ADVANCES IN PROSTATE CANCER DIAGNOSIS AND TREATMENT

Venue: Mary Ward House, London

CPD: 5 CREDITS (APPLIED FOR)

This event, supporting the Movember Foundation, encompasses both an educational day event aimed at medical professionals and an informal evening session open to all. Delegates may attend one or both of the sessions.

During the day, learn about best-practice in MRI, IMRT, brachytherapy and nuclear medicine for prostate cancer. Hear from the experts on how to image metastatic prostate cancer. Find out how to get the best from your multidisciplinary team to deliver the best service to your patients.

For all radiologists, oncologists, urologists, physicists, specialty trainees and radiographers but will also be of interest to junior and senior clinicians.

09:00	Registration and refreshments	Session 2 - Treatment	
Session 1 - Diagnosis		13:15	IMRT for prostate cancer: Why, when and how much? Dr Isabel Syndikus, Consultant Clinical Oncologist, The Clatterbridge Cancer Centre NHS Foundation Trust
09:30	Multiparametric prostate MRI: Seeing is believing Dr Alex Kirkham, Consultant Radiologist, Princess Grace Hospital	14:00	Hypofractionation: The evidence so far Dr Nicholas Van As, Consultant Clinical Oncologist, The Royal Marsden
10:15	Imaging of metastatic prostate cancer: Challenges and opportunities Professor Anwar Padhani, Consultant Radiologist, Mount Vernon Hospital	14:45	Refreshments
11:00	Refreshments	15:15	Brachytherapy Dr Robert Laing, Radiation Oncologist, St Luke's Cancer Centre
11:30	The role of multiparametric MR in planning and following focal therapy Dr Tristan Barrett University Lecturer/Honorary NHS Consultant Radiologist, University of Cambridge	Session 3 - Advances	
12:15	Lunch	15:45	Advances in nuclear medicine Dr Tara Barwick, Consultant Radiologist and Nuclear Medicine Physician, Imperial College Healthcare NHS Trust
		Session 4 - The multidisciplinary team	
		16:15	The multidisciplinary team approach to prostate cancer management: case discussions
		16:45	Close of day event

Call for abstracts
