Dear Colleagues,

It is a great pleasure to welcome you to Dementias 2018 – our 20th Anniversary conference. For this special occasion, most of our speakers will be taking a look at likely future developments in our field, or a backward look at what from the recent past now seems to be mainstream practice or current thinking.

We have several rather special keynote speakers, including Professor Ken Shulman of Toronto, who was our keynote speaker at our 10th conference and who is a popular old friend of this series of conferences.

Whether you have been before, perhaps several times, or whether you will be a new attendee, we are confident that this 20th conference will be informative, interactive and enjoyable. This has certainly been our aim in choosing the speakers and topics.

We look forward to seeing you in London in 2018!

Professor Tom Arie, CBE & Professor Alistair Burns, CBE

Who Should Attend

- Old age psychiatrists
- Psychiatrists
- Geriatricians
- Care of the elderly specialists
- Neurologists
- Mental health service managers
- Community mental health teams
- Specialist nurses

Feedback from 2017

"Well organised conference; thought provoking lectures; exceptional speakers; I would recommend this course to my colleague"

"I feel fortunate to attend this inspiring event. Real food for the brain, thank you"

"These Dementia meetings are always good value. I meet more colleagues than at faculty of old age psychiatry meetings. Great for networking"

"Very enjoyable experience, informative, relevant"
