5th Annual
**Oral & Maxillofacial
Surgery Review**

A comprehensive review of the entire specialty of OMFS suitable for certification exam and recertification exam purposes.

Continuing dental education sponsored by
University of Illinois, College of Dentistry

UIC Department of Oral
UNIVERSITY OF ILLINOIS
AT CHICAGO and Maxillofacial Surgery
COLLEGE OF DENTISTRY

Continuing medical education provider

Pfiedler
ENTERPRISES

Overview:

This educational activity has been designed to provide a review of current medical and surgical treatment options for patients with oral and maxillofacial pathology or trauma. Faculty are comprised of experts who will present the latest developments as well as review essential material that will enable attendees to implement changes in their practice that will improve the quality of patient care. Content will include updates on medicine and anesthesia, pathology and trauma, reconstruction and implants and cosmetic facial surgery. Time will be allotted for discussion and a course syllabus will provide reference materials for future reference.

Target Audience:

This educational activity is designed for oral and maxillofacial surgeons and residents, general dentists, otolaryngologists, and plastic and reconstructive surgeons. The content provides an update and review of essential elements encompassing their practice.

Needs Assessment:

A comprehensive review of oral and maxillofacial surgery is needed to gain information on the latest developments and treatment options which can then be incorporated into practice patterns. Dentists and surgeons are required to expand their knowledge and update care algorithms in a rapidly changing environment. They are also required to take the certification exam or the recertification exam in their specialty.

Practice Gaps:

Advances in the field of oral and maxillofacial surgery present a challenge to the practicing dentist, surgeon and resident. Incorporating evidence-based treatment options that will enhance patient outcomes is required to keep abreast of trends and establish algorithms for care. There is a need to update diagnostic and treatment methods and interpret them effectively, fine tune and expand appropriately.

Objectives:

Upon completion of this course, attendees should be able to:

1. Implement a systems-based approach to obtaining a medical history, performing a physical examination and conducting a pre-operative assessment.
2. Discuss new advancements in the field of anesthesia, specific to patient age, type of anesthetic and potential complications.
3. Describe dentoalveolar and implant surgery, focusing on complications and management, impacted teeth, prosthodontic considerations and principles of osseointegration.
4. Explain patient assessment, orthodontic considerations, surgical procedures and complications and management in orthognathic surgery.
5. Discuss reconstructive surgery for cleft lip and palate, craniofacial surgery, TMJ surgery and cosmetic facial surgery, including preplanning, postoperative management and complications.
6. Review pathology of benign and malignant lesions, odontogenic cysts and tumors, oral cancer and head and neck malignancy.
7. Compare treatment plans specific to management of the mandible, craniofacial and midface trauma.
8. Describe principles of treatment for infections and MRONJ.

Accreditation Dentistry:

The University of Illinois is a recognized ADA CERP provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

ADA CERP® | Continuing Education
Recognition Program

ADA Credit Designation:

UIC CDE designates this activity for **21** continuing education credits.

Accreditation Physician:

Pfiedler Enterprises is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation:

Pfiedler Enterprises designates this live activity for a maximum of **21 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Detailed disclosure will appear in writing and be distributed on-site prior to the course and will also be made verbally prior to the faculty presentation at the live event.

Preliminary Agenda

Saturday, August 8, 2015

7:00 – 7:20 am	Registration and Continental Breakfast/Exhibits
7:20 – 7:30 am	Welcome and Course Introduction <i>Michael Miloro, DMD, MD</i> <i>Antonia Kolokythas, DDS, MS</i>
7:30 – 9:00 am	Medicine • medical history and physical examination • pre-operative assessment • laboratory evaluation • systems-based approach • cardiovascular, pulmonary, endocrine, GI, etc.
9:00 – 9:15 am	Break/Exhibits
9:15 – 10:15 am	Medicine (continued) • systems-based approach
10:15 – 10:30 am	Break/Exhibits
10:30 – 12:30 pm	Anesthesia • adult and pediatric • local anesthesia • intravenous sedation • general anesthesia • inhalation agents • complications
12:30 – 1:30 pm	Luncheon/Exhibits
1:30 – 2:30 pm	Dentoalveolar Surgery • impacted and erupted teeth • complications and management
2:30 – 3:30 pm	Implant Surgery • principles of osseointegration • prosthodontic considerations • adjunctive surgical procedures • complications and management
3:30 – 3:45 pm	Break/Exhibits
3:45 – 5:00 pm	Orthognathic Surgery • patient assessment • orthodontic considerations • surgical procedures • complications and management
5:00 – 5:15 pm	Break/Exhibits
5:15 – 6:30 pm	TMJ Surgery • current diagnostic criteria • imaging modalities • on-surgical and surgical procedures • TMJ pathology • end-stage TMD
6:30 – 7:30 pm	Cleft Lip and Palate/Craniofacial Surgery/DO/OSAS • CL/CP for the non-craniofacial surgeon • epidemiology • treatment planning • common craniofacial syndromes • distraction osteogenesis • OSAS diagnosis and treatment
7:30 pm	Adjourn

Sunday, August 9, 2015

7:00 – 7:30 am	Continental Breakfast/Exhibits
7:30 – 9:00 am	Maxillofacial Pathology • benign and malignant lesions • odontogenic cysts and tumors • nonodontogenic lesions • dermatopathology
9:00 – 9:15 am	Break/Exhibits
9:15 – 10:30 am	Maxillofacial Pathology (continued) • oral cancer and head and neck malignancy • salivary gland disease
10:30 – 10:45 am	Break/Exhibits
10:45 – 1:00 pm	Maxillofacial Trauma • review of ATLS • sequencing pan-facial trauma • management of the mandible • management of craniofacial and midface • the orbit and zygoma • complications
1:00 – 2:00 pm	Luncheon/Exhibits
2:00 – 3:00 pm	Reconstruction • principles of reconstruction • non-vascularized bone grafting techniques • soft tissue reconstructive techniques • microvascular free flaps
4:30 – 4:45 pm	Break/Exhibits
4:45 – 5:45 pm	Infections/MRONJ • anatomy and microbiology • antibiotic therapy • principles of treatment • osteomyelitis/osteoradionecrosis • MRONJ diagnosis and treatment
5:45 – 6:00 pm	Break/Exhibits
6:00 – 7:00 pm	Cosmetic Facial Surgery • clinical patient evaluation • upper-, mid-, and lower-facial surgery • skin rejuvenation procedures • rhytidectomy, blepharoplasty, rhinoplasty • complications and management
7:00 pm	Evaluations/CME Credit Forms/Adjourn

The lecture will be held at:

College of Dentistry

Lecture Hall North, 5th Floor

801 S. Paulina Street • Chicago, IL 60612

Location

The College of Dentistry is located in the Illinois Medical District, southwest of downtown Chicago at 801 S. Paulina St. (at the northwest corner of Polk and Paulina).

How to Get There

By Train: The Chicago Transit Authority (CTA) Pink Line (Cermak/54th or Douglas branch) stops at Polk St., one-half block down from the entrance to the College. The CTA Blue Line stops at the Illinois Medical District stop; get off at the Paulina exit and walk four blocks south through the Rush University campus.

By Bus: The Number 7 Harrison bus, the Number 9 Ashland bus, the Number X9 Ashland Express and the Number 38 Ogden/Taylor and the Number 157 Streeter/Taylor bus all stop nearby.

By Car: Parking is available in structures located at the corner of Taylor and Paulina and Taylor and Wood Streets. Limited parking is also available across the street from the College on Paulina Street. Validation for reduced rates is available to patients in our clinics.

Accommodations

Below is a list of hotels conveniently located for visiting the College of Dentistry.

Marriott Chicago at Medical District/UIC (625 S Ashland) offers a “UIC Guest Rate” and is just three blocks from the UIC College of Dentistry. Reservations or rate inquiries may be made by contacting the hotel directly at 1-800-356-3641.

Best Western Grant Park Hotel (1100 S Michigan) offers a “UIC Continuing Education” special rate for single, double, triple, or quadruple occupancy. Reservations or rate inquiries may be made by contacting the hotel directly at (312) 922-2900.

Chicago Metro (733 W Madison), located in the heart of Chicago’s Greektown, is a Crowne Plaza property that boasts a high-speed internet connection in each room and offers special rates to UIC guests. Reservations or rate inquiries may be made by contacting the hotel directly at 1-800-2-CROWNE.

Registration Fee:

Course registration fee is	\$1500 for Practicing Physicians
	\$750 for residents and military personnel

Course registration covers course materials, breakfast and lunch for two days.

Cancellation policy: Cancellations received in writing up to 15 days in advance of the meeting will receive a refund minus a \$100 processing fee. There will be no refunds for cancellations after that date or for “no-shows”. Please make sure you receive a course confirmation before making travel arrangements.

Pfiedler Enterprises has the right to cancel this activity if necessary. Registered participants will be notified not later than two weeks prior to the scheduled event date and a full refund will be issued.

Pfiedler Enterprises is not responsible for non-refundable airline tickets purchased for this course.
