

Sixth Annual Stroke Conference

Saturday, August 11, 2018 | **The Schaetzel Center**
Scripps Memorial Hospital La Jolla, California

Course Overview

The Sixth Annual Stroke conference is being offered to healthcare professionals who care for the patient with or at risk for stroke, in order to support them with the best in advanced care and innovation. This year's symposium highlights scientific advances in cardiac arrhythmias and stroke, transient ischemic attack, intracerebral hemorrhage, patient movement, decision-making and rehab for improved functional outcome.

Stroke expertise at Scripps is evident in the quality of interdisciplinary health care professionals presenting information to enhance patient care from a variety of medical perspectives. Content will include a comprehensive overview of stroke and the most up-to-date treatment options and technology.

Conference Highlights

- Plenary talks from nationally recognized experts
- Presentations on hot topics, upcoming scientific developments, and current advances in stroke
- In-depth breakout sessions on pertinent topics
- Networking opportunities among colleagues
- Conference app with access to course materials from the convenience of your mobile device or computer
