CDSA ANNUAL ANESTHESIA MEETING
WED ● MARCH 6 ● 2024
HOLIDAY INN SAN JOSE-SILICON VALLEY

Three Ways To Attend
In Person ▪ Live Stream ▪ On Demand

CDSA programs are designed for general dentists and all dental specialties.
This course provides eight continuing education units for anesthesia permits:
General Anesthesia ▪ Moderate Sedation ▪ Pediatric Minimal Sedation

Hands-On Airway Management Breakouts are for Doctors and Staff

CDSA In Situ Airway Training Video is for Doctors and Staff

CDSA IS THE CALIFORNIA LEADER FOR ALL DENTAL OFFICE ANESTHESIA

Don't Miss These Airway Management Opportunities for Doctors and Staff (See Page 2)
In Person: Register with your staff for a Hands-On Airway Management Breakout
Live Stream and On Demand: Order the CDSA In Situ Airway Training Video for doctors and staff

Mission Statement

CDSA is California's largest not-for-profit society dedicated to sedation practice and anesthesiology in dentistry. Our mission is to provide leadership and resources for the community of dentists and allied health professionals involved in the art and science of anesthesia, sedation, pain and anxiety control for dentistry by promoting and prioritizing safety through evidence-based education, collaboration and research.

CDSA CE Units are Accepted by:
The Dental Board of California for Permit and Certificate Renewal
The Medical Board of California for AMA PRA Category 1 Credit

The California Dental Society of Anesthesiology is recognized by the Dental Board of California as an approved continuing education provider for General Anesthesia, Moderate Sedation and Pediatric Minimal Sedation. Permit No. RP 3727.

www.cdsahome.org

CDSA MEMBER BREAKDOWN	JUNE 2023
Dentist Anesthesiologists	60
Endodontists	14
General Dentists	215
Implantologists	8
MD Anesthesiologists	3
Oral & Maxillofacial Surgeons	440
Pediatric Dentists	28
Periodontists	91
Prosthodontists	6
Total	865

Hands-On Airway Management Breakout Session II or Session III

For Doctors and Staff

Task trainers will be used with supervision by instructors to provide guidance for doctors and their staff.

CDSA Airway Management Coordinator:
Rick Ritt EMT-Paramedic MA.

CDSA Airway Instructors:
Margaret Delmore MD DDS, Thomas Einstein MD, Akshay Govind DMD MD MPH, Mai Phuong Huynh DDS, Roger Kingston DDS, Stanley Malamed DDS, Jerry Mancuso DDS, Shelley Miyasaki DDS PhD, Andreia Minasian Silvera DDS MS, Lenny Naftalin DDS, Christine Quinn DDS MS, Richard Robert DDS MS.

CDSA In Situ Airway Training Video

Practice Simulated Airway Emergencies in Your Office

This Video is a Resource for Staff Training and Turnover

Featuring Rick Ritt EMT-Paramedic MA with Commentary by Richard Robert DDS MS

As you watch the video with your staff, Rick will demonstrate how to perform each airway intervention properly. You will be instructed to stop the video and still images will remain on the screen to serve as a reference as you practice the same airway intervention with your team.

This Course is appropriate for all In-Office Anesthesia Providers:
Oral Sedation/Minimal ▪ IV/Oral Moderate Sedation ▪ General Anesthesia

An added benefit for oral surgeons is its value as preparation for the OBEAM (Office Based Emergency Airway Management) course which will be a requirement for AAOMS membership.

KEYNOTE SPEAKER ROBERT BOSACK DDS

Robert Bosack DDS received his dental degree from Loyola University School of Dentistry, magna cum laude and his advanced training at Cook County Hospital. He practices the full scope of oral and maxillofacial surgery with emphasis on anesthesia and dental implant technology. Dr Bosack is a Diplomate of the American Board of Oral and Maxillofacial Surgery and a Clinical Assistant Professor at the University of Illinois College of Dentistry. He is the 2023 recipient of the *Heidbrink Award*, highest honor from the American Dental Society of Anesthesiology, currently elected to the office of treasurer. Dr Bosack is Founding Chairman of the Dental Patient Safety Foundation; on the Board of Directors for the National Dental Board of Anesthesiology; and Executive Director of Dental Anesthesia Online.

CDSA PRESIDENT GARY CHAN DDS

Gary Chan DDS completed both his OMS residency and dental anesthesiology residency at Loma Linda University School of Dentistry. He is president of the California Dental Society of Anesthesiology and a Director of the National Dental Board of Anesthesiology. He has a private OMS practice in Redlands, California. Dr Chan will moderate and comment on questions from the audience with a roving microphone during Session VI Annual M&M Forum at the CDSA 2024 Annual Anesthesia Meeting.

Alan Felsenfeld MA DDS was appointed to the Dental Board of California by Governor Gavin Newsom. He is the current DBC president. He was editor-in-chief of the Journal of the California Dental Association. He is Senate Emeritus Professor of Clinical Dentistry at the UCLA School of Dentistry.

Robert Merin DDS MS received his dental degree from UCLA; MS in periodontics from Loma Linda. He is past president of the California Society of Periodontists, current board member and program chairman of CDSA, and first author of the Sedation Chapter in Newman and Carranza's Clinical Periodontology.

Lenny Naftalin DDS earned his DDS degree from the Herman Ostrow School of Dentistry of USC. He completed a general practice residency at the VA in West Los Angeles and anesthesia training at the UCLA School of Dentistry. He teaches at UCLA in the dental anesthesia and pediatric dental departments.

Christine Quinn DDS MS received her dental degree from the USC School of Dentistry and her MS in Dental Anesthesiology from The Ohio State University School of Dentistry. She is full-time faculty and Clinical Professor of Dental Anesthesiology at the UCLA School of Dentistry.

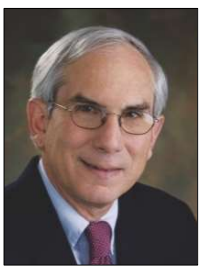

Richard Robert DDS MS is a Clinical Professor in the OMS Residency Program at the University of California Medical Center in San Francisco. He lectures nationally on anesthesia and other topics for AAOMS, ADSA, CALAOMS and CDSA. Dr Robert has a private OMS practice in South San Francisco, California.

Rick Ritt EMT-Paramedic MA is president and consultant for Dental Simulation Specialists. Rick developed this program which provides in-office high fidelity clinical and educational simulation for emergency airway management of the sedated patient. Rick has acute critical care experience as a paramedic for over 40 years.

Gina Salatino DMD graduated from the UNLV School of Dental Medicine and has advanced training in IV Sedation. She has lectured on sedation to various dental groups including the California Society of Periodontists. Dr Salatino in the author of the monograph entitled *Medications for Intravenous Sedation in the Dental Office*.

Bruce Whitcher DDS received his training at UCSF School of Dentistry and completed OMS residency at Harbor-UCLA Medical Center. He was appointed to the Dental Board of California by Governor Arnold Schwarzenegger and was president for two terms. He is dental director of the Noor Dental Clinic in San Luis Obispo, California.
