21 hours of Hands-On Experience

Corporate Sponsors

Herman Ostrow School of Dentistry of USC
Friday - Sunday, 9:00 a.m. - 5:00 p.m.
June 12 - 14, 2015 (Part I)
June 26 - 28, 2015 (Part II)

★ *Life-Long Tradition and Excellence* ★

Endodontics has gone through many exciting changes in the past several years. Recent advances in technology, materials and equipment have changed the way endodontics is practiced today. These advances have made it possible to efficiently perform successful endodontic treatment with improved precision, predictable results, and with much greater patient acceptance.

This comprehensive state-of-the-art course includes series of seminars and hands-on workshops specially designed for General Dentists who wish to advance their knowledge and clinical skills in the art and science of endodontics. A team of endodontic specialists from the Herman Ostrow School of Dentistry of USC will thoroughly discuss evidence-based clinical and biological concepts of modern endodontic therapy. These experts will walk you, from start to finish, through all the necessary steps and phases that will enable you to enhance the way you practice endodontics so you can provide the best standards of endodontic care to your patients.

During the 3-day hands-on part of this course, you will have the opportunity to apply the principles discussed by the USC team of experts and practice in one of the most advanced facilities in California. You will perform endodontic treatment from start to finish in both single-rooted and multi-rooted teeth and will also practice endodontic retreatment.

Without doubt, this course will be a complete learning experience!

Ilan Rotstein, DDS (Course Director)

Professor of Endodontics and Chair, Division of Endodontics, Orthodontics and General Practice Residency and Associate Dean of Continuing Education at the Herman Ostrow School of Dentistry of USC. Dr. Rotstein has published extensively in the endodontic literature and has lectured nationally and internationally.

Thomas Levy, DDS, MS (Lab Director)

Associate Professor of Clinical Endodontics, Division of Endodontics, Orthodontics and General Practice Dentistry at the Herman Ostrow School of Dentistry of USC. Dr. Levy practiced endodontics in Stockton, California for over 20 years.

Rafael Roges, DDS

Director of the Advanced Education Program in Endodontics at the Herman Ostrow School of Dentistry of USC. Dr. Roges obtained his DDS degree from the University of California in San Francisco (UCSF) and his endodontic certificate from USC. He is a Diplomate of the American Board of Endodontics.

Yaara Berdan, DDS

Assistant Professor of Clinical Endodontics, Division of Endodontics, Orthodontics and General Practice Residency at the Herman Ostrow School of Dentistry of USC. She obtained her DDS degree from the University of California at San Francisco (UCSF) and her endodontic certificate from the University of Illinois at Chicago in 2000.

Daniel Schechter, DDS

Clinical Assistant Professor of Endodontics, Division of Endodontics, Orthodontics and General Practice Residency at the Herman Ostrow School of Dentistry of USC. Dr. Schechter maintained a private endodontic practice for over 20 years in Huntington Beach, California.

Louis Schwarzbach, DMD

Clinical Assistant Professor of Endodontics, Division of Endodontics, Orthodontics and General Practice Dentistry at the Herman Ostrow School of Dentistry of USC. Dr. Schwarzbach maintains a full time private endodontic specialty practice in Northridge, California.

Anthony T. Tran, DDS

Clinical Assistant Professor of Endodontics, Division of Endodontics, Orthodontics and General Practice Dentistry at the Herman Ostrow School of Dentistry of USC. Dr. Tran maintains a private practice limited to Endodontics in Fresno, California. He is a Diplomate of the American Board of Endodontics.

Additional instructors will be present during the hands-on workshops to enhance participant's clinical experience

All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. The Herman Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. The Herman Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.

Limited Time Offer!

Participants will enter a special raffle to win a copy of the world renowned textbook, *Ingle's Endodontics - 6th Edition*, a \$150 value! Winner will be chosen in a random drawing at the first day of the course.

Topics to be covered

- Diagnosis and case selection in endodontics
- Preparation for endodontic treatment
- Current principles of endodontic access
- Canal length determination including electronic apex locators
