

13th Hanover arthroscopy & arthroplasty course

Focus shoulder 2018 09–10 November Hanover, Germany

- ◆ Live surgeries
- ◆ Live clinical examination
- ◆ Live indication for surgery

Patronage:

Scientific chairs:
PD Dr. Jens D. Agneskirchner
Prof. Dr. Helmut Lill
Prof. Dr. Philipp Lobenhoffer

Venue:
Fairground Hanover
(NORD/LB forum),
Germany

www.arthroskopiekurs-hannover.de/en/

Welcome Addresses

Dear colleagues,

„LIVE is LIFE“

According to this motto, we present the 13th time the arthroscopy and joint course Hanover from 9.-10. November 2018.

As the only advanced training event in joint surgery to date, our concept is not to offer predominantly lectures or videos „from the retort“, but to provide 100% authentic education in the field of shoulder surgery by

- Live clinical examination
- Live radiological analysis
- Live surgery

During 2 days top internationally renowned shoulder experts will demonstrate their clinical examination technique, analysis of the radiological imaging and subsequent surgical technique of the previously examined cases in 15 cases of various shoulder pathology.

The event will cover the entire range of shoulder pathologies such as instability, rotator cuff lesions, shoulder fracture and fracture sequelae, as well as shoulder arthroplasty.

This unique concept means, that the faculty will not only focus on the surgical techniques, but also on „the path to surgery“, i.e. the indications, and discuss all of this with each other and with you.

Moreover the event will offer:

- Live dialogue during the examinations and surgeries with the surgeons and moderators: You can ask questions directly and give comments.
- Panel discussions at the end of each day
- Industry workshops

Tape recordings of all examinations and surgeries will be available on USB sticks.

Join us and participate in this unique event which will be held at international Hanover exhibition area.

You will have a big benefit for your daily practice.

PD J. D. Agneskirchner, Prof. H. Lill, Prof. P. Lobenhoffer
