

# SAR 2016 ANNUAL SCIENTIFIC MEETING AND EDUCATIONAL COURSE

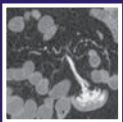

## Six Hands-on Workshops!

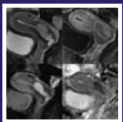

CT Colonography

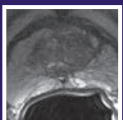

Dual Energy CT

Advanced Small Bowel  
Imaging

Advanced Female Pelvic MRI

Introductory and Advanced  
MRI Techniques of the Prostate

Nationally and Internationally Recognized  
Abdominal and Pelvic Imaging Experts

Practical Material Concerning Issues in  
Abdominal and Pelvic Imaging

169 Workshops Covering a Broad Range of  
Abdominal and Pelvic Imaging Topics

Five Self-Assessment Modules

Up to 49.75 AMA PRA Category 1 Credits™

# SAR

# PROGRAM INFORMATION

## COURSE DESCRIPTION AND OBJECTIVES

The SAR 2016 Annual Scientific Meeting and Educational Course represents the Society's major educational endeavor, which brings together outstanding educators for a program highlighting:

- Use of new and emerging technologies in the imaging diagnosis of abdominal and pelvic pathology
- Problem solving for common issues in abdominal and pelvic imaging with practical solutions
- Extensive small group workshop presentations allowing registrants to individualize educational content

The course format utilizes didactic lectures, general interest presentations, panel discussions, technical displays and interactive workshops in a mix that optimizes the educational opportunities for registrants. The Scientific Paper Sessions will be open to all Society members. Numerous educational and scientific posters spanning all aspects of abdominal imaging will be available to all course participants for study throughout the meeting. Designed primarily for radiologists in practice and in training, this course will also benefit all physicians who care for patients with gastrointestinal and genitourinary diseases.

### At the conclusion of the course, registrants should be able to:

1. Apply the most up-to-date and practical information for imaging diagnosis and intervention in common abdominal problems
2. Appropriately implement new and emerging techniques in abdominal and pelvic CT, MR, US and PET
3. Successfully manage common problems encountered in performing everyday abdominal examinations
4. Understand the newest topics and results in clinical research in abdominal radiology

## CONTINUING MEDICAL EDUCATION

The Society of Abdominal Radiology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Society of Abdominal Radiology designates this live educational activity for a maximum of 49.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The breakdown of AMA PRA Category 1 Credits™ is as follows:

SAR Scientific Paper Sessions – 5 AMA PRA Category 1 Credits™

Educational Course – 26.75 AMA PRA Category 1 Credits™

CT Colonography Hands-on Workshop – 15 AMA PRA Category 1 Credits™

MRI Techniques of the Prostate Hands-on Workshops (Beginner and Advanced) – 2 AMA PRA Category 1 Credits™ each

Advanced Female Pelvic MRI Hands-on Workshop – 2 AMA PRA Category 1 Credits™

Advanced Small Bowel Imaging Hands-on Workshop – 4 AMA PRA Category 1 Credits™

Dual Energy CT Hands-on Workshop – 3 AMA PRA Category 1 Credits™

Please note that as sections of this program are concurrent, if all educational activities are attended, the maximum number of AMA PRA Category 1 Credits™ that can be earned is 49.75.

## WORKSHOP AND SELF-ASSESSMENT MODULE INFORMATION

Workshop sessions will be offered Tuesday and Thursday in a small group format. The program offers 169 workshops covering a broad range of practice management, and abdominal and pelvic imaging topics. **Continued this year is an Essentials**

**Workshop Track: GI Topic – Luminal GI Tract and GU Topic – Urinary Imaging.** The goal of this track is to give participants a comprehensive overview appropriate for maintenance of certification in GI and GU. Between the 2015 and 2016 meetings, 13 GI and 13 GU topics will be covered. Special workshop tracks are identified by a coding system detailed within the brochure program in order to simplify your workshop selection process.

The Self-Assessment Modules (SAM) presented in this activity on Comprehensive Image-guided Intervention for the Abdominal Radiologist, Imaging of the Acute Abdomen in Pregnancy, Mastering the Hepatopancreaticobiliary Tumor Board, Pancreas Update: Emphasis on MRI, and Renal Tumor Imaging, Biopsy and Therapy have been qualified by the Society of Abdominal Radiology in meeting the criteria for self-assessment toward the purpose of fulfilling requirements in the ABR Maintenance of Certification Program. If you wish to register for a SAM, you must submit a fee of \$35 for each SAM, even if you do not wish to receive SAM credit. This fee covers the production costs associated with the SAMs.

## PLENARY PROGRAM HIGHLIGHTS

- Incidental Findings 2016 – Now What?
- Prostate Cancer MR: What You Need to Know in 2016
- Women's Imaging Updates
- Ultrasound Rebirth 2016
- Fun Cases for Aces – Interactive Case-based Session
- Neuroendocrine Tumors: Unravelling the Mystery
- Cirrhosis and HCC Update
- Pitfalls in Radiology: Biggest Mistakes I've Made
- Unknown Case Panel – Hear What the Experts Have to Say on the Spot!
- In-Camera Session – Healthcare Reform & Radiology: Real Solutions You Can Use Now

## WORKSHOP PROGRAM HIGHLIGHTS

- Five Self-Assessment Modules Approved for SAM Credit
- Special Highlighted Workshop Tracks including CTC, Dual Energy CT, Female Pelvic MRI, Leadership and Business, Small Bowel Imaging, Ultrasound and an Essentials Workshop Track: GI Topic – Luminal GI Tract and GU Topic – Urinary Imaging
- 169 Workshops Covering a Broad Range of Practice Management, and Abdominal and Pelvic Imaging Topics

### CT Colonography Hands-on Workshop

*(Additional Registration Required)*

- 1.5 days of Hands-on Training, Separate Buttonology Session, and Testing Module
- Work with the CTC Experts – Intensive Supervised Review of at Least 50 CTC Cases
- Extensive Review of the Appearances of Polyps and Cancers
- Tips Provided by Experts for 2D and 3D Problem-solving and Analysis of Pitfalls

### Introductory and Advanced MRI Techniques of the Prostate Hands-on Workshops

*(Additional Registration Required)*

- 2 Hours of State-of-the-Art Lectures and Hands-on Case Review – Offered for both Beginner and Advanced Learners
- Practical Case Studies and Open Discussions Amongst Participants and Experts
- Opportunity for Hands-on Interaction with Various Post Processing Computers

### Advanced Female Pelvic MRI Hands-on Workshop

*(Additional Registration Required)*

- 2-hour Hands-on Case-based Workshop Focused on Adnexal Mass Characterization, Endometrial and Cervical Cancer MR Imaging
- Independent and Expert Guided Review of Cases on Provided Workstations for Optimal Learning
- Practical and Open Discussions Amongst Participants and Experts

### Advanced Small Bowel Imaging Hands-on Workshop

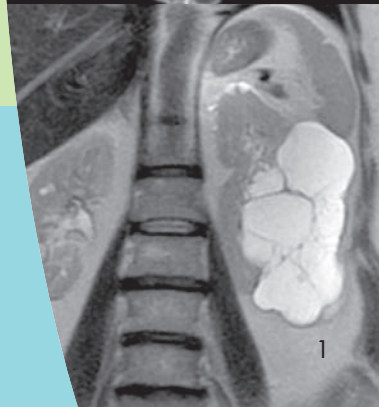

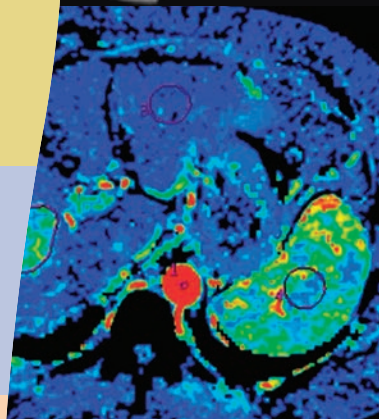

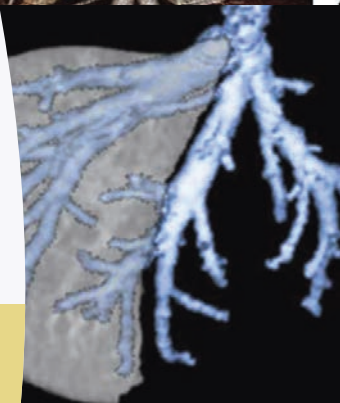

*(Additional Registration Required)*

- Targeted Workshop Track of Six Introductory Lectures
- Comprehensive Overview of US, CT and MR Techniques for the Evaluation of Small Bowel Disorders with 4 Hours of Hands-on Case Review and Focused Lectures on Clinical Benefits, Interpretation and Nomenclature
- Ample Time for Independent Review of Cases Followed by Additional Case Review with the Experts

### Dual Energy CT Hands-on Workshop

*(Additional Registration Required)*

- Targeted Workshop Track of Seven Introductory Lectures Covering Practical Dual Energy CT Workflow, Applications in Abdominal Imaging, and Solutions to Logistical Hurdles
- 3 Hours of DECT Case Review on Individual Workstations to Improve Dual Energy CT Image Diagnosis

# HANDS-ON WORKSHOP INFORMATION

## SEPARATE FOCUSED WORKSHOP TO MEET EDUCATIONAL NEEDS IN **CT COLONOGRAPHY**

**SUNDAY, MARCH 13 – WEDNESDAY, MARCH 16**

The **CT Colonography Hands-on Workshop** is comprised of intensive and supervised review of at least 50 CTC cases, an initial demonstration of the normal colon, and an extensive review of the appearances of polyps and cancers with tips provided for problem-solving and analysis of pitfalls. An introductory Basic Training - Buttonology session will be held on Sunday, March 13; two essential 30-minute lectures will follow. Hands-on training on individual workstations will be conducted Monday, March 14 and Tuesday, March 15. The workshop will conclude with a testing module including 10 CTC cases on Wednesday, March 16.\*

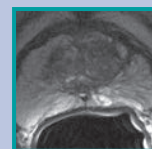

*This workshop would not be possible without the support of GE Healthcare, iCAD, Philips Healthcare, Siemens Healthcare, Viatronix, and Vital Images.*

## SEPARATE FOCUSED WORKSHOPS TO MEET EDUCATIONAL NEEDS IN **PROSTATE MRI**

**MONDAY, MARCH 14**

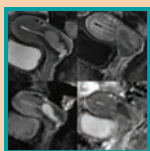

The **MRI Techniques of the Prostate Hands-on Workshops** will include state-of-the-art lectures and hands-on case review. Participants will benefit from practical case studies and open discussions amongst participants and experts. They will also have the opportunity for hands-on interaction with various post processing computers. In order to maximize the opportunity for participation, this workshop will be offered for both beginners and advanced learners in two separate sessions on Monday, March 14.\*

*This workshop would not be possible without the support of Invivo.*

## SEPARATE FOCUSED WORKSHOP TO MEET EDUCATIONAL NEEDS IN **FEMALE PELVIC MRI**

**TUESDAY, MARCH 15**

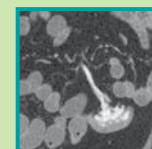

The **Advanced Female Pelvic MRI Hands-on Workshop** is a case-based workshop focused on adnexal mass characterization, endometrial and cervical cancer MR imaging. Participants will benefit from independent and expert guided review of cases on provided workstations for optimal learning. They will also have the opportunity for practical and open discussions amongst other participants and experts.\*

## SEPARATE FOCUSED WORKSHOP TO MEET EDUCATIONAL NEEDS IN **SMALL BOWEL IMAGING**

**TUESDAY, MARCH 15**

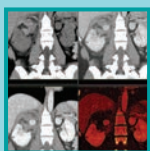

The **Advanced Small Bowel Imaging Hands-on Workshop** is designed to provide a comprehensive overview of US, CT and MR techniques for the evaluation of small bowel disorders with focused lectures on the clinical rationale for and benefits of imaging, interpretation and nomenclature. Following a targeted workshop track of six introductory lectures, registrants will receive 4 hours of hands-on review of case material with Q & A of cases including technique and interpretation. All participants of this workshop must bring a laptop or tablet with internet capabilities to participate.\*

*This workshop would not be possible without the support of Calgary Scientific and Bracco Diagnostics.*

## SEPARATE FOCUSED WORKSHOP TO MEET EDUCATIONAL NEEDS IN **DUAL ENERGY CT**

**THURSDAY, MARCH 17**

The **Dual Energy CT Hands-on Workshop** will provide registrants a dedicated lecture series and hands-on training on vendor specific workstations highlighting Dual Energy CT capabilities and how to establish Dual Energy CT in your practice. Seven 35-minute lectures will cover practical Dual Energy CT workflow, applications in abdominal imaging, and solutions to logistical hurdles. In a separate 3-hour session, registrants will receive hands-on supervised instruction on problem solving individual cases to improve Dual Energy CT image diagnosis.\*

*This workshop would not be possible without the support of GE Healthcare, Philips Healthcare and Siemens Healthcare.*

\*Please note that there is an additional registration fee for the hands-on workshops listed above and participation is limited. You must be an SAR meeting registrant to register for a hands-on workshop.

## DAILY 3/13/16 – 3/18/16

|                   |                                                                            |
|-------------------|----------------------------------------------------------------------------|
| 6:30 AM – 7:30 AM | Continental Breakfast                                                      |
| 6:30 AM – 1:30 PM | Registration and Viewing of Commercial Exhibits, Posters and Unknown Cases |

## SUNDAY 3/13/2016

| SAR Scientific Sessions <i>Coordinators: Hersh Chandarana, MD, Matthew T. Heller, MD and Jonathan B. Kruskal, MD, PhD</i> |                                                                                                         |
|---------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------|
| 6:55 AM – 9:30 AM                                                                                                         | Concurrent Scientific Sessions (Closed to members only)                                                 |
| 9:30 AM – 10:00 AM                                                                                                        | Break                                                                                                   |
| 10:00 AM – 12:30 PM                                                                                                       | Concurrent Scientific Sessions (Closed to members only)                                                 |
| 12:30 PM – 1:30 PM                                                                                                        | SAR Business Meeting and Lunch (Immediately following the Scientific Sessions – Closed to members only) |

| In-Camera Session <i>Moderator: Giles W. L. Boland, MD, FACR</i> |                                                               |                                                                                         |
|------------------------------------------------------------------|---------------------------------------------------------------|-----------------------------------------------------------------------------------------|
| 1:30 PM – 2:30 PM                                                | Healthcare Reform & Radiology: Real Solutions You Can Use Now | Marta Heilbrun, MD; Arun Krishnaraj, MD; Jonathan B. Kruskal, MD, PhD; Sanjay Saini, MD |

## OPTIONAL TRAINING WORKSHOP: Separate registration is required

| CT Colonography Hands-on Workshop |                                                                                   |                    |
|-----------------------------------|-----------------------------------------------------------------------------------|--------------------|
| 2:00 PM – 4:00 PM                 | Hands-on Workstation Buttonology (Open session for hands-on workshop registrants) |                    |
| 4:00 PM – 4:30 PM                 | CTC Focused Lecture: Current Approaches and Controversies in Patient Preparation  | Kevin J. Chang, MD |
| 4:30 PM – 5:00 PM                 | CTC Focused Lecture: Interpretation Strategies                                    | David H. Kim, MD   |

## MONDAY 3/14/2016

| Plenary Session – Incidental Findings 2016 – Now What? <i>Moderators: William W. Mayo-Smith, MD, FACR and Tracy A. Jaffe, MD</i> |                             |                          |
|----------------------------------------------------------------------------------------------------------------------------------|-----------------------------|--------------------------|
| 7:00 AM – 7:20 AM                                                                                                                | Introduction and Overview   | Lincoln L. Berland, MD   |
| 7:20 AM – 7:40 AM                                                                                                                | Liver                       | Richard M. Gore, MD      |
| 7:40 AM – 8:00 AM                                                                                                                | Kidney                      | Stuart G. Silverman, MD  |
| 8:00 AM – 8:20 AM                                                                                                                | Adrenal Imaging             | N. Reed Dunnick, MD      |
| 8:20 AM – 8:40 AM                                                                                                                | Pancreas                    | Jay P. Heiken, MD        |
| 8:40 AM – 9:00 AM                                                                                                                | Adnexa                      | Genevieve L. Bennett, MD |
| 9:00 AM – 9:20 AM                                                                                                                | Question and Answer Session |                          |

| SAR New Horizons Lecture |                                          |                        |
|--------------------------|------------------------------------------|------------------------|
| 9:20 AM – 10:00 AM       | Oncologic Imaging and Precision Medicine | Hedvig Hricak, MD, PhD |
| 10:00 AM – 10:30 AM      | Break                                    |                        |

| SAR Cannon Lecture  |                                         |                       |
|---------------------|-----------------------------------------|-----------------------|
| 10:30 AM – 11:10 AM | CT Colonography: Triumphs and Tragedies | C. Daniel Johnson, MD |

| Plenary Session – Prostate Cancer MR: What You Need to Know in 2016 <i>Moderators: Jelle O. Barentsz, MD, PhD and Bernard F. King, MD</i> |                                                                 |                                |
|-------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------|--------------------------------|
| 11:10 AM – 11:15 AM                                                                                                                       | SAR Prostate Cancer Disease-focused Panel Update                | Bernard F. King, MD            |
| 11:15 AM – 11:30 AM                                                                                                                       | General Overview of Prostate Cancer                             | Daniel J. Margolis, MD         |
| 11:30 AM – 11:45 AM                                                                                                                       | Prostate MR Techniques: Hardware and Pulse Sequences            | Andrew B. Rosenkrantz, MD, MPA |
| 11:45 AM – 12:00 PM                                                                                                                       | PI-RADS 2                                                       | Baris Turkbey, MD              |
| 12:00 PM – 12:15 PM                                                                                                                       | Prostate Cancer: MR's Role in Screening and Active Surveillance | Masoom Haider, MD              |
| 12:15 PM – 12:30 PM                                                                                                                       | MR Staging of Prostate Cancer                                   | Sadhna Verma, MD               |
| 12:30 PM – 12:45 PM                                                                                                                       | Prostate Cancer/PSA Recurrence                                  | Adam T. Froemming, MD          |
| 12:45 PM – 1:00 PM                                                                                                                        | Prostate Cancer: Image-guided Intervention                      | Aytemkin Oto, MD               |

CT Colonography

Dual Energy CT

Female Pelvic MRI

## FRIDAY 3/18/2016

| Plenary Session – Neuroendocrine Tumors: Unravelling the Mystery <i>Moderators: Isaac R. Francis, MBBS and Erik K. Paulson, MD</i> |                                                            |                        |
|------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------|------------------------|
| 7:00 AM – 7:15 AM                                                                                                                  | Pancreas                                                   | Dushyant V. Sahani, MD |
| 7:15 AM – 7:30 AM                                                                                                                  | GI Tract                                                   | Jeff L. Fidler, MD     |
| 7:30 AM – 7:45 AM                                                                                                                  | From OctreoScan to Gallium: The Impact of Targeted Imaging | Thomas A. Hope, MD     |
| 7:45 AM – 8:00 AM                                                                                                                  | Treatment                                                  | Fred T. Lee, Jr., MD   |
| 8:00 AM – 8:15 AM                                                                                                                  | Question and Answer Session                                |                        |

| Plenary Session – Cirrhosis and HCC Update <i>Moderators: Michael P. Federle, MD and Cynthia S. Santillan, MD</i> |                                   |                                 |
|-------------------------------------------------------------------------------------------------------------------|-----------------------------------|---------------------------------|
| 8:15 AM – 8:30 AM                                                                                                 | HCC                               | Mustafa R. Bashir, MD           |
| 8:30 AM – 8:45 AM                                                                                                 | MR Elastography                   | Sudhakar K. Venkatesh, MD, FRCR |
| 8:45 AM – 9:00 AM                                                                                                 | LI-RADS                           | Claude B. Sirlin, MD            |
| 9:00 AM – 9:15 AM                                                                                                 | Liver Ablation                    | David S. K. Lu, MD              |
| 9:15 AM – 9:30 AM                                                                                                 | Assessing HCC Response to Therapy | Hero K. Hussain, MD             |
| 9:30 AM – 9:45 AM                                                                                                 | Question and Answer Session       |                                 |
| 9:45 AM – 10:15 AM                                                                                                | Break                             |                                 |

| Plenary Session – Pitfalls in Radiology: Biggest Mistakes I've Made <i>Moderators: Joel F. Platt, MD and Carolyn L. Wang, MD</i> |                  |                                |
|----------------------------------------------------------------------------------------------------------------------------------|------------------|--------------------------------|
| 10:15 AM – 10:30 AM                                                                                                              | Barium           | Marc S. Levine, MD             |
| 10:30 AM – 10:45 AM                                                                                                              | Liver            | Frank H. Miller, MD, FACR      |
| 10:45 AM – 11:00 AM                                                                                                              | GI               | Perry J. Pickhardt, MD         |
| 11:00 AM – 11:15 AM                                                                                                              | Kidney           | Erick M. Remer, MD             |
| 11:15 AM – 11:30 AM                                                                                                              | Interventions    | Peter R. Mueller, MD           |
| 11:30 AM – 11:45 AM                                                                                                              | Post-op Pitfalls | Aliya Qayyum, MD               |
| 11:45 AM – 12:00 PM                                                                                                              | Overcalls        | Deborah A. Baumgarten, MD, MPH |

## SPECIAL GUEST LECTURERS

**SAR Cannon Lecturer**

C. Daniel Johnson, MD  
Mayo Clinic  
Scottsdale, Arizona

**SAR New Horizons Lecturer**

Hedvig Hricak, MD, PhD  
Memorial Sloan-Kettering Cancer Center  
New York, New York

**ASAR Lecturer**

Seung H. Kim, MD  
Seoul National University Hospital  
Seoul, South Korea

**ESGAR Lecturer**

Jaap Stoker, MD, PhD  
Academic Medical Center  
University of Amsterdam  
Amsterdam, The Netherlands

**ESUR Lecturer**

Marie-France Bellin, MD  
University Paris-Sud  
Paris, France

**Lejla Aganovic, MD**  
San Diego, California

**Sheela Agarwal, MD, MSc**  
Boston, Massachusetts

**Omar Agosto, MD**  
Philadelphia, Pennsylvania

**Mahmoud M. Al-Hawary, MD**  
Ann Arbor, Michigan

**Stephen K. Allison, MD**  
Seattle, Washington

**Marco A. Amendola, MD**  
Coral Gables, Florida

**Sudha A. Anupindi, MD**  
Philadelphia, Pennsylvania

**Hina Arif-Tiwari, MD**  
Tucson, Arizona

**Ryan M. Ash, MD**  
Kansas City, Kansas

**Rizwan Aslam, MD**  
San Francisco, California

**Rama Ayyala, MD**  
New York, New York

**Mark E. Baker, MD**  
Cleveland, Ohio

**Jelle O. Barentsz, MD, PhD**  
Nijmegen, The Netherlands

**Matthew A. Barish, MD**  
Stony Brook, New York

**Carol E. Barnewolt, MD**  
Boston, Massachusetts

**Mustafa R. Bashir, MD**  
Durham, North Carolina

**Tharakeswara K. Bathala, MD**  
Houston, Texas

**Deborah A. Baumgarten, MD, MPH**  
Atlanta, Georgia

**Christopher Beaulieu, MD, PhD**  
Stanford, California

**Spencer C. Behr, MD**  
San Francisco, California

**Marie-France Bellin, MD**  
Paris, France

**Genevieve L. Bennett, MD**  
New York, New York

**Senta M. Berggruen, MD**  
Chicago, Illinois

**Lincoln L. Berland, MD**  
Birmingham, Alabama

**Puneet Bhargava, MD**  
Seattle, Washington

**Priya Bhosale, MD**  
Houston, Texas

**Bijan Bijan, MD, MBA**  
Sacramento, California

**Leonardo K. Bittencourt, MD, PhD**  
Rio de Janeiro, Brazil

**Michael A. Blake, MD**  
Milton, Massachusetts

**Giles W. L. Boland, MD, FACP**  
Boston, Massachusetts

**Amir A. Borhani, MD**  
Pittsburgh, Pennsylvania

**Travis Browning, MD**  
Dallas, Texas

**David H. Bruining, MD**  
Rochester, Minnesota

**Naomi M. Campbell, MB, BCH, BAO**  
New York, New York

**Cheri L. Canon, MD, FACP**  
Birmingham, Alabama

**Dina F. Caroline, MD**  
Philadelphia, Pennsylvania

**Laura R. Carucci, MD**  
Richmond, Virginia

**Melanie P. Caserta, MD**  
Jacksonville, Florida

**Fiona M. Cassidy, MD**  
San Diego, California

**R. Patricia Castillo, MD**  
Miami, Florida

**Hersh Chandarana, MD**  
New York, New York

**Kevin J. Chang, MD**  
Providence, Rhode Island

**Samuel Chang, MD, MS**  
Aurora, Colorado

**Silvia D. Chang, MD, FRCPC**  
Vancouver, British Columbia, Canada

**Victoria Chernyak, MD, MS**  
Bronx, New York

**Kedar N. Chintapalli, MD**  
San Antonio, Texas

**Byung I. Choi, MD**  
Seoul, South Korea

**Lawrence C. Chow, MD**  
Portland, Oregon

**Toshimasa J. Clark, MD**  
Denver, Colorado

**Mary J. Clingan, MD**  
Portsmouth, Virginia

**Fergus V. Coakley, MD**  
Portland, Oregon

**Kevin J. Coakley, MD**  
Springfield, Illinois

**Michael T. Corwin, MD**  
Sacramento, California

**Anil K. Dasyam, MD**  
Pittsburgh, Pennsylvania

**Matthew S. Davenport, MD**  
Ann Arbor, Michigan

**Steven L. Dawson, MD**  
Boston, Massachusetts

**Eduard E. de Lange, MD**  
Charlottesville, Virginia

**Sandeep P. Deshmukh, MD**  
Philadelphia, Pennsylvania

**Terry S. Desser, MD**  
Stanford, California

**Corinne Deurdulian, MD**  
Los Angeles, California

**Manjiri K. Dighe, MD**  
Seattle, Washington

**Jonathan R. Dillman, MD, MSc**  
Cincinnati, Ohio

**Richard K. Do, MD, PhD**  
New York, New York

**Ankur Doshi, MD**  
New York, New York

**Michael Douek, MD**  
Santa Monica, California

**N. Reed Dunnick, MD**  
Ann Arbor, Michigan

**Raymond B. Dyer, MD**  
Winston-Salem, North Carolina

**R. Joshua Dym, MD**  
Bronx, New York

**Steven C. Eberhardt, MD**  
Albuquerque, New Mexico

**Richard L. Ehman, MD**  
Rochester, Minnesota

**David M. Einstein, MD**  
Cleveland, Ohio

**Khaled M. Elsayes, MD**  
Houston, Texas

**Sarah H. Erickson, MD**  
Charlottesville, Virginia

**Randy D. Ernst, MD**  
Houston, Texas

**Michael P. Federle, MD**  
Menlo Park, California

**Fiona Fennessy, MD, PhD**  
Boston, Massachusetts

**David T. Fetzer, MD**  
Dallas, Texas

**Jeff L. Fidler, MD**  
Rochester, Minnesota

**Julia R. Fielding, MD**  
Chapel Hill, North Carolina

**Joel G. Fletcher, MD**  
Rochester, Minnesota

**Bryan R. Foster, MD**  
Portland, Oregon

**Isaac R. Francis, MBBS**  
Ann Arbor, Michigan

**Margaret A. Fraser, MDCM, FRCPC**  
Ottawa, Ontario, Canada

**Adam T. Froemming, MD**  
Rochester, Minnesota

**Alice W. Fung, MD**  
Portland, Oregon

**Alessandro Furlan, MD**  
Pittsburgh, Pennsylvania

**Jurgen J. Futterer, MD, PhD**  
Nijmegen, The Netherlands

**Balaji Ganeshan, PhD**  
London, United Kingdom

**Kristina Gedgaudas-McClees, MD**  
Atlanta, Georgia

**Michael S. Gee, MD, PhD**  
Boston, Massachusetts

**Debra A. Gervais, MD**  
Boston, Massachusetts

**Sangeet Ghai, MD**  
Toronto, Ontario, Canada

**Suzan M. Goldman, MD, PhD**  
Sao Paulo, Brazil

**Marc J. Gollub, MD**  
New York, New York

**Richard M. Gore, MD**  
Evanston, Illinois

**Flavius F. Guglielmo, MD**  
Philadelphia, Pennsylvania

**Alexander R. Guimaraes, MD, PhD**  
Portland, Oregon

**Rajan T. Gupta, MD**  
Durham, North Carolina

**Shiva Gupta, MD**  
Houston, Texas

**Peter F. Hahn, MD, PhD**  
Boston, Massachusetts

**Masoom Haider, MD**  
Toronto, Ontario, Canada

**Ulrike M. Hamper, MD, MBA**  
Baltimore, Maryland

# SPECIAL ACKNOWLEDGEMENTS

## Howard M. Pollack Medalist

**Philip J. Kenney, MD**  
University of Arkansas for Medical Science  
Little Rock, Arkansas

## Walter B. Cannon Medalist

**William W. Olmsted, MD**  
Baltimore Veterans Administration Hospital  
University of Maryland School of Medicine  
Baltimore, Maryland

## GI Lifetime Achievement Awardee

**R. Brooke Jeffrey, Jr., MD**  
Stanford University Hospital  
Stanford, California

## GU Lifetime Achievement Awardee

**Isaac R. Francis, MBBS**  
University of Michigan Health System  
Ann Arbor, Michigan

---

## Officers 2015–2016

---

### President

Judy Yee, MD, FACR  
University of California, San Francisco  
San Francisco, California

### President-Elect

William W. Mayo-Smith, MD, FACR  
Brigham and Women's Hospital  
Boston, Massachusetts

### Secretary-Treasurer

Giles W. L. Boland, MD, FACR  
Massachusetts General Hospital  
Boston, Massachusetts

### First Director-in-Succession

Bernard F. King, MD  
Mayo Clinic  
Rochester, Minnesota

### Second Director-in-Succession

Jonathan B. Kruskal, MD, PhD  
Beth Israel Deaconess Medical Center  
Rochester, Minnesota

### Past President

Deborah A. Baumgarten, MD, MPH, FACR  
Emory University Hospital  
Atlanta, Georgia

### Executive Director

Lynne K. Tiras, CMP  
International Meeting Managers, Inc.  
Houston, Texas

---

## Program Planning Contributors

---

### Educational Program Committee

William W. Mayo-Smith, MD, FACR, Chair  
Brian C. Allen, MD  
Laura R. Carucci, MD  
Silvia D. Chang, MD, FRCPC  
Matthew S. Davenport, MD  
Nicole M. Hindman, MD  
Jean Lee, MD  
William W. Olmsted, MD  
Kumaresan Sandrasegaran, MD  
Myles T. Taffel, MD  
Stefanie Weinstein, MD  
Judy Yee, MD, FACR

### Scientific Program Committee

Jonathan B. Kruskal, MD, PhD, Chair  
Hersh Chandarana, MD, GI Coordinator  
Matthew T. Heller, MD, GU Coordinator  
Fergus Coakley, MD  
Sebastian Feuerlein, MD  
Marc J. Gollub, MD  
Desiree E. Morgan, MD  
Koenraad J. Mortele, MD  
Aytekin Oto, MD  
Elizabeth A. Sadowski, MD  
Andrew D. Smith, MD, PhD  
Baris Turkbey, MD  
Benjamin M. Yeh, MD

### Ad Hoc Scientific and Education Council Advisory Board

Cheri L. Canon, MD, FACR; Joel G. Fletcher, MD; Marcia C. Javitt, MD;  
Erick M. Remer, MD and Benjamin M. Yeh, MD

### CT Colonography Hands-on Workshop Coordinator

Judy Yee, MD, FACR

### Dual Energy CT Hands-on Workshop Coordinator

Benjamin M. Yeh, MD

### Female Pelvic MRI Hands-on Workshop Coordinators

Yulia Lakhman, MD; Elizabeth A. Sadowski, MD and  
H. Alberto Vargas, MD

### Prostate MRI Hands-on Workshops Coordinators

Jelle O. Barentsz, MD, PhD and Antonio C. A. Westphalen, MD, PhD

### Small Bowel Hands-on Workshop Coordinators

Mahmoud Al-Hawary, MD and Mark E. Baker, MD

### In-Camera Session Coordinator

Giles W. L. Boland, MD, FACR

### Unknown Case Panel Coordinators

Julia R. Fielding, MD and Koenraad J. Mortele, MD

### Case of the Day Coordinators

S. Zafar Jafri, MD; Ali Shirkhoda, MD and Farnoosh Sokhandon, MD

REGISTER ONLINE AT [WWW.ABDOMINALRADIOLOGY.ORG](http://WWW.ABDOMINALRADIOLOGY.ORG)

A hardcopy registration form is available on the Society website as well. Please note that there is an additional fee of \$20 if you register by mail or fax. Save time and the extra fee by registering online!

In order to receive the discounted member rate for the meeting, a completed application for membership must be received by Friday, January 29, 2016 at 5 PM CST. Visit the Society website for additional information about becoming a member.

**\*Online registration will close Friday, February 26, 2016 at 5 PM CST. After this date, attendees must register on-site and pay on-site registration fees.**

Verification of Resident, Fellow, Technologist, or Student status must accompany registration. Fees must be in U.S. Dollars only, drawn on a U.S. Bank. Please make your checks payable to the Society of Abdominal Radiology. American Express, Visa, MasterCard, Discover and JCB are also accepted. A \$100 administrative fee will be retained if you cancel your registration for any reason. In order to receive a refund of the balance, we must receive written notice by Friday, February 26 at 5 PM CST; thereafter, no refunds will be made.

If you do not receive confirmation of your registration within two weeks of registering, please contact the SAR office by phone at 713-965-0566 or e-mail at [admin@abdominalradiology.org](mailto:admin@abdominalradiology.org).

Registration fees include tuition, syllabus, continental breakfasts, and breaks for meeting participants only. The welcome reception and awards ceremony reception are for meeting participants and their guests.

Please note that the SAR 2016 syllabus will be electronic. If you would like to access the slides during the course, we suggest you bring your own laptop computer or tablet. Complimentary wireless internet access will be available in the meeting space to all meeting participants.

# SOCIAL AND RECREATION ACTIVITIES

## AREA ATTRACTIONS

Photo courtesy of Hawaii Tourism Authority/Tor Johnson

### Island Tours & Activities

Book Island tours & activities with Hilton Grand Vacations. From helicopter rides over active volcanoes and golfing trips to ocean cruises and water sports, a wide choice of options are available to help you make the most of your vacation. For more information, please visit [www.hwtoursandactivities.com](http://www.hwtoursandactivities.com) or call 1-866-931-1679.

Photo courtesy of Hawaii Tourism Authority/Tor Johnson

### Kona Coffee, Markets, & Macadamia Nuts

Visit the plantations of one of the world's rarest coffees and discover why it is so unique. Explore local farmers markets and pick up some delicious fresh island produce or enjoy a fascinating tour of the macadamia nut factory. Contact the hotel concierge at 1-808-886-1234 or [info@hiltonwaikoloavillage.com](mailto:info@hiltonwaikoloavillage.com) for additional information.

Photo courtesy of Big Island Visitors Bureau

### Panaewa Rainforest Zoo

Discover the only natural tropical rainforest zoo in the United States! It is home to an array of animals including a tiger, monkeys, exotic birds and more. Explore other famous sites which feature the island's natural flora, scenic trails and colorful gardens. For more information, please visit [www.hilozoo.com](http://www.hilozoo.com).

### Beaches

Around Hawaii Island, you'll find some of the most picturesque beaches. A diamond in the rough of the surrounding lava, Hapuna Beach State Park's white sands have earned it a reputation as one of Hawaii's finest beaches. The exotic Punalu'u Black Sand Beach is located between Hawaii Volcanoes National Park and the small town of Naalehu, and is often

Photo courtesy of Hawaii Tourism Authority/Tor Johnson

visited by Hawaiian Green Sea turtles. The sandy Anae'ho'omalu Beach has well-maintained ancient fishponds, and the concession there rents windsurfing equipment, and the conditions are normally good for beginners. Anae'ho'omalu Beach is located just a mile from the resort where the sunsets are famous!

## HOTEL HIGHLIGHTS

### Legends of Hawaii Luau – Our Big Island Story

Our Big Island Luau features exotic dance, music, and entertainment for the whole family with hula and fire dancers and a lavish Hawaiian buffet. Indulge in a Hawaiian feast worthy of King Kamehameha!

### Dolphin Quest

Enjoy a magical, up-close and personal encounter at Dolphin Quest, the only dolphin attraction of its kind on Hawaii, the Big Island. Guided by marine mammal experts, you'll be truly captivated and amazed. Programs are available for the entire family.

### Club Keiki

Offering day or night camps, Club Keiki provides a safe and fun environment with diverse programs and activities for children ages 5-12. Crafts, games and water activities are all geared toward a central theme that changes daily. Reservations are required; please call 1-808-886-1234, ext. 1202.

### Kohala Spa at Waikoloa Village

Allow the natural essence of Kohala Spa to provide soothing treatments and rejuvenating therapies. Enjoy pure island ingredients expertly combined with modern techniques, supplying an unforgettable means toward total relaxation. A 15% discount has been negotiated for SAR attendees. For additional information, visit the Society's website at [www.abdominalradiology.org](http://www.abdominalradiology.org).

### Waikoloa Lagoon & Beach

Situated on a rugged stretch of Big Island lava coastline, the ocean-fed lagoon has its own white sand beach. You can rent hydro-bikes, kayaks, or paddleboats and see colorful reef fish and green turtles. Explore an undercover world while snorkeling, or simply laze around in a hammock and enjoy exotic cocktails and snacks from the Lagoon Grill. You can even relax for the day in your own personal cabana at Kona Pool, Kohala Pool, Main Lagoon or along the ocean towards Buddha Point.

Please note that the hotel and area attractions listed above are not organized by the SAR. This information is simply for your reference in planning your trip to Hawaii. Please contact the hotel concierge directly at 1-808-886-1234 with any questions concerning pricing and logistics.

## HOTEL INFORMATION

**Hilton Waikoloa Village**

69-425 Waikoloa Beach Drive  
 Waikoloa, Hawaii, 96738  
 1-808-886-1234 Phone

Feel the spirit of Aloha at Hilton Waikoloa Village, a spectacular oceanfront playground, set on the sunny Kohala Coast of Hawaii, the Big Island. A destination in itself, this impressive property is nestled within 62 acres, offering breathtaking tropical gardens and abundant wildlife. Explore this waterfront resort by air-conditioned trams. Or take a leisurely stroll along flagstone walkways flanked by Polynesian and Asian artwork. Join us and fill each moment of your stay with amazing new experiences.

**Special room rates have been negotiated for participants in the SAR 2016 Annual Scientific Meeting and Educational Course as indicated below:**

**Guest Room Rates:**

Resort View: \$275  
 Partial Ocean View: \$305  
 Deluxe Ocean View: \$325  
 Lagoon Tower: \$385

All rates are for single or double occupancy and do not include applicable Hawaii state and hotel accommodations tax which is currently 13.416% per night. Please visit [www.abdominalradiology.org](http://www.abdominalradiology.org) or call the hotel directly for suite rates and availability. To view descriptions of the various room categories listed above, please visit [www.hiltonwaikoloavillage.com](http://www.hiltonwaikoloavillage.com).

Reservations may be made conveniently online by following the link provided on the Society's website at [www.abdominalradiology.org](http://www.abdominalradiology.org). You may also make your reservations by phone at 1-808-886-1234. When calling, please mention that you will be attending the SAR Annual Scientific Meeting and Educational Course in March of 2016.

The deadline for the group room block is February 12, 2016. Reservations received after this date are guaranteed at the group rate, however, they will be confirmed based upon availability. It is possible that hotel rooms and/or specific categories may sell out prior to February 12; therefore it is strongly recommended that you make your reservation as early as possible. Room rates are available three days prior and following actual meeting dates, subject to availability.

The daily resort fee has been waived, and complimentary fitness center access, self-parking for guests of the hotel, and high speed internet access have also been negotiated for SAR attendees. SAR attendees will also receive discounted valet parking at \$12 per day.

Children 18 years or younger may occupy the same room as their parents at no additional charge. The hotel will also provide one rollaway bed per room for children 18 years or under, at no charge, if required.

A two night room and tax deposit will be required to book your accommodations. Full refunds will be issued if guestroom reservations are cancelled 14 days or more prior to the scheduled arrival date.

Check-in time is after 3:00 pm. Check-out time is 12:00 noon.

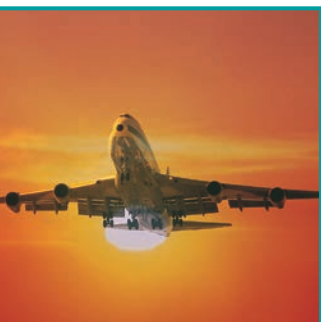

**Alternate Accommodations**

Please contact the SAR Office for information on alternative accommodations at 1-713-965-0566 or [admin@abdominalradiology.org](mailto:admin@abdominalradiology.org).

# TRANSPORTATION INFORMATION

## AIR TRANSPORTATION

United Airlines is the official carrier for the conference. United offers discounts off published fares of 2% to 10% or zone fares. For fare and schedule information and to make your reservations, please visit [www.united.com](http://www.united.com) or call United Airlines Meetings at 1-800-426-1122. Refer to Z Code: ZVFS and Agreement Code: 502722. There will be a \$25 service fee collected, per ticket, for all tickets issued through Meetings Reservations. The service fee is non-refundable and applies to all itineraries, one-way or roundtrip. To avoid a service fee and receive an additional 3% discount on published fares, book your reservations online at [www.united.com](http://www.united.com). Enter your Z code and Agreement Code (without a space) in the offer code box: ZVFS502722.

## GROUND TRANSPORTATION

### Taxi/Shuttle

Getting to Hilton Waikoloa Village is easy with a wide range of transportation options available. Whether you arrive by shuttle, taxi, rental car or limousine, your trip from the airport will be relaxing and hassle-free—and your 'aloha' welcome will be as warm as the Hawaiian sun. The Hilton Waikoloa Village is located a brief 25-minute drive from the Kona International Airport.

Approximate taxi fare from the Kona International Airport to the Hilton Waikoloa Village is \$66 each way. To arrange for private car transportation, the hotel suggests that you contact Laura's Taxi at 1-808-326-5466 or visit [www.laurastaxi.com](http://www.laurastaxi.com).

SpeediShuttle provides door-to-door ground transportation to and from the Kona International Airport. Average shuttle prices are approximately \$55 each way. Incremental fees for additional passengers are only \$2-\$3 per additional person in your group. To make a reservation call 1-877-242-5777 or visit [www.speedishuttle.com](http://www.speedishuttle.com).

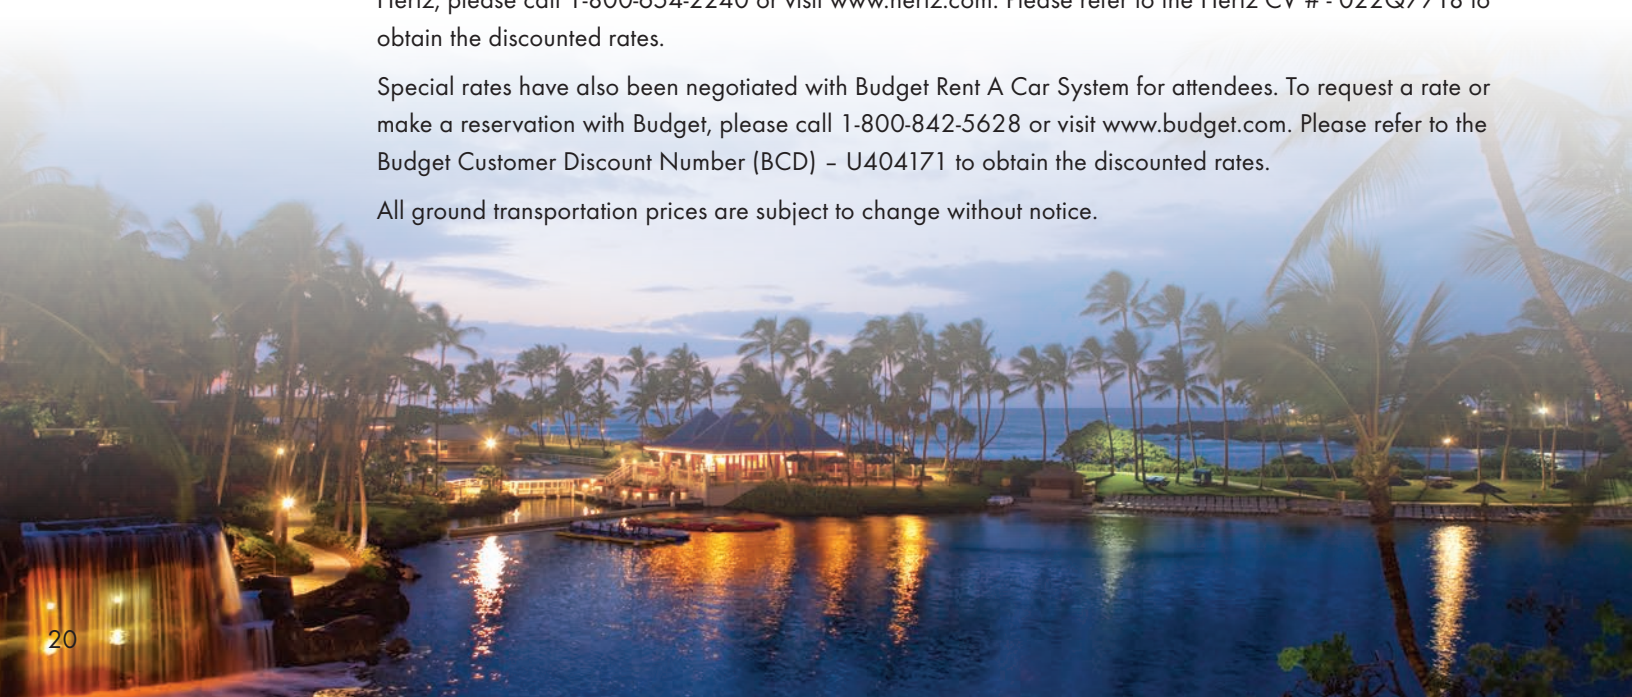

### Rental Cars

Special rates have been negotiated with National Car Rental for attendees. There is a rental desk conveniently located inside the Hilton Waikoloa Village resort. To request a rate or make a reservation with National Car Rental, please call 1-808-886-2821 or visit [www.nationalcar.com](http://www.nationalcar.com). Please refer to National Contract ID (CID) - V0438E to obtain the discounted rates.

Special rates have also been negotiated with Hertz for attendees. To request a rate or make a reservation with Hertz, please call 1-800-654-2240 or visit [www.hertz.com](http://www.hertz.com). Please refer to the Hertz CV # - 022Q7718 to obtain the discounted rates.

Special rates have also been negotiated with Budget Rent A Car System for attendees. To request a rate or make a reservation with Budget, please call 1-800-842-5628 or visit [www.budget.com](http://www.budget.com). Please refer to the Budget Customer Discount Number (BCD) - U404171 to obtain the discounted rates.

All ground transportation prices are subject to change without notice.

## NOT A MEMBER? DON'T DELAY – JOIN TODAY!

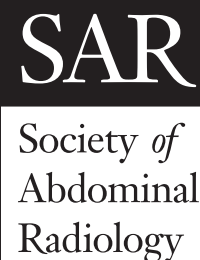

The Society of Abdominal Radiology is one of the largest abdominal radiology societies in the world with almost 1,000 members including a strong international contingent. Among the members are the world recognized thought leaders in this field who are in the forefront of research and publications.

By becoming a member of the SAR, you are eligible to receive the following benefits:

- Discounted registration fee to the Society's Annual Scientific Meeting and Educational Course\*
- Online subscription to *Abdominal Imaging*, the official journal of the Society
- Access to the online searchable member directory, connecting you to almost 1,000 radiologists
- Awards and funding for research projects
- Participation in committees and special programs

*\*In order to receive the discounted member rate for the meeting, a completed application for membership must be received by Friday, January 29, 2016 at 5 PM CST.*

Visit [www.abdominalradiology.org](http://www.abdominalradiology.org) to apply online today!

## THE SAR FUND

The SAR Fund supports the advancement of abdominal radiology research, education and practice. Your generous contribution will enable the SAR to invest in research and education to improve patient care and advance our subspecialty. Your individual gift is very valuable and will strengthen the Society and help assure the future of abdominal radiology. Donations to The SAR Fund may be made in honor of or in memory of a specific individual. We invite you to join your colleagues in making a tax-deductible donation to The SAR Fund today. Each year we recognize all donors on the SAR website and at the Annual Meeting. You will have the opportunity to make a contribution during the online registration process. You can also visit the Society website to make a donation and find additional information about The SAR Fund.

This year The SAR Fund will be used to support four \$1,000 Travel Scholarships for Trainees. These merit-based scholarships will be provided for oral presentation of a scientific abstract at the annual meeting. All abstract submitters have the opportunity to indicate interest in being considered for a scholarship during the initial abstract submission process.
