WEB CONFERENCE

355 Plagiocephaly: Assessment & Treatment of Infants & Toddlers

Course Developed by the Late Dr. Cindy Miles

Instructor

Anjali Gupta, PT, MSPT, CLT

A course for Physical Therapists,
Occupational Therapists, and Assistants

Course Times (6 CEUs):

2 hours of pre-reading and

4 hours of video presentation

delivered via livestream internet or recorded

Motivations, Inc.

SUMMARY: The presentation will provide evidence-based clinical pathways for management of infant head shape. Differential diagnosis that may lead to head shape differences will be explored. Discussion will concentrate on progressive, effective evaluation and treatment schemes for infants with a diagnosis of plagiocephaly, including challenging cases. Current research and recommendations pertaining to the implications of plagiocephaly and increased use of positional devices will be discussed and incorporated. Red flags for related early infancy and preschool consequences will be appraised. Emphasis on home exercise programs, effective strategies, and long term follow-up to team with parents will be explored. Course instruction method includes: lecture, demonstration, videos, case studies and question/answers. *Intermediate Level*

PRESENTER: Anjali Gupta has been a pediatric physical therapist for more than 20 years specializing in treatment of children with cerebral palsy, torticollis, and NICU. She currently works at Texas Children's Hospital as the manager of Clinical Education and Research. She provides education programming, mentoring, and develops training programs for therapy staff. She served as the co-chair of programming committee for the APTA Academy of Pediatric Physical Therapy for the national Combined Sections Meeting for several years and is currently the vice – chair of the Neonatology Special Interest Group.

OBJECTIVES: As a result of this course, participants will be able to:

1. Appraise available research and solutions to manage the impact on head shape that may be present with a diagnosis of plagiocephaly, including helmet criteria.
2. Identify preventative strategies, including developmental positioning for play, parent education, and early referral criteria.
2. Explore facilitators and barriers to helmet treatment.

FORMAT: This is a 6-hour lecture/discussion course equivalent to 6 CEUs.

APTA: Motivations Inc is an approved provider by The Texas Chapter of the APTA. Most PT State Boards accept our courses.

AOTA: Motivations Inc. is an AOTA Approved Provider of professional development. Provider ID#12202. This Live and Distance Learning—Interactive and Distance Learning—Independent and Blended/Hybrid activity is offered at 0.6 CEUs **Intermediate-Level**, Occupational Therapy Service Delivery, Foundational Knowledge. The assignment of AOTA CEU's does not imply endorsement of specific course content, products or clinical procedures.

Timed Agenda: 6 Hours

2 Hours of Assigned Pre-reading including research review and course related content.

4 Hours of Live or Recorded Video Presentation

Time	Topic	Instructional Method
10	Anatomy	Lecture
30	Craniosynostosis: Differential Diagnosis	Lecture/Interactive Discussion
40	Cranial Asymmetries Assessment	Lecture/Video/ Interactive Discussion
40	Treatment/Helmet Criteria	Lecture/Video/ Interactive Discussion
40	Potential Long-Term Outcomes	Lecture/Video/ Interactive Discussion
30	Case Reviews	Case Study/Video/ Interactive Discussion
30	Facial Asymmetry	Case Study/Video/ Interactive Discussion
20	Q & A	Interactive Discussion

Course Completion: Live web course includes interactive participation through chat, polls, breakout sessions. Recorded webinar includes a multiple-choice test open book learning which can be taken until a passing score obtained.
