

The Westin Resort and Spa Located in Whistler Village just yards from the gondolas servicing the slopes of Whistler and Blackcomb mountains, The Westin Resort & Spa is an all-suite, full-service hotel and spa.

Relax in the renowned Avello Spa & Health Club, providing a complete experience for those seeking balance and vitality. Snack and unwind at the FireRock Lounge or dine at The Aubergine Grille, a 150-seat show kitchen restaurant featuring seasonal cuisine prepared by European-trained chefs influenced by the fresh bounty of the Pacific Northwest. Meals at the Westin are as elegant and unpretentious as the mountain scenery.

Deluxe Studio Suites feature an open layout with 1 Queen bed plus a Queen sofa sleeper. Rooms with 2 Queen beds are extremely limited and may be available upon special request only at a higher rate. Other features include a sitting area, fully equipped kitchen, and large windows along with many other amenities to assure a comfortable stay.

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only.

Deluxe Studio Suite: \$309 CAD – Rates plus 15% provincial & local taxes
• Single/Double occupancy
• Each additional guest over double occupancy, age 18+, **add \$30 CAD** per person, per night
• 1 King or 1 Queen Westin Heavenly Bed plus Queen-size pull-out sofa bed

DEPOSIT REQUIRED: Credit card required within 10 days of booking to hold your room. Rate and availability not guaranteed until deposit received. **Full stay plus tax will be charged by hotel 35 days prior to arrival. Credit cards only for hotel payments. Checks are not allowed due to fluctuations in exchange rates.**

CANCELLATIONS: Cancellations of room reservations accepted without penalty until 35 days prior to arrival. **Cancellations received 35 days or less prior to arrival, no shows or early departures will forfeit their entire stay. Hotel policy — no exceptions for any reason. Trip insurance is highly recommended. Please review your reservation for accuracy.**

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Treasure Island, Florida, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, certified registered nurse anesthetists, physician assistants, nurse practitioners, registered nurses and other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesia professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 20 *AMA PRA Category I Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the AANA for 20 Class A CEC; AANA Code #1037050; Expiration Date 3/22/2019.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category I Credit*™ from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category I credit for completing this program.

Registered Nurses: NWAS is an approved provider for the following state nursing boards: Arkansas State Board of Nursing (Provider Number 50-7480), California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), Georgia Board of Nursing (Provider Number 50-7480), and the South Carolina Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.

Whistler Nestled in the spectacular Coast Mountains of British Columbia, just 75 miles north of Vancouver, lies Whistler Resort, a charming alpine village located at the foot of Whistler and Blackcomb Mountains. It all begins with a glorious view of the mountains surrounding you like curtains on an endless natural stage. Come to a magical place that mixes charm with romance and natural beauty with warm hospitality. Consistently ranked the number one mountain resort in North America, Whistler features two majestic mountains, epic skiing and snowboarding conditions, more than 200 shops, as well as over 90 restaurants and bars and Whistler was the host to the 2010 Winter Olympic Games.

Whistler and Blackcomb offer the #1 and #2 highest lift-serviced vertical drop and largest patrolled terrain in North America. Skiers and riders choose from over 200 runs, over 5,000 vertical feet, 12 massive alpine bowls, and more than 8,100 acres of terrain catering to all ability levels.

Try some aerial sightseeing, snowmobiling, ziplining, or any other number of outdoor adventures. But Whistler is more than just a great place for outdoor adventures and winter sports; this town is full of arts and culture and plenty of shopping opportunities.

PASSPORT REQUIRED

FAP (Frequent Attendee Points):

FAP lets you accumulate points based on dollars spent with NWAS including net hotel and tuition booked through NWAS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWAS.

SCHEDULE

Monday, March 18

0630	Registration – Mandatory Sign In – Continental Breakfast	
0655	Welcome	NWAS Staff
0700	Pharmacology Update 2019	C.Brudney
0800	Morbid Obesity and Anesthesia	C.Brudney
0900	Ski Break	
1545	Mandatory Sign In	
1600	Quality and Safety in Healthcare and the OR	W.Wilson
1700	Initial Evaluation and Management of the Traumatized Patient	C.Smith
1800	Adjourn	

Tuesday, March 19

0630	Registration – Mandatory Sign In – Continental Breakfast	
0700	Cervical Spine Injuries and Intubation: Anesthetic Concerns	C.Smith
0800	Musculoskeletal Trauma	C.Smith
0900	Ski Break	
1545	Mandatory Sign In	
1600	Enhanced Recovery: Should This Now Be Standard of Care?	C.Brudney
1700	Allergy and Anaphylaxis	W.Wilson
1800	Adjourn	

Wednesday, March 20

0630	Registration – Mandatory Sign In – Continental Breakfast	
0700	Review of Pulmonary Physiology for the Anesthesia Provider	W.Wilson
0800	Mechanisms of Hypoxemia in Anesthesia and Critical Care	W.Wilson
0900	Ski Break	
1545	Mandatory Sign In	
1600	Anesthetic Considerations for Ocular and Maxillofacial Trauma	C.Smith
1700	Current Concepts in Transfusion Medicine	C.Brudney
1800	Adjourn	

Thursday, March 21

0630	Registration – Mandatory Sign In – Continental Breakfast	
0700	Does It Matter What Fluids I Use in the OR?	C.Brudney
0800	Carotid Endarterectomy? Which Patients Are Having Surgery? Do They Need Special Anesthesia?	C.Brudney
0900	Ski Break	
1545	Mandatory Sign In	
1600	Treatment of Pain Agitation and Delirium in the ICU	W.Wilson
1700	Anesthetic Considerations for Traumatic Brain Injury	C.Smith
1800	Adjourn	

Friday, March 22

0630	Registration – Mandatory Sign In – Continental Breakfast	
0700	Anesthesia for Cardiac Trauma: Part I	C.Smith
0800	Anesthesia for Cardiac Trauma: Part II	C.Smith
0900	Break	
0915	Brain Function Monitoring: Should This Be a Part of Our Standard Monitoring?	C.Brudney
1015	Point-of-Care Ultrasound for the Anesthesia Provider	W.Wilson
1115	Adjourn	

20 CME / 20 Class A CEC / Pharmacology Hours TBD†

Children and non-registered guests are not allowed to attend the lectures. Refreshments served at the meeting are for registered attendees only.
