

CME Information

The microbiome is one of the most important frontiers in medicine today for practicing gastroenterologists. Learn more about the relationship between microbial health and conditions like IBD and celiac disease; get updated on emerging therapies for C. diff; explore integrative approaches to diagnosing and managing SIBO; and become familiar with state of the art testing for microbial imbalance. Our expert faculty will discuss the latest research and guidelines and provide practical tools for managing patients with dysbiosis.

This one-day symposium will address state-of-the-art multidisciplinary management and care of difficult and complicated disorders such as pancreatobiliary, esophageal and other gastrointestinal diseases. The optimal method to diagnose and treat these problems requires a multimodality approach. Perspectives from endoscopy, pathology, surgery, medical oncology, radiation medicine, genetic assessment and counseling of “high-risk” patients will be presented.

Learning Objectives

- Recognize the role that Barrett’s Esophagus plays in relationship to esophageal cancer and discuss the ways in which endoscopic management can be utilized.
- Analyze the different endoscopic and surgical techniques available in the treatment of early esophageal cancer and problematic gastroesophageal reflux disease (GERD).
- Recognize the genetic and environmental triggers for pancreatic cancer and discuss the new surgical and endoscopic techniques that are available in the treatment of pancreatic cancer.
- Become familiar with the newer direct acting antiviral (DAA) regimens for treating chronic hepatitis C.
- Recognize the risk factors and genetics behind cholangiocarcinoma and consider the role that liver transplantation plays in the management and cure of cholangiocarcinoma.

Target Audience

This conference is intended for gastroenterologists, surgeons, oncologists, radiation oncologists, internal medicine physicians, residents and fellows, nurse practitioners, registered nurses, and physician assistants.

CME Accreditation

MedStar Georgetown University Hospital is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CME Designation

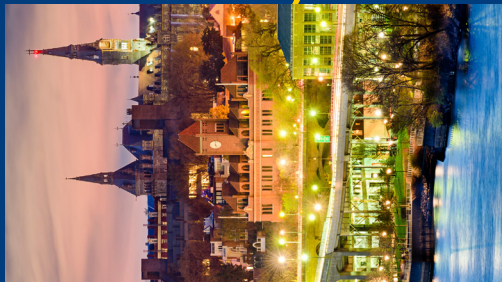

MedStar Georgetown University Hospital designates this live activity for a maximum of 5.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The 12th Annual Georgetown Meeting on Gastrointestinal Endoscopy, Foregut & Pancreatobiliary Surgery

March 12, 2016

The Ritz-Carlton | Washington, DC

Agenda

7:15 AM	Registration and Breakfast	11:00 AM	Advances in Therapies for Hepatitis C - The C Now Stands for Cure! <i>James H. Lewis, MD</i>
7:50 AM	Welcome and Introduction	11:20 AM	Surgical Management of Cholangiocarcinoma <i>Thomas M. Fishbein, MD</i>
SESSION I: Pancreas <i>Moderator: John L. Marshall, MD</i>			
8:00 AM	Update on Techniques in Pancreas Surgery <i>Lynt B. Johnson, MD</i>	11:40 AM	Panel Discussion <i>Moderator: David E. Fleischer, MD</i> <i>Panelists: J. Carroll, T. Fishbein, D. Fleischer, P. Jackson, J. Lewis</i>
8:20 AM	CCK Receptors and Pancreatic Cancer <i>Jill P. Smith, MD</i>	12:00 PM	Lunch
8:40 AM	New Endoscopic Techniques in Pancreatobiliary Diseases <i>Nadim G. Haddad, MD</i>	SESSION III: The Gut Microbiome - What Healthcare Professionals Need to Know <i>Moderator: Robynne Chutkan, MD</i>	
9:00 AM	Autologous Islet Cell Transplant in Patients with Chronic Pancreatitis <i>Chirag S. Desai, MD</i>	12:50 PM	Gut Microbiome 101 <i>Robynne Chutkan, MD</i>
9:20 AM	Panel Discussion <i>Moderator: John L. Marshall, MD</i> <i>Panelists: C. Desai, N. Haddad, L. Johnson, J. Smith</i>	1:10 PM	FMT, C. Diff and IBD: An Update <i>Mark C. Mattar, MD</i>
9:40 AM	Break	1:30 PM	What Should We Be Feeding Our Microbes? <i>Elizabeth Lipski, PhD</i>
SESSION II: Esophagus and Liver <i>Moderator: David E. Fleischer, MD</i>			
10:00 AM	Barrett’s Esophagus: To Eradicate or Observe? <i>David E. Fleischer, MD</i>	1:50 PM	Small Intestine Bacterial Overgrowth <i>Gerard E. Mullin, MD</i>
10:20 AM	Early Esophageal Cancer: Ablation & EMR <i>John E. Carroll, MD</i>	2:10 PM	Diagnostic Testing for Dysbiosis <i>Robynne Chutkan, MD;</i> <i>Gerard E. Mullin, MD</i>
10:40 AM	New Surgical Treatment Options for Problematic GERD <i>Patrick G. Jackson, MD</i>	2:30 PM	Panel Discussion <i>Moderator: Robynne Chutkan, MD</i> <i>Panelists: E. Lipski, M. Mattar, G. Mullin</i>
		2:50 PM	Closing Remarks

Registration

Registration Fees	
Physician	\$250
Advanced Practice Clinician	\$100
Nurse	\$100
Allied Health Professional	\$100
Resident/Fellow	\$50

Online Registration Preferred
Please visit our secure website at <http://CME.MedStarWashington.org/GIDisease> for updated program and registration information. We are unable to accept registrations or cancellations by telephone. If you wish to pay your registration fee by check, please download and print a registration form and mail it to the address on the registration form with your check.

All registrations will be confirmed by email only. Please use an email address that you check regularly. If you have questions regarding registration or do not receive an email confirmation of your registration within 1-2 business days, please contact us at WHCCME@gmail.com or 202-877-8220.

Cancellation Policy
Cancellations made in writing by January 29, 2016 will be subject to a 50% penalty. No refunds will be given after January 29, 2016. Cancellations will not be accepted by telephone. In the unlikely event that the course is canceled, MedStar Washington Hospital Center will refund the registration fee, but is not responsible for any travel costs.

Please call (202) 877-8220 or email WHCCME@gmail.com if you any questions or need any additional information.

Venue

The Ritz-Carlton, Washington, DC
1150 22nd Street, NW, Washington, DC 20037
Phone: 202-835-0500; **Web:** <http://www.ritzcarlton.com/en/Properties/WashingtonDC>

Special Assistance
MedStar Georgetown University Hospital wishes to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently from other individuals because of the absence of auxiliary aids or services identified in the Americans with Disabilities Act. Please contact (202) 877-8220 to notify us of your needs.
