

Hawaii 2018

44th Annual Review of Continuing Education in Dentistry

Maui

Monday - Thursday

July 30 - August 2, 2018

8:00 a.m. - 12:00 p.m.

16 Hours of Continuing Education

Grand Wailea Hotel

3850 Wailea Alanui Dr.,

Wailea, HI 96753

Speakers

James Tom, DDS, MS

Dr. Tom is Clinical Associate Professor at the Herman Ostrow School of Dentistry of USC. He is President-Elect of the American Society of Dentist Anesthesiologists (ASDA) and has served as their Program Director for various continuing education courses. Recently he completed his appointment as the post-doctoral dental anesthesiology education representative for the Commission on Dental Accreditation (CODA) and has served as faculty for the ADA's simulation-based course on the Recognition and Management of Complications During Minimal and Moderate Sedation. He provides anesthesia education in the pre-doctoral, post-doctoral, and dental hygiene levels while also being clinically active in the anesthesia care of children and patients with special needs.

Michael Mashni, DDS

Dr. Mashni graduated from Loma Linda University in 1992 and started Dental Anesthesiology Residency immediately upon graduation. After completing his certificate in Dental Anesthesiology he became a full time faculty in the Department of Dental Anesthesiology at the Loma Linda University School of Dentistry for 7 years before transitioning to private practice providing anesthesia services for dentists in the community concentrating on pediatric patients. He remained as volunteer faculty for another 7 years. He has lectured nationally at several major meetings on the topics of sedation, general anesthesia, pharmacology and emergencies. He is a diplomate of the American Dental Board of Anesthesiology and has served on the Board of Directors for both the American Society of Dentist Anesthesiologist (ASDA) and the American Dental Board of Anesthesiology (ADBA). He is a Past President of the ASDA and currently the President of the American Board of Dental Specialties.

All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. The Herman Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. The Herman Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.

Synopsis

Drs. Tom and Mashni will bridge the knowledge barriers amongst the specialties and disciplines in dentistry in terms of anesthesia, analgesia, and advanced pain management. From local anesthesia conundrums to advanced sedation and general anesthesia modalities employed by various practitioners within dentistry and allied health professions, you will gain a better understanding of contemporary techniques in patient evaluation, advanced pain and anxiety control techniques, complication avoidance and management, and effective referrals for various aspects of patient management.

Topics to be covered

Day 1: Review of Medical History and Presentation across the specialties, review and case discussions

Day 2: Review of Anxiety Reducing Methods, Techniques, and Pharmacology across the specialties, review and case discussions

Day 3: Review of Local Anesthesia across the specialties, review and case discussions

Day 4: Changing the culture of safety in anesthesia and pain management across the specialties, review and case discussions

ParticipantW will recognize patient needs for safe and effective pain and anxiety control through various techniques of physical and medical evaluation. They will learn to apply fundamental and advanced pharmacologic principles and physiologic monitoring to a wide variety of patients, and evaluate the needs of the patient for specific interventions and treatment considerations in accordance to their discipline and specialty practice. Lastly, participants will be exposed to reports of real-world complications and pitfalls to avoid complications in their own practice and plan to elevate levels of patient safety in everyday practice.

This course is intended for dentists and all members of the dental team. Please be cautioned about the potential risks of using limited knowledge when integrating new techniques into your practice.

Grand Wailea, A Waldorf Astoria Resort

3850 Wailea Alanui Dr., Wailea, HI 96753

The newly refreshed landmark resort consistently ranks among the world's best in leading travel and consumer reports.
