

The Pacific Retina Club was established to bring together retina specialists from across the United States to discuss interesting retinal cases and exchange knowledge, expertise, and opinions regarding the evaluation and management of common and rare retinal diseases.

Join us for a **spirited case conference** on Friday, June 2, 2023, and a **comprehensive retina update** on Saturday, June 3, 2023, that will cover a wide array of topics including basic science and pathology, vitreoretinal surgery, tumors, imaging, wet and dry AMD, clinical trials, diabetes, retinal vascular diseases, uveitis, pediatric retina, and inherited diseases.

MEETING HIGHLIGHTS

- Distinguished Faculty
- Innovative cases and presentations
- Energetic, dynamic, and insightful discussions
- Latest innovations in retinal disease
- In-depth coverage
