Thomas K. Fehring, MD</i> <i>Panelist: Susan Odum, PhD, David C. Ayers, MD</i> <i>Patricia D. Franklin, MD, MPH, MBA</i>		

6:00 AM–6:00 PM	Registration
6:00 AM–6:00 PM	Speaker Ready Room
6:00 AM–7:00 AM	Breakfast Buffet in Exhibit Hall
9:30 AM–7:30 PM	Posters/Exhibits Open
6:50–6:55 AM	Program Chair's Welcome – Lone Star Ballroom

SESSION THREE Perioperative Factors and Arthroplasty Outcomes

6:55–7:51 AM	<i>MODERATORS: Brian J. McGrory, MD and William A. Jiranek, MD</i>
6:55 AM Paper #16	Weighted versus Uniform Dose of Tranexamic Acid in Patients Undergoing Primary, Elective Knee Arthroplasty: A Prospective Randomized Controlled Trial
7:01 AM Paper #17	Prospective Randomized Trial Comparing Peripheral Nerve Blocks and Periarticular Injection for Pain Management after Total Knee Replacement
7:07 AM Paper #18	A Comparison of Continuous Femoral Nerve Catheter versus Adductor Canal Block for Postoperative Pain Management Following Total Knee Arthroplasty
7:13 AM	Discussion
7:23 AM Paper #19	Transfer of Hip Arthroplasty Patients Leads to Increased Cost and Resource Utilization in the Receiving Hospital
7:29 AM Paper #20	Are Patient Reported Allergies a Risk Factor for Poor Outcomes in Total Hip and Knee Arthroplasty?
7:35 AM Paper #21	Predictors and Complications of Blood Transfusion in Total Hip and Knee Arthroplasty
7:41 AM	Discussion
SYMPOSIUM III 7:51–8:41 AM	Management Strategies for THA Failure Secondary to Taper Corrosion, Modular Junctions and Metal-on-Metal Bearings <i>MODERATOR: Adolph V. Lombardi, Jr. MD, FACS</i> <i>Panelist: William Griffin, MD, Michael A. Mont, MD, Joshua J. Jacobs, MD, Daniel J. Berry, MD, oung-Min Kwon, MD, PhD</i>

SESSION FOUR Primary TKA

8:41–9:37 AM	<i>MODERATORS: Robert T. Trousdale, MD and Michael P. Bolognesi, MD</i>
8:41 AM Paper #22	Posterior Stabilized versus Cruciate-Substituting Total Knee Arthroplasty: Midterm Results
8:47 AM Paper #23	Radiographic and Technical Factors Associated with Patellar Clunk Syndrome following Posterior Stabilized Total Knee Arthroplasty

8:53 AM Paper #24	Current Data does not Support Routine use of Patient-Specific Instrumentation in Total Knee Arthroplasty
8:59 AM	Discussion
9:09 AM Paper #25	Oxford Phase III Medial Unicompartmental Knee Arthroplasty (UKA): Results of 467 Knees with a Mean 5-year Follow-Up and Analysis of Predictors of Failure
9:15 AM Paper #26	Differences in Short Term Complications between Unicompartmental and Total Knee Arthroplasty: A Propensity Score Matched Analysis
9:21 AM Paper #27	Revising an HTO or UKA to TKA: Is it More Like a Primary TKA or a Revision TKA?
9:27 AM	Discussion
9:37–10:07 AM	BREAK in the Exhibit Hall

SESSION FIVE Primary Hip

10:07–11:03 AM	<i>MODERATORS: Stefano A. Bini, MD and TBA</i>
10:07 AM Paper #28	Trends in Total Hip Arthroplasty in the United States: The Shift to a Younger Demographic
10:13 AM Paper #29	Pain Patterns in Young, Active Patients following Hip Arthroplasty
10:19 AM Paper #30	Assessment of Durability and Function at Minimum 35 Year Follow-Up of THA in Patients 50 and Under
10:25 AM Paper #31	Performance of Highly Cross-Linked Polyethylene in Total Hip Arthroplasty in Young and Active Patients
10:31 AM	Discussion
10:41 AM Paper #32	Direct Anterior versus Mini-Posterior Total Hip Arthroplasty with the Same Advanced Pain Management and Rapid Rehabilitation Protocol: Some Surprises in Early Outcome
10:47 AM Paper #33	Direct Anterior Hip Yields Faster Voluntary Cessation of all Walking Aids in a Randomized Trial
10:53 AM	Discussion
11:03 –11:10 PM	President's Welcome – Thomas K. Fehring, MD
11:10 –12:00 PM	KEYNOTE SPEAKER INTRODUCTION: <i>Kevin J. Bozic, MD, MBA</i> The Future of American Health Care Don Berwick, MD

12:00–12:43 PM LUNCH

SESSION SIX Revision Total Knee Arthroplasty

12:43–1:39 PM	<i>MODERATORS: Rafael J. Sierra, MD and David C. Markel, MD</i>
12:43 PM Paper #34	Mechanically Assisted Taper Corrosion in Modular TKA
12:49 PM Paper #35	Stepped Porous Titanium Metaphyseal Sleeves for Tibial Defects in Revision Total Knee Arthroplasty

12:55 PM Paper #36	Early Clinical Results of Mobile Bearing Revision TKA: A Multicenter Study
1:01 PM	Discussion
1:11 PM Paper #37	Decreased Blood Transfusions Following Revision Total Knee Arthroplasty using Tranexamic Acid
1:17 PM Paper #38	Clinical & Radiographic Outcomes of Cemented vs Diaphyseal Engaging Cementless Stems in Aseptic Revision TKA
1:23 PM Paper #39	Medicare Fails to Compensate the Additional Time and Effort Associated with Revision Arthroplasty: Is Patient Access to Care at Risk?
1:29 PM	Discussion
SYMPOSIUM IV 1:29-2:09 PM	Audience Response – Practice Norms/Trends <i>Jay R. Lieberman, MD</i>
2:09-2:24 PM	Practical Advice from the Legends of AAHKS <i>Lawrence D. Dorr, MD</i> <i>David S. Hungerford, MD</i> <i>James A. Rand, MD</i> <i>Chitranjan S. Ranawat, MD</i> <i>Merrill A. Ritter, MD</i>
AWARDS 2:24-2:54 PM	AAHKS Award Papers MODERATORS: <i>Adolph J. Yates, MD and Stephen J. Incavo, MD</i>
2:24 PM	JAMES A. RAND AWARD Presentation of Award: <i>James A. Rand, MD</i>
2:30 PM	Discussion
2:34 PM	LAWRENCE D. DORR AWARD Presentation of Award: <i>Lawrence D. Dorr, MD</i>
2:40 PM	Discussion
2:44 PM	AAHKS CLINICAL AWARD Presentation of Award: <i>Thomas K. Fehring, MD</i>
2:50 PM	Discussion
3:00 PM-3:25 PM	BREAK
SYMPOSIUM V 3:25-4:15 PM	Perioperative Arthroplasty Management 2013 MODERATOR: <i>William G. Hamilton, MD</i> Panelist: <i>Keith R. Berend, MD, Carl A. Deirmengian, MD, Rafael J. Sierra, MD, Raymond H. Kim, MD</i>

SESSION SEVEN Infection

4:15-5:17 PM	MODERATORS: <i>Michael E. Berend, MD and Mathais P. G. Bostrom, MD</i>
---------------------	---

4:15 PM Paper #40	Positive Culture from the Liquid Medium only after Total Joint Arthroplasty: Is it Reliable?
4:21 PM Paper #41	Diagnosing Periprosthetic Joint Infection: The Era of the Biomarker has Arrived
4:27 AM Paper #42	The Host Response: Toll Like Receptor Expression in Periprosthetic Tissues as a Biomarker for Deep Joint Infection
4:33 PM	Discussion
4:43 PM Paper #43	Prospective, Randomized, Blinded Study to Evaluate the Efficacy of Two Surgical Skin Preparations in Reducing SSI after TJA
4:49 PM Paper #44	Public Reporting of Prosthetic Joint Infections: Do Claims Based Comorbidities Adequately Capture Case-Mix?
4:55 PM Paper #45	Comparison of a Clinically-Derived Prosthetic Joint Infection (PJI) Risk Model and the NHSN Risk Model
5:01 PM Paper #46	Risk Factors for Infection after Hip Arthroplasty: Preventable vs Non-preventable Infection
5:07 PM	Discussion
5:17-6:00 PM	AAHKS Membership Business Meeting <i>(AAHKS Members Only)</i>
6:00-8:00 PM	Reception (All Attendees Invited)

SUNDAY, NOVEMBER 10, 2013

6:00-7:00 AM	Continental Breakfast
6:00-10:00 AM	Registration
6:00-10:00 AM	Speaker Ready Room
SYMPOSIUM VI 7:00-8:00 AM	Periprosthetic Joint Infection: The Current State of Affairs MODERATOR: <i>Javad Parvizi, MD, FRCS</i> Panelist: <i>Bryan D. Springer, MD, Craig J. Della Valle, MD, Thorsten Gherke, MD</i>

SESSION EIGHT Revision Total Hip Arthroplasty

8:00-8:56 AM	MODERATORS: <i>Scott M. Sporer, MD, MS and TBA</i>
8:00 AM Paper #47	Reproducible Fixation with a Modular, Fluted, Tapered Titanium Stem in Revision Hip Arthroplasty at 8-13 Years Follow-Up

8:06 AM Paper #48	Outcomes of Revision Total Hip Arthroplasty: Analysis of a US Based Total Joint Replacement Registry
8:12 AM Paper #49	Revision THA in Obese Patients is Associated with High Reoperation Rates at Short Term Follow Up
8:18 AM	Discussion
8:28 AM Paper #50	Outcomes after Revision of Metal-on-Metal Hip Resurfacing Arthroplasty
8:34 AM Paper #51	Predictive Demographic and Comorbid Factors on Functional Outcomes Following Revision Hip Arthroplasty
8:40 AM Paper #52	Construct Rigidity: Keystone for Reconstructing Pelvic Discontinuity
8:46 AM	Discussion
SYMPOSIUM VII 8:56–9:56 AM	Shifting from Volume to Value: Preparing Your Practice for Healthcare Reform <i>MODERATOR: Kevin J. Bozic, MD, MBA</i> <i>Panelist: John M. Cherf, MD, Arshad Rahim, MD</i>

SESSION NINE Revision Total Hip Arthroplasty/ Primary Total Hip Arthroplasty

9:56–10:58 AM	<i>MODERATORS: David F. Dalury, MD and Thomas P. Vail, MD</i>
9:56 AM Paper #53	Do You Have to Remove a Corroded Femoral Stem?
10:02 AM Paper #54	Adverse Clinical Outcomes in a Primary Modular Neck/Stem System
10:08 AM Paper #55	Aspirin May be Adequate for Prevention of Thromboembolic Events Following Revision Total Joint Arthroplasty
10:14 AM	Discussion
10:24 AM Paper #56	A Randomized Controlled Trial Comparing Wear of Oxinium and Cobalt-Chrome on Standard and Cross-Linked Polyethylene
10:30 AM Paper #57	3 Year Multicenter RSA Evaluation of Vitamin E Diffused Highly Cross-Linked Polyethylene Liners and Acetabular Cup Stability
10:36 AM Paper #58	Stratification of Total Hip Arthroplasty Survival according to BMI as a Continuous Variable
10:42 AM Paper #59	Percent Body Fat more Associated with Perioperative Outcomes after Total Joint Arthroplasty than BMI
10:48 AM	Discussion
10:58 AM	Concluding Remarks
11:03 AM	ADJOURN

Once the award papers are selected the following papers will be entered into the program:

How does Acetabular Component Orientation Change from Supine to Standing in Patients with Total Hip Arthroplasty?

Stress and Strain in the Trunnion with Big Heads: Tribocorrosion Turbocharged

10 Year Follow-Up of Highly Cross-Liked Polyethylene using Radiostereometric Analysis (RSA)

Sheraton Dallas Hotel
400 N. Olive St. Dallas, TX

Mail form with fees to: AAHKS, 6300 North River Road, #615, Rosemont, IL 60018 or fax: 847-698-0704 or email Sharon@aaahks.org. Your payment acknowledges that you understand and agree with the cancellation/refund policy. Full payment must accompany your registration form. AAHKS reserves the right to charge the correct amount if different from the total due listed on the form. **Questions:** Please feel free to contact the AAHKS office at 847-698-1200. **Cancellation Policy:** Cancellations post-marked or received on or before Oct. 11, 2013 are entitled to a full refund minus \$50 administrative fee. No refunds will be granted after Oct. 18, 2013. Requests for refunds must be submitted in writing.

AAHKS
is proud to
announce....

Orthopaedic Team Member Course

This course will cover the diagnoses and treatments of disorders seen by the orthopaedic team specializing in hip and knee reconstruction. It is designed for the non-physician providers who care for these patients. Expert faculty will present diagnostic and radiographic work ups as well as review physical exam, office based procedures and differential diagnoses. Practice types and efficiency will be discussed.

Topics to be discussed: MRI anatomy; Femoracetabular impingement; Injections around the hip and knee; Soft tissue injuries about the hip and knee; Non-arthroplasty options; The painful total knee and hip replacement; Work up of the infected joint replacement; Case based discussions; Protocols and Pathways; Patient education and more.

DATE:

Friday, November 8, 2013 – 6:55am – 3:30pm *(prior to AAHKS Annual Meeting)*

LOCATION:

Sheraton Dallas Hotel – Dallas, TX

COURSE FEE:

\$300 – Course only \$550 – Course and Annual Meeting

TARGET AUDIENCE:

This course has been specifically created for Physician Assistants, Nurse Practitioners, Advanced Practice Nurses, Registered Nurses, Surgical Assistants and Physical Therapists specializing in total joint arthroplasty.

ACCREDITATION:

"This program is approved for 8.0 contact hours of continuing education by the American Association of Nurse Practitioners. Program ID 1307287"

"This program was planned in accordance with AANP CE Standards and Policies and AANP Commercial Support Standards."

This program has been reviewed and is approved for a maximum of 8.25 hours of AAPA Category 1 CME credit by the Physician Assistant Review Panel. Physician assistants should claim only those hours actually spent participating in the CME activity.

This program was planned in accordance with AAPA's CME Standards for Live Programs and for Commercial Support of Live Programs.

INTRODUCING SECUR-FIT[®] ADVANCED

stryker[®]

Proven design, refined.

✓ **Based on clinically proven stem designs**

Offers the confidence of clinical history with OmniFit, Secur-Fit HA, and Secur-Fit Plus¹⁻³

✓ **Refined instrumentation**

Allows for accurate stem seating facilitated by transitional press-fit broach design⁴

✓ **SOMA-designed^{5*}**

Offsets help restore patient biomechanics

To find out **how the fit and fill stem has advanced** contact your Stryker Sales Representative.

***Based on 556 CT scans.**
