Welcome

Message

Dear Colleagues and Esteemed Guests,

It is my distinct honor and privilege to welcome you to the Abu Dhabi 2024 International Brain & Spine congress (ADNEURO) hosted at Dusit Thani Hotel, Abu Dhabi, from April 26-28, 2024.

I am thrilled to gather distinguished professionals, experts, and thought leaders in the field of neurosurgery for this landmark event. Our mission is to create an unparalleled platform for collaboration, knowledge exchange, and the exploration of cutting-edge advancements in neurosurgery.

With over two decades of experience in neurosurgery, I have witnessed the evolution of our field, and ADNEURO 2024 is designed to reflect the latest in neurosurgical techniques, research, and best practices. Our comprehensive program covers a spectrum of topics, from spine surgery to cerebrovascular interventions, functional neurosurgery, and beyond.

I encourage you to actively engage in the scientific discussions, share your insights, and seize the opportunity to learn from esteemed colleagues. Together, let us foster a culture of excellence, innovation, and continuous improvement in neurosurgery.

Abu Dhabi, known for its commitment to peace and tolerance, provides a fitting backdrop for this global gathering. I extend a warm welcome to all participants and express my gratitude for your contribution to the success of ADNEURO 2024.

Wishing you a fruitful and enriching experience.

Best regards,

Waseem Aziz

Congress Chair

Consultant & Chair Neurosurgery

Shakhbout Medical City, Abu Dhabi, UAE

• Mission Statement:

The mission of the ADNEURO 2024 is to advance the field of neurosurgery by providing a platform for global collaboration, knowledge exchange, and the dissemination of cutting-edge advancements.

• Purpose Statement:

The purpose of the ADNEURO 2024 is to facilitate a dynamic and interactive environment where experts, practitioners, and researchers in neurosurgery can converge, share insights, and engage in discussions to enhance patient care and treatment methodologies.

• Goal of the Conference:

The overarching goal of the ADNEURO 2024 is to foster excellence and best-practice care in neurological and spine surgery. By bringing together international experts and thought leaders, the conference aims to set new benchmarks, promote collaboration, and contribute to the continuous improvement of neurosurgical knowledge and practices.

• Target Participants:

The conference is designed for neurosurgeons, spine surgeons, specialists, and healthcare professionals dedicated to advancing their knowledge in neurosurgery. It caters to a diverse audience, including practitioners, researchers, and experts from various specialties related to neurosurgery.

• Event Description:

ADNEURO 2024 is a three-day event hosted at Dusit Thani Hotel, Abu Dhabi, from April 26-28, 2024. The program encompasses a comprehensive range of learning formats, including lectures, small group discussions, and case studies. The conference covers diverse topics such as spine surgery, skull base procedures, cerebrovascular interventions, oncology, functional neurosurgery, and more.

• Learning Objectives:

1. Explore the latest advancements in spine surgery, including innovative techniques and treatments.
2. Enhance understanding of skull base procedures, addressing complex anatomical challenges.
3. Gain insights into cerebrovascular interventions, covering aneurysms, AVMs, fistulas, and spinal pathologies.
4. Stay updated on oncological advancements, including awake craniotomy, radiation oncology, and chemotherapy.
5. Deepen knowledge of functional neurosurgery, addressing conditions like trigeminal neuralgia, hemifacial spasms, and spinal cord stimulation.
6. Understand the latest in neurosurgical techniques, such as XLIF, ALIF, TILF, and endoscopic procedures.
7. Foster collaborative discussions to address challenges and opportunities in the field.

Organizing Committee

DAY

1

FRIDAY

26th April, 2024

08:00 - 09:00 **Registration & Welcome Coffee Break****Chairpersons**

8:30 - 8:40 Craniocervical junction

8:40 - 8:50 ACDF and PCF

8:50 - 9:00 Cervical arthroplasty

9:00 - 9:10 Cervical Corpectomy

9:10 - 9:20 360 Fixation

9:20 - 9:30 Endoscopic thoracic

9:30 - 9:40 Trauma Spine

9:40 - 9:50 Kyphoplasty

9:50 - 10:00 Thoracolumbar Fixation

10:00 - 10:10 Multiple Fracture Management

10:10 **Discussion****SESSION 2****Skull Base****Chairpersons**

10:10 - 10:35 CP Angle

10:35 - 11:00 Foramen magnum

11:00 - 11:25 lateral skullbase

11:25 - 11:50 Anterior Skull Base/Management of Complications of Facial Nerve Injuries

11:50 - 12:00 **Discussion**

Opening Ceremony

	Welcome	
12:00 - 12:30	Pilenary Leacture	
12:30 - 13:00	Pilenary Leacture	
13:00 - 14:00	Pray & Lunch Break	

SESSION 4

CerebroVascular

Chairpersons		
14:30 - 14:55	Brain Anuirysm	
14:55 - 15:10	Brain AVMs	
16:10 - 16:35	Brain fistulas	
16:35 - 17:00	Spinal patholgies	
17:00 - 17:25	Cavernomas	
17:25 - 17:35	Discussion	

End of day 1

DAY

2

SATURDAY

27th April, 2024

08:30 - 09:00 Welcome Coffee Break

SESSION 5

Chairpersons**09:00 - 09:25 EOS Management****09:25 - 09:50 Spinal Column Fusion****09:50 - 10:15 Rib Traction and NeuroMuscular****10:15 - 10:40 VBT****10:40 - 11:05 Internal and External Bracing****11:05 - 11:15 Discussion**

SESSION 6

Oncology**Chairpersons****11:15 - 11:40 Awake Craniotomy****11:40 - 12:05 Radiation Oncology****12:05 - 12:30 Chemo Therapy****12:30 - 12:55 Researchs- Giloma****12:55 - 13:05 Discussion****13:05 - 14:00 Pray & Lunch Break**

FNS

Chairpersons		
16:00 - 16:25	Trigeminal Neurologia	
16:25 - 16:50	Hemifacial Spasms	
16:50 - 17:15	Spacitcity	
17:15 - 17:40	Spinal Cord Stimulation	
17:40 - 17:50	Discussion	
17:50 - 18:00	Coffee Break	

End of day 2

DAY

3

SUNDAY

28th April, 2024

08:30 - 09:00 **Welcome Coffee Break**

SESSION 8

Chairpersons		
09:00 - 09:30	TILF	
09:30 - 10:00	XLIF Prone lateral and OLIF	
10:00 - 10:15	ALIF	
10:15 - 10:25	Discussion	

SESSION 9

10:25 - 11:15	
11:15 - 11:25	Discussion

SESSION 10

Chairpersons		
11:25 - 12:15		
12:15 - 12:25	Discussion	
12:25 - 14:00	Pray & Lunch Break	

Brain Endoscope

Chairpersons

14:00 - 14:25 Pituitary endoscopic resection

14:25 - 14:50 Extended EndoNasal

14:50 - 15:15 Management of CSF leak

15:15 - 15:40 Transventricular approaches

15:40 - 16:05

16:05 - 16:15 Discussion

16:15 - 16:30 Coffee Break

SESSION 12

Chairpersons

Epilepsy Surgery

VNS

SDR

Brain Trauma management

16:30 - 17:20

Robotic Spine

Endoscopic Lumbar

Spine Pain Management

Pediatrics Brain and Spine

17:20 - 17:30 Discussion

End of day 3
