*Raising the Standard in Healthcare and
Case Management*

Welcome Message

Dear Colleagues,

We are delighted to announce the upcoming merger of two previous conferences, "Rehabilitation, Longterm & Homecare Conference" and "Nursing Case Management Conference".

It is with great pleasure that we invite you to join us at the "Homecare, Longterm and Case Management Conference" on September 13, 2019 in Abu Dhabi, United Arab Emirates.

The Homecare, Longterm, and Case Management will have the theme "Raising the Standard in Healthcare and Case Management". We believe that this will provide you with a great opportunity to advance your practice, gain new knowledge and develop new strategies for your organization as well as allowing you to network with your peers and experts in the field.

We have assembled for this conference regional speakers with various expertise in rehabilitation medicine and case management. The format will take the form of plenary lectures, case discussion and questions. We have made every effort to make this conference more practical and less theoretical so that it may have direct impact on patient care.

We look forward to see you on September 13, 2019.

Sincerely,

Dr Nadeem Rahman
