ESI Educational
Symposia

Course Description

This 2.5 day conference will educate attendees on the treatment of the most challenging and difficult complex orthopedic cases. World-renowned experts on orthopedic revisions and musculoskeletal oncology will present on the latest technology and technique developments, allowing ample time for discussion and debate. The course is not designed to discuss only “good” results, but the worst, most difficult cases and problems we all face as complex arthroplasty surgeons. This is a forum to share our mistakes and experience so we can all learn from them.

Target Audience:

Orthopedic surgeons performing or interested in revision or oncology procedures; residents and fellows interested in this field; PAs and other staff involved in complex arthroplasty cases.

Educational Objectives:

Upon completion of this course, learners will be able to:

- Evaluate and weigh multiple surgical treatment options for complex reconstructions
- Develop a greater awareness of the latest technology available for difficult infection cases
- Cite the latest clinical findings on complex reconstruction outcomes
- Anticipate common complex reconstruction postoperative complications

Sponsorships available for the first 10 Fellows/Senior Residents pursuing a complex arthroplasty or tumor career path. Contact us for more details.

The Palms Hotel – Miami Beach

The Palms Hotel & Spa strives to create a South Beach vacation experience of total well-being, inspired by nature.

The décor is inspired by the tropical flora surrounding the sanctuary, the serenity of the crystalline waters of the Atlantic Ocean, the Caribbean feel of the white sandy beaches and the bountiful marine life at their doorstep.

The cuisine is inspired by the bounty of local farmers and the seasonal produce harvested in South Florida's tropical climate, including their own on-site organic garden and other specialty natural gourmet products carefully selected.

The spa and wellness services are inspired by holistic Ayurvedic philosophy and naturally derived products, which are predominately organic and farmed to protect the environment and support social causes.

The service standards are designed to make guests from all backgrounds feel welcome, exceed service expectations, knowing guests preferences and paying attention to every little detail imaginable.

How To Get There

Fly directly to Miami International Airport, located just 20 minutes from the Palms Hotel & Spa. Daily national and international non-stop flights are available.
