Arthroplasty: Approaches, Complications
and Contemporary Issues**

SURGICAL SKILLS

July 19 – 20, 2018

OLC Education & Conference Center, Rosemont, IL

Scott M. Sporer, MD

Hany S. Bedair, MD

John M. Keggi, MD

Course Directors

**Bring
your
PA!**

Perform the latest techniques in hip reconstruction and enhance your surgical skills!

This intensive, hands-on course provides a current approach to preoperative planning and execution of both primary and revision hip arthroplasty. Spend the majority of the course on Friday in the cadaver lab honing your surgical skills under the guidance of experienced leaders in the field. Learn how to determine the best approach options for primary THA, and improve your decision-making for managing postoperative problems including fracture, dislocation, and infection.

Course highlights include:

- Interact with peers and faculty during small group breakout sessions
- Demonstrations of multiple surgical approaches including direct anterior (with and without specialized tables), direct lateral, and posterior hip approaches
- Planning for outpatient THA

Who should take this course?

Orthopaedic surgeons and physician assistants looking for an update on surgical techniques, as well as those who might benefit from surgical tips and pearls to avoid problems in hip arthroplasty.

THURSDAY, JULY 19

Morning 7:15 am – 12:00 pm

LECTURES

Pre-op Testing and Evaluation: Weight, Smoking, Diabetes, Nutrition, Lab Tests, Urinalysis, Nasal Screening for Staph Colonization, Preoperative Evaluation

Templating Basics

Anti-Coagulation Management

Pain Management

Surgical Approaches

Bearings: Long Term Data/Indications Cross-linked Polyethylene

Long Term Data/Indications Ceramic or MOM Bearings

Stem Selection

SMALL GROUP CASE DISCUSSION

Implant Selection Cases

LECTURES

Outpatient Total Hip Arthroplasty

The Painful Total Hip Arthroplasty

Infection Diagnosis

Infection Treatment

SMALL GROUP CASE DISCUSSION

Infection Cases

LECTURE

Instability

SMALL GROUP CASE DISCUSSION

Q&A

**18 Total Credits of
Category 1 CME**

**Schedule and faculty subject to change.
Details online at aaos.org/3342**

THURSDAY, JULY 19, continued

Afternoon 12:15 pm – 5:10 pm

Working Lunch

PRE-RECORDED VIDEO DEMONSTRATIONS

Posterior Approach

Direct Lateral Approach

Direct Anterior on Specialized Table

Cup Insertion

LECTURES

Principles of Managing Femoral Bone Loss Including Implants

Principles of Managing Acetabular Bone Loss Including Implants

SMALL GROUP CASE DISCUSSION

Femoral and Acetabular Bone Loss Cases

LECTURES

Intraoperative Challenges

Postoperative Complications

Periprosthetic Femoral and Acetabular Fractures

SMALL GROUP CASE DISCUSSION

Periprosthetic Fracture Cases

LECTURE

Metallosis/Trunionosis

SMALL GROUP CASE DISCUSSION

Metallosis/Trunionosis Cases

PUTTING IT ALL TOGETHER: EXPERT PANEL FOR COMPLEX CASES

Q&A

FRIDAY, JULY 20

Morning 8:00 am – 11:30 am

LIVE FACULTY SURGICAL DEMONSTRATION

Direct Anterior on Standard Operating Room Bed

HANDS-ON SURGICAL SKILLS LAB

Primary Total Hip Arthroplasty

Afternoon 11:45 am – 5:05 pm

Working Lunch

Patient Reported Outcomes

Navigation

PRE-RECORDED VIDEO DEMONSTRATIONS

Extended Trochanteric Osteotomy

Modular Stem Insertion

Direct Anterior Revision Osteotomies

Q&A
