WELCOME TO Hyderabad

Dear friends

It gives us immense pleasure to welcome you to NAPCON 2023 at Hyderabad. We are glad to host NAPCON for the first time since the inception of joint conference of the two gigantic national organizations, ICS & NCCP. It is our proud privilege and immense pleasure to invite you to NAPCON 2023 which is special to one and all as it is a silver jubilee event. Hyderabad is well known for "Mehmaan Nawazi" -- the exceptional warmth for the guests. The entire pulmonary community of Hyderabad is very much excited and elated at the prospect of playing host to the stellar faculty as well as the enthusiastic delegates.

The pulmonologists of two telugu speaking states in general and those of Hyderabad in particular, have been conducting many CME programs, Workshops and Updates in Pulmonary medicine on varied topics such as ILD, pulmonary vascular diseases, Sleep related pulmonary disorders, severe asthma, pleural diseases, bronchial thermoplasty and other interventional procedures. This cumulative experience will play an impetus to build a conference that can carve a niche in the history of NAPCON.

NAPCON 2023, Hyderabad is going to create a platform that fosters connections and collaborations in addition to networking receptions and other social functions. It also enables the delegates to meet someone new and catch up with the old friends as well. As delegates gather in Hyderabad for NAPCON 2023, their energy will be felt in familiar activities like Live simulation courses, Problem based learning sessions, Meet the expert sessions so on and so forth.

We are making all efforts to design the scientific content with a specific focus on the young pulmonologists who can better apply their knowledge and are eager to stay abreast with the rapid developments of clinical pulmonology. We assure you that the silver jubilee NAPCON is going to have a heavy dose of EDUTAINMENT and all the delegates should discover new insights, new perspectives and renewed energy for the work ahead.

Last but not least, NAPCON 2023 at Hyderabad is going to offer a very special tourist experience with the 425 years of Hoary past heritage monuments like the Charminar, the Falaknuma Palace, the tallest Buddha's statue in the world, the charm of old & New Hyderabad with warm people filling streets everywhere. There are wide array of Gift shops where there is definitely something you could buy for your loved ones including world famous Pearls and exquisite Hyderabad Bangles.

Hyderabad is considered the safest city in the country and also world's best-rated clean & green city. The best of all of course is the delectable Hyderabad Biryani, mouthwatering kebabs and unique delicacy called pattar ka ghosh to enhance your taste buds along with the academic feast. We will leave no stone unturned in making NAPCON 2023 a wonderful and enriching experience.

We promise to deliver what we can, but will certainly deliver more than what we promise.
