Conference overview:

This is a two day medical conference on issues around paediatric neuro-development and neurology, packed with information to provide delegates with a practical insight into the issues discussed. The aim of the conference is to bring top quality national and international speakers to deliver a broad content of practice information about a range of neuro-developmental paediatric conditions. The focus is very much on the kind of conditions that are regularly seen in paediatric clinical practice. The event is aimed at consultants, specialist trainees, advanced nurse practitioners and various other therapists and senior nursing staff.

Topics will be related to the following conditions:

To be confirmed....

Previous delegate feedback includes:

It was well-organised, with very interesting well-selected topics; two thoroughly enjoyable learning days.

Overall it was very good and I thoroughly enjoyed it and have gained invaluable knowledge in management of mobility in cerebral palsy.

A very informative day with excellent speakers.

Excellent range of relevant topics and inspiring speakers. Thank you.

Pharmaceutical / medical equipment companies have supported this event through the purchase of an exhibition stand and will be present on the day

SPEAKERS:

We are still waiting for confirmation from some speakers - further details will be announced shortly.

Although we do our best to obtain copies of all presentations we cannot guarantee every copy will be available, this is dependent upon the speakers
