Dealing with Bullying: A Guide for School Nurses

🕒 1 CE Credit Hours

Bullying is a common experience for many children and adolescents. Surveys indicate that as many as half of all children are bullied at some time during their school years, and at least 10% are bullied on a regular basis. This course will discuss the incidence of bullying, characteristics of the aggressors, risk factors and signs of bullying, as well the law that protects against the increasing and devastating trend that is bullying.
