# FROM THE CHAIR

**WELCOME** to the 2019 Annual Session of the Texas Dental Association - Celebrating Life & Practice.

Come celebrate the 149th annual meeting of the Texas Dental Association (TDA) in San Antonio, May 2-4, 2019 at the Henry B. Gonzalez Convention Center. The Council on the Annual Meeting and Continuing Education Programs and our

professional team have reinvented this year's meeting to create an extraordinary experience for you, the attendee!

This experience begins with a new focal point of the beautiful Atrium in the newly constructed section of the convention center. Our shuttle buses will drop you off here. Registration is here. Our exhibition hall is here. The vast majority of our classes will be located here too, in this new section of the convention center, making it much more convenient for you.

On Thursday afternoon, in the Atrium, we will host for the first time ever, the TDA Soirée Music Festival, generously sponsored by TDA Perks. There will be live music groups as the entertainment, appetizers and cash bar. It kicks off just as happy hour ends in the exhibition hall. Everyone is invited and welcome! It will be quite a celebration, consistent with our 2019 theme: Celebrating Life & Practice!

In addition to these innovations, we have a number of new program additions to enhance your experience. There will be an Educational Theater with innovative demonstrations and 2 classrooms for express CE in the new exhibit hall. On Thursday, we will host the 3rd annual Women in Texas Dentistry Leadership Event, focused on entrepreneurship, followed by the Rising Stars of the Lonestar State - New Dentist Program, focusing on young dentists who have experienced great success early in their career.

This year's program is bringing you the best of the best that dental education has to offer. Our clinical educators are teaching the latest leading edge concepts in all areas. In addition, this year we will have more opportunities for all team members than ever before. All of our programs are designed to help you create a more successful and rewarding 2019.

We hope to see you in San Antonio this May for a great Celebration of Life & Practice!

Please visit [tdameeting.com](http://tdameeting.com) for all registration and schedule information.

**Edwin "Mac" McDonald, DDS**  
2019 Scientific Chair

## TDA is an ADA CERP Recognized Provider

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve nor endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

TDA designates each educational course for a specified number of CE units.

Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at [ada.org/cerp](http://ada.org/cerp).

**ADA CERP®** | Continuing Education  
Recognition Program

## COURSE DISCLAIMERS

The Texas Dental Association (TDA) makes every effort to present high caliber speakers in their respective areas of expertise. Seminars of the TDA are offered as information only and not as financial, accounting, legal, or other professional advice. Attendees must consult with their own professional advisors for such advice. The ideas and comments expressed during the seminars are not necessarily endorsed by or those of the TDA.

All participants are cautioned about the risks of using new techniques, especially in courses that have not provided them with supervised clinical experience. **All programs may be subject to change due to circumstances beyond our control.**

## CELEBRATING LIFE & PRACTICE!

- **Discounted Parking with Free Shuttle Service** - Get to and from the Alamodome "Lot B" and the Henry B. Gonzalez Convention Center. Discounted rate of \$10 per day/per car.
- **Yoga** - Join 2019 Speaker Sheri Kay in the Grotto on Thursday and Friday mornings for yoga for all levels of the dental profession. Check out course numbers T50 and F67.
- **Express CE & Educational Theater** - Visit with vendors for innovative demonstrations and two classrooms for express CE in the exhibit hall!
- **Swinging for Smiles** - TDA Smiles Foundation will be hosting a fundraiser on Wednesday, May, 1 at Topgolf. Be sure to register for course number W01. Shuttles will depart the Grand Hyatt and return you from Topgolf located at 5539 N Loop 1604 W, San Antonio, TX 78249. Everyone is invited and welcome!
- **TDA Soirée Music Festival** - Join us on Thursday, May 2 in the Atrium of the convention center for live music as the entertainment, appetizers and cash bar. It kicks off just as happy hour ends in the exhibition hall. Again, everyone is invited and welcome!
- **Das San Antonio Heritage Olé Tour** - Join your friends in the TDA Alliance as we discover the diverse cultural heritage of San Antonio. Visit the historic King William area and the World Heritage Mission. Be sure to register for course number T51.

# COURSE HIGHLIGHTS

## THURSDAY

### DENTIST

#### Digital Aesthetic Workflow

Matt Roberts, CDT  
9:00 AM – 12:00 PM  
Course Code: T53

#### Today's Top Clinical Tips

Lee Ann Brady, DMD  
1:30 – 4:30 PM  
Course Code: T04

### TEAM

#### 10 Top Management Tools for a Successful Practice

Lois Banta  
8:30 – 11:30 AM  
Course Code: T02

#### Oral Allergies and Contact Reactions – What You're Itching to Know

Jacqueline Plemons, DDS, MS  
1:30 – 4:30 PM  
Course Code: T31

## FRIDAY

### DENTIST

#### Global Diagnosis Meets Digital Smile Design (DSD)

Bill Robbins, DDS, MA  
8:30 – 11:30 AM  
Course Code: F48

#### Soft Tissue Surgery in Esthetic Dentistry

Edward P. Allen, DDS, PhD  
8:30 – 11:30 AM  
Course Code: F03

#### Workshop: A Hands-on Master Course in Periodontal Debridement

Tim Donley, DDS, MSD  
1:30 – 4:30 PM  
Course Code: F24

### TEAM

#### Delivering W.O.W. Service - People Will Never Forget Everything Except How You Made Them Feel

Judy Kay Mausolf  
8:30 – 11:30 AM  
Course Code: F36

#### Workshop: Assist-U: Products, Materials and Procedures for Every Dental Assistant

Shannon Brinker, CDA, CDD  
8:30 – 11:30 AM | 1:30 – 4:30 PM  
Course Code: F11/F12

#### Simple Strategies for Your Sleep Deprived Patients

Uchi Odiatu, DMD  
1:00 – 4:00 PM  
Course Code: F41

## SATURDAY

### DENTIST

#### Digital Dentures, Overdentures, and Hybrids: Merging Traditional Techniques with Scanning, Virtual Planning, and Computerized Milling

Sam Strong, DDS  
8:30 – 11:30 AM  
Course Code: S09

#### A Primer on Marijuana and Its Dental Implications

Harold Crossley, DDS, MS, PhD  
8:30 – 11:30 AM  
Course Code: S03

### TEAM

#### The Secret to Power, Precision and Prevention: Advanced Reinforced Periodontal Scaling Techniques

Diane Millar, RDH, MA  
8:30 – 11:30 AM  
Course Code: S06

# THURSDAY COURSES

## THURSDAY

### PETER AUSTER, DMD

#### Evolution and Revolution: Tackling a New Dental World, 2019

T01 8:30 - 11:30AM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, A, ST

AGD Code: 250

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Tokuyama

**TODD DAVIS, DDS****Predictability in Restorative Care****T12 1:30 - 4:30 PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 250

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: TBD

**Learning Objectives:**

- Deliver restorative care that looks beautiful and has the longevity that patients deserve.
- Provide restorative care that lasts with predictability.
- Become confident in delivering excellent restorative dentistry.

**TIM DONLEY, DDS, MSD****How to Keep Your Implants Off the Failure List: The Latest in Prevention and Treatment of Peri-Implant Disease****T13 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, ST

AGD Code: 496

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Fully understand the differences between periodontal and peri-implant diseases.
- Develop an implant exam designed to increase the chances of success.
- Ideal protocol for debriding and maintaining titanium.
- Successfully treat peri-implant mucositis.

**TIM DONLEY, DDS, MSD****It's No Longer About Cleaning Teeth... It's About Wellness: How to Turn the Maintenance Visit into a Wellness Visit****T14 1:30 - 4:30 PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A, ST

AGD Code: 495

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- The role oral inflammation plays in overall health.
- New wellness examination protocol.
- New treatment protocols based on priority patients and priority sites.
- Step-by-step guide to take back to your practice.

**ANN ESENAUR SPOLARICH, RDH, PHD****Antibiotic Stewardship: What Every Dental Professional Needs to Know****T15 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A, ST

AGD Code: 016

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Colgate

**Learning Objectives:**

- Implications of widespread antibiotic use and the development of resistant organisms.
- Identify pathogens which have developed antibiotic resistance with resultant health implications.
- Current recommendations for reducing risk for infective endocarditis and prosthetic joint infection.
- The significance of good oral hygiene in at-risk patient populations.

## THURSDAY COURSES

### ANN ESENAUR SPOLARICH, RDH, PHD

#### Clinical Pearls for Managing the Medicated Medically Complex Patient

T16 1:30 - 4:30 PM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A, ST

AGD Code: 134

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Colgate

#### Learning Objectives:

- Identify common systemic diseases/disorders and examples of medications used to manage these conditions.
- Discuss the oral side effects and other adverse events associated with each of these classes of medications.
- Describe how to request, interpret and apply information that is obtained through a medical consultation.
- Identify modifications necessary to safely treat medically complex dental patients.

### MICHAEL FALKEL, DDS

#### Buffering Local Anesthetic Hits Its Stride

T17 8:30 - 11:30 AM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, ST

AGD Code: 132

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

#### Learning Objectives:

- Understand how pH affects anesthetic performance.
- Know how the buffering process creates CO<sub>2</sub> in solution, and how this serves as a catalyst for anesthetic onset.
- Identify that must be controlled in order to buffer anesthetic effectively.
- Learn how anesthetic buffering allows endodontists to achieve profound analgesia in patients with infected tissue.

### MICHAEL FALKEL, DDS

#### Local Anesthesia Potpourri: From Complications to Success

T18 1:30 - 4:30 PM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, ST

AGD Code: 132

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

#### Learning Objectives:

- Review pharmacology of local anesthesia.
- Understand injection pain and its implications.
- Learn to describe the causes, properly diagnose, and design a treatment plan for the effective management of local anesthetic complications.

### FRANK HIGGINBOTTOM, DDS

#### Implants In Your Practice

T19 2:00 - 5:00 PM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 616

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

#### Learning Objectives:

- The basics of implant dentistry.
- Treatment planning.
- Abutment selection and impression techniques.
- Fabrication of cemented and screw retained restorations.

**ARTHUR JESKE, DMD, PHD & ERNIE LUCE, DDS****Understanding and Implementing the New Rules for Sedation Permit Holders: The Preoperative Checklist, Emergency Preparedness & Managing Sedation Emergencies***(Repeat Thursday PM Course T21)***T20 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A,

AGD Code: 142

**\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.****Learning Objectives:**

- Complete a preoperative checklist for sedation, including patient ASA classification, airway assessment and an anesthesia-specific physical examination.
- Office protocols and a response plan for managing anesthesia-related emergencies and maintain ongoing documentation of staff training, emergency drug and equipment availability and assignment of staff members to specific roles during an emergency.
- Incorporate the use of an AED, appropriate monitoring devices, suction and other airway management devices, and, as applicable, auscultation and capnography into the management of dental patients undergoing sedation/ anesthesia procedures.

**ARTHUR JESKE, DMD, PHD & ERNIE LUCE, DDS****Understanding and Implementing the New Rules for Sedation Permit Holders: The Preoperative Checklist, Emergency Preparedness & Managing Sedation Emergencies***(Repeat Thursday AM Course T20)***T21 1:30 - 4:30PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A,

AGD Code: 142

**\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.****Learning Objectives:**

- Complete a preoperative checklist for sedation, including patient ASA classification, airway assessment and an anesthesia-specific physical examination.
- Office protocols and a response plan for managing anesthesia-related emergencies and maintain ongoing documentation of staff training, emergency drug and equipment availability and assignment of staff members to specific roles during an emergency.
- Incorporate the use of an AED, appropriate monitoring devices, suction and other airway management devices, and, as applicable, auscultation and capnography into the management of dental patients undergoing sedation/ anesthesia procedures.

**SHERI KAY, RDH, BS****The Assistant's Role in Creating a Culture of Connection****T22 9:00 AM - 12:00 PM**

Dentist - \$60, Hygienist - \$50, Staff - \$40

Intended Audience: All

AGD Code: 551

**\*CE Hours 3 - NOT qualified to meet TSBDE requirements as technical or scientific.**

Educational Funding Provided by: TBD

**Learning Objectives:**

- Accept responsibility for personal impact.
- Build trust and rapport simply.
- Principles of presence and communication styles.
- Asking open ended questions and listen generously.

## THURSDAY COURSES

**SHERI KAY, RDH, BS**

**The Predictable Assistant:  
Systems that Lead to Success**

**T23 2:00 - 5:00 PM**

Dentist - \$60, Hygienist - \$50, Staff - \$40

Intended Audience: All

AGD Code: 551

\*CE Hours 3 - qualified to meet TSBDE requirements  
as technical or scientific.

Educational Funding Provided by: TBD

**Learning Objectives:**

Become a chairside partner with your dentist in delivering patient care.

- Guide the patient through treatment appointments.
- Organize and prepare for clinical procedures from a fresh perspective.
- Appreciate your role in patient communication.

**ANNE KOCH, DMD &  
ALLEN ALI NASSEH DDS, MMSc**

**Safety and Simplicity in Root Canal Instrumentation:  
Myths, Metal, and Motion**

*(Repeat Friday AM Course F32)*

**T24 1:30 - 4:30 PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: Only Dentists

AGD Code: 074

\*CE Hours 3 - qualified to meet TSBDE requirements  
as technical or scientific.

Educational Funding Provided by: RealWorldEndo

**Learning Objectives:**

- Understand the need to combine the latest technology with long established, evidence-based endodontic principles.
- Learn how rotary file design features influence instrumentation safety and efficiency.

**DOUGLAS LAMBERT, DDS, FACD, FASDA,  
FASD, FICD, ABAD**

**Bad Bounces and Broken Teeth - The Sports  
Dentistry Side of Your Practice**

**T25 1:30 - 4:30 PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 076

\*CE Hours 3 - qualified to meet TSBDE requirements  
as technical or scientific.

Educational Funding Provided by: DENTSPLY Sirona

**Learning Objectives:**

- Dental trauma – patient assessment.
- Treating the avulsed tooth in a timely fashion.
- Current status of mouth guards – including fabrication techniques for a custom mouthguard and the performance enhancing appliances.
- Concussions and dentistry.

**SAM LOW, DDS, MS, M.ED****Create Quality Patient Care and Practice Growth with Laser Dynamics****T26 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 497

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Biolase

**Learning Objectives:**

- Determine the effectiveness of utilizing various laser wavelengths for soft and hard tissue.
- Review the characteristics of a smart laser acquisition: cost, size, and ease of use.
- Understand indications for using laser in crown lengthening and pre-orthodontic procedures including esthetics, frenectomy and troughing.
- Explore effective communication strategies for laser case acceptance with emphasis on patient comfort.

**ERNIE LUCE, DDS & ARTHUR JESKE, DMD, PHD****Understanding and Implementing the New Rules for Sedation Permit Holders: The Preoperative Checklist, Emergency Preparedness & Managing Sedation Emergencies***(Repeat Thursday PM Course T21)***T20 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A

AGD Code: 342

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Complete a preoperative checklist for sedation, including patient ASA classification, airway assessment and an anesthesia-specific physical examination.
- Office protocols and a response plan for managing anesthesia-related emergencies and maintain ongoing documentation of staff training, emergency drug and equipment availability and assignment of staff members to specific roles during an emergency.
- Incorporate the use of an AED, appropriate monitoring devices, suction and other airway management devices, and, as applicable, auscultation and capnography into the management of dental patients undergoing sedation/anesthesia procedures.

**BENJAMIN QUENZER, MD****"Doctor! The Patient In Op 2 Isn't Breathing!" - Medical Emergencies In Dental Setting****T32 1:00 - 4:00 PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 142

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Identify and review common medical emergencies that occur in dental offices.
- Review current concepts of CPR and avoiding common errors.
- Provide opportunities to practice managing emergencies with mock scenarios.
- Learn techniques for keeping organized and efficient in emergencies.

**AMBER RILEY, RDH, MS & ANTHONY CARDOZA, DDS****21st Century Laser Dentistry****T08 1:30 - 4:30 PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A, ST

AGD Code: 497

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Understand dental laser soft and hard tissue applications and clinical procedures, for both the doctor and dental hygienist.
- Laser history, safety, physics, clinical applications and procedures in the dental office.
- Different types of dental lasers available on the market today and be able to select the laser that best suits their need.

**AMBER RILEY, RDH, MS****Patients, Pills, and Pathologies: Why Medical History Clues are Critical to General Dental Treatment****T33 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A, ST

AGD Code: 742

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: TBD

**Learning Objectives:**

- Receive up-to-date, concise review of the more common medical disorders encountered in general dentistry.
- Neurologic, behavioral and psychiatric disorders, including drug and alcohol abuse will be examined.
- Drug interactions that are significant to dentistry will be reviewed.

**MATT ROBERTS, CDT****Digital Aesthetic Workflow***(Repeat Thursday PM Course T54)***T53 9:00 AM - 12:00 PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, LT

AGD Code: 250

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Ivoclar

**Learning Objectives:**

- Learn what photographic composition is necessary to align photos to the digital scan, thus creating a virtual patient.
- Evaluating the new digital design overlaid over the existing teeth to determine ideal marginal placement and preparation depth necessary to achieve a predictable outcome.
- Learn how "stacking" digital scans can verify bite positions and pick up any impression inaccuracies before restorations are made.

## THURSDAY COURSES

|                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

- Organize financials for the sale.
- Develop a plan for an exit strategy.

## THURSDAY COURSES

### EXPRESS CE – Exhibits Hall Classrooms

#### LEE SLATON

##### What You Always Wanted To Know About OSHA, But Were Afraid To Ask

T41 9:15 - 10:00 AM

\$10

Intended Audience: All

AGD Code: 550

\* CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

\* CE Hours 3 - qualified to meet OSHA requirement 29 CFR § 1910.1030(g)(2).

Educational Funding Provided by: Smart Training

#### Learning Objectives:

- Identify the 5 critical pieces of a successful OSHA compliance program.
- Define the chances of a dental practice being subjected to an OSHA inspection.
- Review the most common OSHA dental practice violations and the resulting fines.
- Preparing your practice for an OSHA inspection.

#### ALAN HOLLANDER

##### Practice Organization Systems that Improve Production

T42 10:15 AM - 12:15 PM

\$10

Intended Audience: All

AGD Code: 550

\*CE Hours 2 - NOT qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: ePractice Manager

#### Learning Objectives:

- Key "drivers" in any practice and how to improve these.
- Spot the 6 areas common to any slowdown in production, and what can be done about it.
- What is really behind why a practice stops growing, and steps to address this.

#### DON DOUGLAS & ROBERT MCDERMOTT

##### HIPAA Compliance Simplified: Using Technology to Your Advantage

*(Repeat Friday PM Course F60)*

T43 1:15 - 2:45 PM

\$10

Intended Audience: All

AGD Code: 561

\* CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

\* CE Hours 3 - qualified to meet OSHA requirement 29 CFR § 1910.1030(g)(2).

Educational Funding Provided by: iCoreConnect

#### Learning Objectives:

- Understand the purpose of HIPAA.
- Learn who is responsible for maintaining protected health information.
- Review of the 5 technical safeguards for transmitting ePHI.
- Fines and penalties for ePHI breaches.

|                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

## THURSDAY COURSES

**ERIC RINDLER, DDS, PA**

**"The 7s Framework: A Tool To Help Position Your Practice For Its Best Future"**

**T48 3:00 - 4:30 PM**

**\$10**

**Intended Audience: Only Dentists**

**AGD Code: 550**

**\*CE Hours 1 - NOT qualified to meet TSBDE requirements as technical or scientific.**

**Educational Funding Provided by: CareCredit**

### **Learning Objectives:**

- Provide a framework for self-evaluation of your business/practice.
- Understand the importance of differentiation and determine how you are setting your practice apart.
- See how your differentiation permeates and is reinforced throughout your business.
- Focus on a strategy to determine which specific tactics will benefit your practice.

## OTHER EVENTS

### **NEW DENTIST BREAKFAST**

**T49 7:00 - 8:00 AM | Registration Required**

**Intended Audience: New Dentists (for graduates of 2009-2018)**

**Sheri Kay, RDH, BS**

### **FULL BODY YOGA FOR THE DENTAL PROFESSIONAL (All Levels)**

**T50 7:00 - 7:45 AM | \$10 | Intended Audience: All**

### **DAS SAN ANTONIO HERITAGE OLÉ TOUR**

**T51 2:30 - 4:30 PM**

**\$30**

**Intended Audience: All**

Join your friends in the TDA Alliance as we discover the diverse cultural heritage of San Antonio. Visit the historic King William area and the World Heritage Mission.

- Wear your comfortable shoes as we view the distinctive contributions of our German and Spanish ancestors. Our friendships will be enriched with a team activity which will provide laughter and entertainment. Be prepared for an educational experience by your fellow Alliance member, Chita Harris, a certified professional guide.
- We invite you to join us on this delightful afternoon. Water, adult beverages and snacks provided. Bus will leave at 2:30 PM sharp from the Grand Hyatt. Fee is \$30 and ticketed through the TDA Registration: Course #T51.

**Pamela Ray, DDS, Jodi Danna, DDS & Ali Gallagher**

### **WOMEN IN TEXAS DENTISTRY LEADERSHIP EVENT - ENTREPRENEURIAL ENDEAVORS PANEL**

**T52 4:00 - 5:00 PM | \$ TBA | Intended Audience: All**

**More information to come soon.**

**JAY ADKINS, DDS, ROBERT ANDERTON, DDS, JEAN BAINBRIDGE, DDS & THOMAS HARRISON, DDS, MBA**

**Ethics Panel - Navigating The Swamp in 2019 - A Course In Establishing The Highest Ethical Standards For Your Professional Life**

**F01 8:30 - 11:30 AM**

Free

Intended Audience: All

AGD Code: 555

\*CE Hours 3 - qualified to meet TSBDE requirements as risk management.

**Learning Objectives:**

- Dental office scenarios that challenge your decision making process.
- Review International College of Dentistry and ADA Code of Ethics.
- Audience participation and round table discussions.

**FRANCISCO AGUILAR, AGS**

**Workshop: Handpiece, Instrument, and Small Equipment Maintenance**

**F02 9:00 - 11:00 AM**

\$25

Intended Audience: D, A, ST

AGD Code: 172

\*CE Hours 2 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Hayes Handpiece Company

**Learning Objectives:**

- Proper maintenance for operative, endodontic, implant and surgical handpieces.
- Benefits of utilizing a maintenance station and why maintenance stations are superior to manual maintenance.
- Importance of testing a sterilizer and be able to list what types of testing options are available.
- Proper management of evacuation lines and describe risks of poor management.

**EDWARD P. ALLEN, DDS, PHD**

**Soft Tissue Surgery in Esthetic Dentistry**

**F03 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 492

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Determine the appropriate age for esthetic crown lengthening surgery.
- Describe the limitations of "flapless" osseous surgery for crown lengthening.
- Discuss the indications for grafting or restoring cervical lesions.

**EDWARD P. ALLEN, DDS, PHD**

**Minimally Invasive Soft Tissue Grafting**

**F04 1:30 - 4:30 PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 492

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Describe the differences between conventional grafting procedures and the tunnel technique with allograft.
- Determine when to graft and when to restore cervical lesions.
- Describe the indications for use of an allograft in the tunnel technique for soft tissue grafting at implant sites.

**LINDA ALTENHOFF, DDS, CARLOS GARCIA, DMD, JANICE REARDON, BRENDA WALKER & GREGORY STOUTE, DMD, MPH**

**Risk Management, Record Keeping, Medicaid, and the Children's Health Insurance Program**

*(Repeat Friday PM Course F06)*

**F05 9:00 AM - 12:00 PM**

Dentist - \$50, Hygienist - \$40, Staff - \$30

Intended Audience: D, H, A, ST, BA

AGD Code: 555

\*CE Hour 1 - qualified to meet TSBDE requirements as risk management.

Educational Funding Provided by: MCNA Dental & DentaQuest

## Learning Objectives:

- Review Texas law regarding the practice of dentistry and documentation.
- DentaQuest and MCNA Dental discuss provider enrollment, clinical issues in Medicaid and the Children's Health Insurance Program, and common billing and claims submission topics.

**LINDA ALTENHOFF, DDS, CARLOS GARCIA, DMD, JANICE REARDON, BRENDA WALKER & GREGORY STOUTE, DMD, MPH**

**Risk Management, Record Keeping, Medicaid, and the Children's Health Insurance Program**

*(Repeat Friday AM Course F05)*

**F06 2:00 - 5:00 PM**

Dentist - \$50, Hygienist - \$40, Staff - \$30

Intended Audience: D, H, A, ST, BA

AGD Code: 555

\*CE Hour 1 - qualified to meet TSBDE requirements as risk management.

Educational Funding Provided by: MCNA Dental & DentaQuest

## Learning Objectives:

- Review Texas law regarding the practice of dentistry and documentation.
- DentaQuest and MCNA Dental discuss provider enrollment, clinical issues in Medicaid and the Children's Health Insurance Program, and common billing and claims submission topics.

**ROBERT ANDERTON, DDS, JAY ADKINS, DDS, JEAN BAINBRIDGE, DDS & THOMAS HARRISON, DDS, MBA**

**ETHICS PANEL - Navigating The Swamp in 2019  
A Course In Establishing The Highest Ethical Standards For Your Professional Life**

**F01 8:30 - 11:30 AM**

Free

Intended Audience: D, H, A, ST

AGD Code: 555

\*CE Hours 3 - qualified to meet TSBDE requirements as risk management.

## Learning Objectives:

- Dental office scenarios that challenge your decision making process.
- Review International College of Dentistry (ICD) and ADA Code of Ethics.
- Audience participation and round table discussions.

- Develop system for airway therapy in their practice that reduce barriers to implementation.
- Improved verbal skills to lead the patients to asking for airway therapy.

**STEVE CARSTENSEN, DDS, FAGD****Workshop: Matching Patients with Sleep Appliances**

F16 1:30 - 4:30 PM

\$295

Intended Audience: D, A

AGD Code: 160

\* CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

\* CE Hours 3 - qualified to meet TSBDE requirement § 108.12, Dental Treatment of Obstructive Sleep Apnea.

**Learning Objectives:**

- Rationale for matching the patient to the right choice of Mandibular Advancement Device.
- Experience taking records for making excellent appliances.
- See what to look for on sleep reports.
- What to look for on sleep reports, and take home a semi-custom temporary sleep appliance of their own.

**HAROLD CROSSLEY, DDS, MS, PHD****Clues to Your Patients' Health History: Look in Their Bag of Medications!**

F17 8:30 -11:30 AM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A, ST

AGD Code: 016

\* CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

\* CE Hours 3 - qualified to meet TSBDE requirement § 111.1, Controlled Substances and Dangerous Drugs Additional Continuing Education Required.

**Learning Objectives:**

- Prescriptions, OTC medications, and foods that could adversely interact with dental drugs; why your patient is taking medications and potential oral side effects.
- When not to prescribe NSAIDs and newer anticoagulant medications-NOACs and DOACs.
- How to combine analgesics to maximize their effects; and indications and contraindications for opiate analgesics.
- Current recommendations for SBE and orthopedic prosthesis prophylaxis.

## FRIDAY COURSES

### HAROLD CROSSLEY, DDS, MS, PHD

#### Pharmaceutical and Street Drug Abuse: What Your Patients and Your Kids Are Not Telling You!

F18 1:30 - 4:30 PM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 016

\* CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

\* CE Hours 3 - qualified to meet TSBDE requirement § 111.1, Controlled Substances and Dangerous Drugs Additional Continuing Education Required.

#### Learning Objectives:

- Signs and symptoms of commonly abused prescription and illicit drugs in patients and adolescents.
- Medications to avoid with the suspected drug abusing patient.
- Recognize and manage the "doctor shopper".
- Manage the chemically-dependent patient.

### TODD DAVIS, DDS

#### Workshop: Occlusal Equilibration

F19 8:30 - 11:30 AM & 1:30 - 4:30 PM

\$350

Intended Audience: D, H, ST

AGD Code: 184

\*CE Hours 6 - qualified to meet TSBDE requirements as technical or scientific.

#### Learning Objectives:

- Hands-on exercises demonstrating the principles and skills involved with occlusal equilibration.
- Build confidence in assisting patients who require occlusal therapy.

Course fee includes a take home Brasseler bur kit.

### KAREN DAVIS, RDH & SAM LOW, DDS, MS, M.ED

#### Seeing is Believing - Workshop to Obliterate Biofilm from Implants and Teeth

(Repeat Friday PM Course F22)

F21 8:30 - 11:30 AM

\$225

Intended Audience: D, H, ST

AGD Code: 495

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

#### Learning Objectives:

- Compare advantages of AirFlow and Piezon technologies over traditional methods to manage biofilm and calculus.
- Advantages of low-abrasive powders in the prevention and management of biofilm on teeth and implants.
- Appraise evidence and ease of implementation for low-abrasive air polishing and Piezon technologies.

### KAREN DAVIS, RDH & SAM LOW, DDS, MS, M.ED

#### Seeing is Believing - Workshop to Obliterate Biofilm from Implants and Teeth

(Repeat Friday AM Course F21)

F22 1:30 - 4:30 PM

\$225

Intended Audience: D, H, ST

AGD Code: 495

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

#### Learning Objectives:

- Compare advantages of AirFlow and Piezon technologies over traditional methods to manage biofilm and calculus.
- Advantages of low-abrasive powders in the prevention and management of biofilm on teeth and implants.
- Appraise evidence and ease of implementation for low-abrasive air polishing and Piezon technologies.

## FRIDAY COURSES

**DOUGLAS LAMBERT, DDS, FACD, FASDA, FASD, FICD, ABAD**

**Workshop: Profiting from Plastics - Creating Oral Appliances In Your Office for Your Patients**

**F34 8:30 - 11:30 AM**

**\$195**

Intended Audience: All

AGD Code: 185

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

### Learning Objectives:

- Advantages of using a positive-pressure machine over a vacuum former to make your oral appliances.
- Learn the importance of plastic selection to create the best outcome for your patients.
- Gain knowledge of how to properly fabricate and finish an appliance.

**SAM LOW, DDS, MS, M.ED & KAREN DAVIS, RDH**

**Seeing is Believing - Workshop to Obliterate Biofilm from Implants and Teeth**

*(Repeat Friday PM course F22)*

**F21 8:30 - 11:30 AM**

**\$225**

Intended Audience: D, H, ST

AGD Code: 495

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

### Learning Objectives:

- Compare advantages of AirFlow and Piezon technologies over traditional methods to manage biofilm and calculus.
- Advantages of low-abrasive powders in the prevention and management of biofilm on teeth and implants.
- Appraise evidence and ease of implementation for low-abrasive air polishing and Piezon technologies.

**SAM LOW, DDS, MS, M.ED & KAREN DAVIS, RDH**

**Seeing is Believing - Workshop to Obliterate Biofilm from Implants and Teeth**

*(Repeat from Friday AM course F21)*

**F22 1:30 - 4:30 PM**

**\$225**

Intended Audience: D, H, ST

AGD Code: 495

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

### Learning Objectives:

- Compare advantages of AirFlow and piezon technologies over traditional methods to manage biofilm and calculus.
- Advantages of low-abrasive powders in the prevention and management of biofilm on teeth and implants.
- Appraise evidence and ease of implementation for low-abrasive air polishing and Piezon technologies

**ERNIE LUCE, DDS & ARTHUR JESKE, DMD, PHD**

**Workshop: Advanced Simulation Training for Level 2, 3 And 4 Sedation of Pediatric Patient**

**F29 8:00 AM - 5:00 PM**

Dentist - \$ TBA

Intended Audience: Only Dentists

\* CE Hours TBA - qualified to meet TSBDE requirements as technical or scientific.

\* CE Hours TBA - qualified to meet TSBDE requirement § 110.17, Sedation/Anesthesia of Pediatric Patients.

### Learning Objectives:

- 15 pediatric sedation experiences using a high-fidelity simulator (Sim Man) to meet the requirements of TSBDE Rule 110.17.
- Practice rescue of pediatric patients sedated/anesthetized at Levels 2 through 4, including administration of appropriate emergency drugs.
- Practice advanced emergency airway management and resuscitation of sedated/anesthetized pediatric patients

**JUDY KAY MAUSOLF****Delivering W.O.W. Service - People Will Forget Everything Except How You Made Them Feel**

F36 8:30 - 11:30 AM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 550

\*CE Hours 3 - NOT qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: CareCredit

**Learning Objectives:**

- Understand W.O.W. service standards concepts to make W.O.W. first and lasting impressions.
- Identify the essentials of W.O.W. branding to build loyalty.
- Learn to spot opportunities that create W.O.W. patient experiences.

**JUDY KAY MAUSOLF****Communication Solutions - Attitudes, Breakdowns, & Conflict Resolutions**

F37 1:30 - 4:30 PM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 557

\*CE Hours 3 - NOT qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: CareCredit

**Learning Objectives:**

- Learn verbal skills to communicate positively and effectively with difficult and different personalities.
- Determine behaviors that inspire a culture of trust, respect, appreciation, and celebration.
- Discover methods that turn attitudes from toxic to tremendous and address and resolve conflict.

**DIANE MILLAR, RDH, MA****Workshop: The Secret To Power, Precision and Prevention: Advanced Reinforced Periodontal Scaling Techniques**

F73 1:30 - 4:30 PM

\$235

Intended Audience: Only Hygienists

AGD Code: 495

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: LM-Dental

**Learning Objectives:**

- Demonstrate advanced instrumentation techniques, ideal fulcrum rests and proper ergonomics to enhance precision, prevention, and protection while scaling.
- Importance of using the larger muscle groups in the arms while scaling to enhance scaling efficacy, and to protect the smaller muscle groups in the hands and wrists from repetitive motion injury that can lead to disability.
- Ideal postural strategies around the patient chair for every quadrant while scaling in order to prevent prolonged static postures which can lead to career-ending injuries.

Take-home book included in fee.

**BRANNON MONCRIEF****Maximizing Your Practice Value and Transition Planning**

F38 1:00 - 4:00 PM

Free

Intended Audience: Only Dentists

AGD Code:

\*CE Hours 3 - NOT qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Current market conditions & what you need to know about DSO buyers.
- Keys to maximizing practice value.
- Five proven practice transition strategies.

## FRIDAY COURSES

### PAMELA MOORE, DDS

#### Nitrous Oxide Monitoring Conscious Sedation Review (Certification)

F39 8:00 AM - 5:00 PM

\$195

Intended Audience: H, A

AGD Code: 163

\*CE Hours 8 - qualified to meet TSBDE requirements as technical or scientific.

#### Learning Objectives:

- Learn the history and pharmacology of nitrous oxide.
- Review anatomy and physiology.
- Gain knowledge of patient monitoring and managing potential complications.
- Learn about safety for staff and patient.

Photo ID required to attend.  
Must register by March 28, 2019

### ALLEN ALI NASSEH, DDS, MMSC & ANNE KOCH, DMD

#### Safety and Simplicity in Root Canal Instrumentation: Myths, Metal, and Motion

(Repeat Thursday PM Course T24)

F32 8:30 - 11:30 AM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: Only Dentists

AGD Code: 074

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: RealWorldEndo

#### Learning Objectives:

- Learn how rotary file design features influence instrumentation safety and efficiency.
- Discover the most effective instrument motions available for shaping root canals and their advantages and limitations.
- Fully understand the need to combine the latest technology with long established, evidence-based endodontic principles

### ALLEN ALI NASSEH, DDS, MMSC & ANNE KOCH, DMD

#### Workshop: Safety and Simplicity in Root Canal Instrumentation

F33 1:30 - 4:30 PM

\$195

Intended Audience: Only Dentists

AGD Code: 074

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by:  
RealWorldEndo, Brasseler

#### Learning Objectives:

- Understand the need to utilize piezoelectric ultrasonics in both access and three-dimensional irrigation.
- Benefits of bioceramic obturation and the incorporation of matching posts.
- Combine new technology with long established, evidence-based endodontic principles.
- "Great Endodontics" can be accomplished in both a safe and simple manner.

### UCHE ODIATU, DMD

#### Nutritional Lollapalooza: French Fries, Flossing, and Fitness

F40 8:30 - 11:30 AM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 150

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

#### Learning Objectives:

- Ten new eating strategies to douse the flames of inflammation in the mouth & body.
- Intermittent fasting, the secret of extra virgin oil, ("why organic?") and the power of antioxidants.
- Learn motivational interview techniques to inspire long-term positive change in your patients' health habits.

**UCHE ODIATU, DMD****Simple Strategies for Your Sleep Deprived Patients****F41 1:00 - 4:00 PM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 160

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Philips

**Learning Objectives:**

- Understand the association of sleep disorders with high blood pressure, heart attacks, and strokes and the healing power of a good night's sleep and why our patients need to make it a priority, NOW.
- Learn to identify signs and symptoms of poor sleep in your clinical examinations and connect the dots between poor sleep, cognitive decline, poor digestion, excess fat, and chronic inflammation.
- Learn 7 strategies to help your patient improve the quality of their sleep, reduce chronic inflammation, and chronic pain.

**VIJAY PARASHAR, BDS, DDS, MDSC****Introduction to Systematic CBCT Interpretation: 3D Maxillofacial Pathology****F42 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: Only Dentists

AGD Code: 731

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Understand capabilities of various FOVs - advantages and limitations.
- Radiographic anatomy and variations of normal maxillofacial anatomy.
- 3-D appearance of common pathology.
- Clinical applications: review of cases.

**VIJAY PARASHAR, BDS, DDS, MDSC****CBCT Workshop: Hands on Interpretation and Implant Planning****F43 1:30 - 4:30 PM**

\$195

Intended Audience: Only Dentists

AGD Code: 731

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: VaTech America

**Learning Objectives:**

- CBCT software to explore areas of interest on Anonymized CT scan volumes.
- Advantages and limitations of various types of surgical guides.
- Guided interpretation of cases - TMJ, implant planning, missed canal, airway evaluation.

**Laptop required.****JACQUELINE PLEMONS, DDS, MS****Xerostomia & Salivary Hypofunction - What to do When the Well Runs Dry****F44 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A, ST

AGD Code: 734

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Identify the most common causes of xerostomia or dry mouth.
- Develop treatment strategies to manage patients with xerostomia and recognize the potential complications.
- Common characteristics of burning mouth syndrome and how to manage patients.

## FRIDAY COURSES

\$10 | Intended Audience: All | AGD Code: 550

\*CE Hours 2 - NOT qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: ePractice Manager

**Learning Objectives:**

- Common errors in case presentation that cause patients to opt out-and how to improve these.
- Each employee's role in treatment presentation.
- The 5 essential components of patient case acceptance.
- How to track and monitor patient acceptance.

## FRIDAY COURSES

### DON DOUGLAS & ROBERT MCDERMOTT

#### HIPAA Compliance Simplified: Using Technology to Your Advantage

*(Repeat Thursday PM Course T43)*

**F60 1:15 - 2:45 PM**

\$10 | Intended Audience: All | AGD Code: 550

\* CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

\* CE Hours 3 - qualified to meet OSHA requirement 29 CFR § 1910.1030(g)(2).

Educational Funding Provided by: iCoreConnect

#### Learning Objectives:

- Understand the purpose of HIPAA.
- Learn who is responsible for maintaining protected health information.
- Review of the 5 technical safeguards for transmitting ePHI.
- Fines and penalties for ePHI breaches.

### THEODORE PASSINEAU, JD, HRM, RPLU, CPHRM

#### Dental Professional Liability in the Lone Star State

*(Repeat Thursday PM Course T44)*

**F61 3:00 - 4:30 PM**

\$10 | Intended Audience: D, H, A, ST, BA

AGD Code:

\*CE Hours 1.5 - qualified to meet TSBDE requirements as risk management.

Educational Funding Provided by: MedPro

#### Learning Objectives:

- Current state of dental professional liability nationwide and in the state of Texas.
- Explain how the "state" of dental professional liability is evolving, and what factors are driving this evolution.
- Identify higher risk dental procedures and patients, including what factors make them higher risk.
- List strategies which can be effective in minimizing the risk associated with the practice of dentistry.

### BRANDON FAULEY

#### From Associate to Practice Owner: How to Make Your Dental Office Dream a Reality

**F62 9:15-10:45 AM**

\$10 | Intended Audience: Only Dentists

AGD Code: 550

\*CE Hours 1.5 - NOT qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Xite

#### Learning Objectives:

- How to leverage proven strategies to open your dental office in Texas.
- What is the timeline and cost of starting up a dental office?
- How to use dental demographics to select an optimal location.
- Key tips for understanding dental real estate terminology.

### JUSTIN KLINGSHIRN, MATTHEW MCCARTHY & GREG PINKERTON

#### Life After Graduation

**F63 11:00-12:00 PM**

\$10 | Intended Audience: D, ST | AGD Code: 550

\*CE Hours 1 - NOT qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Bank of America

#### Learning Objectives:

- What does today's lending market look like: Can I get approved?
- Preparing personal credit for practice ownership and beyond.
- Understand business finance basics.
- Create a "dream" team of experts to support you in your new endeavor.

**CATHY STEWART, RDH, BS****Gen Z: Choices and Challenges****F64 1:15 - 2:45 PM**

\$10 | Intended Audience: D, H, A, ST

AGD Code: 742

\*CE Hours 1.5 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: Philips

**Learning Objectives:**

- Identify current dietary trends.
- Recognize various risk behaviors.
- Enhance generational communication skills.
- Customize treatment strategies.

**ANNAH GARCIA****Effective Communication in the Workplace****F65 3:00 - 4:30 PM**

\$10 | Intended Audience: All

AGD Code: 550

\*CE Hours 1.5 - NOT qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: CareCredit

**Learning Objectives:**

- Focus on processes surrounding the financial conversation to increase case acceptance and production.
- Focus on effective communication to enhance your team and patient experience.

**OTHER EVENTS****ICD/ACD/PFA BREAKFAST****F66 6:45 - 8:30 AM** | \$40 | Intended Audience: All**Sheri Kay, RDH, BS****FULL BODY YOGA FOR THE DENTAL PROFESSIONAL (All Levels)****F67 7:00 - 7:45 AM** | \$10 | Intended Audience: All**Ryan Coulon, DDS, Brent Fleming, DDS & Dwight Peccora****RISEING STARS OF THE LONESTAR STATE - NEW DENTIST PROGRAM****F71 2:00 - 5:00 PM**

\$25/Free to dentists who graduated from 2009-2018

Intended Audience: Only Dentists

**Learning Objectives:**

- Identify and explore different professional pathways that are possible for 2019.
- Discover the role of leadership in my professional and personal success.
- Learn resources, training, and skills are required to succeed in various professional practice models.
- Understand the barriers to entry of different practice models in 2019 and how to overcome them.

The road less traveled is usually more demanding. It is typically less crowded. Succeeding on this journey requires the traveler to possess a crystal clear vision of the reward that he or she is seeking at the end of the road. Come spend the afternoon with three young TDA members who have met with extraordinary success very early in their career. Each of their journeys, is the story of a dental entrepreneur with a dream who decided to chase that dream in spite of the marketplace trends and norms, barriers to entry, and being young in their professional careers. This program is a unique opportunity to gather with other dynamic dentists who are developing robust professional lives, build community, and learn from one another.

## GARY BADGER, DDS, MS

### Pediatric and Special Needs Protective Stabilization Advanced Behavior Guidance

S01 8:30 - 11:30 AM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 434

\* CE Hours 8 - qualified to meet TSBDE requirements as technical or scientific.

\* CE Hours 8 - qualified to meet TSBDE requirement § 108.14, Pediatric and Special Needs Case Management; Protective Stabilization.

### Learning Objectives:

- Understand the State of Texas TSBDE rule 108.14 associated with the application of Protective Stabilization.
- The principles of patient selection for this technique.
- Be able to apply protective stabilization in a suitable manner so as to aid in the ability to deliver dentistry safely.
- Know when to refer patients for protective stabilization.

## ANTHONY CARDOZA, DDS

### Dispelling the "CSI Effect" Myth, an Overview of Contemporary Forensic Dentistry

*(Repeat Thursday AM Course T07)*

S02 8:30 - 11:30 AM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 145

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

Educational Funding Provided by: the Alliance of the Texas Dental Association

### Learning Objectives:

- How dental records in your practice could be used in a forensic dental investigation.
- Learn roles of forensic dentists, the value of dental records, and how to cooperate with the legal system.
- Forensic dental identification with the use of radiographs and other means.
- Understand the various roles of how forensic dentists assist law enforcement and death investigation agencies.

## HAROLD CROSSLEY, DDS, MS, PHD

### A Primer on Marijuana and Its Dental Implications

S03 8:30 - 11:30 AM

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: All

AGD Code: 016

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

### Learning Objectives:

- The impact of marijuana on you, your family, and your dental treatment.
- Physical characteristics of marijuana and possible medical uses.
- Potential drug interactions between marijuana and dental medications.

**MARK KLEIVE, DDS****The Recipe for Success from Associate to Owner and Everyday In-between****S04 8:30 - 11:30 AM**

Dentist - \$60, Hygienist - \$50, Staff - \$40

Intended Audience: D, ST

AGD Code: 556

\*CE Hours 3 - NOT qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Understand and succeed at the “business” of dentistry.
- Consider your best entry into the profession of dentistry; associate or owner.
- The keys to securing financing for partnership or ownership opportunities.
- Create your own support team to maximize your potential.

**SAM LOW, DDS, MS, M.ED****Workshop: User-friendly Crown Lengthening Procedures to Enhance Excellent Restorative Dentistry****S05 8:30 - 11:30 AM**

\$225

Intended Audience: Only Dentists

AGD Code: 491

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific

**Learning Objectives:**

- Collect data to determine case selection and choose appropriate surgical techniques.
- Recognize case selection and choose surgical flap/ laser techniques to achieve restorative access including flap manipulation, closed laser and suturing methodologies.
- Investigate laser utilization including wavelengths and respective techniques.
- Develop post-operative evaluation protocols assessing wound healing and complications.

**DIANE MILLAR, RDH, MA****Workshop: The Secret to Power, Precision and Prevention: Advanced Reinforced Periodontal Scaling Techniques****S06 8:30 - 11:30 AM**

\$235

Intended Audience: H, ST

AGD Code: 495

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific

Educational Funding Provided by: LM-Dental

**Learning Objectives:**

- Demonstrate advanced instrumentation techniques, ideal fulcrum rests and proper ergonomics to enhance precision, prevention and protection while scaling.
- Importance of using the larger muscle groups in the arms while scaling to enhance scaling efficacy, and to protect the smaller muscle groups in the hands and wrists from repetitive motion injury that can lead to disability.
- Ideal postural strategies around the patient chair for every quadrant while scaling in order to prevent prolonged static postures which can lead to career-ending injuries.

Take-home book included in fee.

**BILL ROBBINS, DDS, MA****Workshop: Operationalizing Digital Smile Design (DSD) in Your Practice****S07 8:30 - 11:30 AM**

\$190

Intended Audience: Only Dentists

AGD Code: 697

\*CE Hours 3 - qualified to meet TSBDE requirements as technical or scientific.

**Learning Objectives:**

- Take the 5 required photographs for a DSD project.
- Understand the digital workflow of a DSD case.
- Complete a motivational mockup for a patient.

## SATURDAY COURSES

### DAVID ROTHMAN, DDS

**"How Are You Gonna Get Him to Do That?"  
The 4 P's of Pediatric Dentistry: Psychology,  
Pharmacology, Physiology, and Phamily**

**S08 8:30 - 11:30 AM**

Dentist - \$75, Hygienist - \$60, Staff - \$50

Intended Audience: D, H, A

AGD Code: 434

**\*CE Hours 3 - qualified to meet TSBDE  
requirements as technical or scientific.**

Educational Funding Provided by: Sedation Resource

### Learning Objectives:

- Understand and manage the behavior of the underparented, overstressed, no limits child of the new decade.
- Review how family and social influences are redefining and shaping the child and the family relationship.

\* Early Bird Guest Room Rates valid until April 1, 2019. Standard Rate begins April 2, 2019.

EventSphere is the official housing provider of TDA 2019.

The House of Delegates convenes meetings during the annual session of the Texas Dental Association.

## HOUSE OF DELEGATES SCHEDULE:

**Thursday, May 2 8:00 AM – 10:00 AM**

**Friday, May 3 1:30 PM – 4:30 PM**

**Saturday, May 4 8:00 AM – 12:00 PM  
1:30 PM – CLOSE OF  
BUSINESS**

**The House of Delegates will be located at the Grand Hyatt, San Antonio in the Lone Star Ballroom.**

## TDA Members - Get Involved

The House of Delegates is the legislative and supreme governing body of the TDA. The 2019 House of Delegates is composed of 139 voting members, which includes duly elected and installed delegates from each of the 26 components of the Texas Dental Association and the 15 voting members of the Board of Directors. The Speaker of the House of Delegates is the presiding officer and is without vote. The TDA secretary-treasurer is also a non-voting officer of the House of Delegates and serves as the secretary of the House. Finally, there are 3 student delegates, each elected and installed by their respective dental school; student delegates have full privilege and access to the floor of the House of Delegates, but are without the right to vote and may not introduce resolutions.

## House Materials

Delegates and alternates will receive their House book in a searchable PDF format. Reference Committee reports will be e-mailed in PDF format to all participants and these reports can be downloaded from any location with internet access.

For more information, contact TDA Governance Manager Mr. Terry Cornwell at 512-443-3675, or [terry@tda.org](mailto:terry@tda.org).

## ADA/TDA Leadership Candidates Forum

**Friday, May 3 10:30 AM – 12:00 PM**

**In the event there are no contested TDA statewide elections and no participation by candidates for ADA elected offices, the candidates forum will not be held.**

## Caucus Meetings

Get involved by attending divisional caucus meetings and selecting your representatives on the state and national levels. ADA delegates and alternates from your division and the divisional directors of the TDA Board of Directors are nominated in this forum. The meetings will be held on Friday, May 3, at 5:30 PM. Rooms to be announced in the on-site program.

## Reference Committees

Reference committee hearings offer an opportunity for any member to participate in the TDA policy-making process. All members are encouraged to attend the hearings scheduled on Thursday, May 2. All 2018 – 2019 resolutions will be discussed before presentation to the 2019 TDA House of Delegates for policy-making decisions. Starting times are:

### Reference Committee A: 10:00 AM

Administration, Budget, Building, House of Delegates, Membership Processing

### Reference Committee B: 11:30 AM

President's Address, Miscellaneous Matters, Component Societies, Subsidiaries, Strategic Planning, Annual Session

### Reference Committee C: 1:00 PM

Dental Education, Dental Economics, Health and Dental Care Programs

### Reference Committee D: 2:00 PM

Legislative, Legal and Governmental Affairs

### Reference Committee E: 3:30 PM

Constitution, Bylaws, Ethics & Peer Review

**\*Times subject to change, please visit [www.tdameeting.com](http://www.tdameeting.com) for the latest information.**

## MEET

# COUNCIL ON THE ANNUAL MEETING AND CONTINUING EDUCATION PROGRAMS

The TDA's Council on the Annual Meeting and Continuing Education Programs, or CAMCEP is comprised of 4 members, 1 new dentist representative and 1 consultant member. Each serves a 4 year term. They gather quarterly at the TDA's central office in Austin to plan all continuing education programs with TDA Staff. Throughout each year they travel to other dental meetings across the country to search for new speakers and innovative ideas to bring to your meeting in Texas. They spend countless hours on speaker evaluation, exhibit floor design and execution of networking events just to name a few of the infinite number of tasks they handle while serving on the Council.

L – R : Doctors Cindy Flanagan, Randy Mellard, Andrea Janik, Edwin A. "Mac" McDonald III, and Michael Goulding.  
Not pictured, Sara E. Golshani.

# Catch you at TDA Meeting!

**Find TDA Perks between aisles 400-500 on the green carpet.**

Rest your feet on our **padded aisles** and visit **Perks partner booths**, meet **Perks staff**, and learn about **great discounts and benefits** negotiated for you.
