The Lodge at Whitefish Lake Inspired by the grand lodges of the past and surrounded by mountains with the pristine waters of Whitefish Lake at it's backdoor. The Lodge is only minutes from downtown galleries and shops of Whitefish and less than a 30-minute drive to the scenic wonders of Glacier National Park. The Lodge offers all the amenities of a full-service resort including complimentary valet parking and shuttle service to boat and personal watercraft rentals, a private beach, and relaxing spa treatments. Viking Rooms feature one king or two queen beds (based on availability), soaking tub and walk-in shower, complimentary high-speed Internet access, fireplace, safe, coffee maker, mini-fridge, hairdryer, and iron/board, and microwave.

The Lodge's central location makes it easy to reach Glacier Park International Airport (FCA) (15 minutes) and is only minutes from the Whitefish Depot, served daily by Amtrak. Other gateway cities are Missoula, MT (MSO) 132 miles; Spokane, WA (GEG) 261 miles; Calgary, Alberta, Canada (YYC) 293 miles.

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only. All rates are single/double occupancy. Rates do not include 7% State Accommodations Tax, 3% Resort Tax and 1% Tourism Promotion Assessment (11% Total). Applicable taxes and fees are subject to change.

Viking Standard Room: \$269
• 1 King bed or 2 Queen beds
• \$40 charge per rollaway bed for extra persons (limited number available). Viking rooms with 2 beds will NOT accommodate a roll away bed.

Other room types may be available upon request. Call (800) 222-6927.

DEPOSIT REQUIRED: Credit card required to hold your room. Full stay + 11% tax will be charged by the hotel 45 days prior to arrival. Rate and availability not guaranteed until deposit received.

CANCELLATIONS: Cancellations or change of reservation accepted without penalty until 17 days prior to arrival. Inside 17 days you will be charged for the entire reserved stay plus 11% tax. This includes shortening your stay or changing room type, and no-shows. Hotel policy—No exceptions allowed for any reason. **Travel insurance is recommended.**

COURSE DIRECTOR: Brian A. Bates, MD, Associate Professor of Pediatrics
Baylor College of Medicine, Pediatric Emergency Medicine, Children's Hospital of San Antonio, San Antonio, Texas

MEDICAL DIRECTOR: Mark Murphy, MD, MSN Education, Austin, Texas and Northwest Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, physician assistants, registered nurses, paramedics, pre-hospital emergency medicine care providers and all other medical care providers who must maintain state-of-the-art knowledge of not only the specialty, but also of additional related disciplines which both impact and are impacted by it.

PROGRAM PURPOSE: The practitioner of emergency medicine must possess evidence-based scientific background for competent clinical practice; maintain state-of-the-art knowledge of the specialty and all additional related disciplines; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures; manage self and colleagues to function toward common goals in providing consistent care in all settings in which emergency care is provided; serve as an expert in matters involving quality, safe and equitable health care delivery and support of other service providers, departments, institutions, and organizations dependent upon professional expertise. Presentations are designed to facilitate the acquisition of cognitive and technical skills as defined through evidenced based data translated to best practice standards by the pertinent governmental and professional organizations including the American College of Emergency Physicians, American College of Surgeons and the Emergency Nurses Association and abilities in one or more of the disciplines vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences as they impact and are affected by the planning, delivery, and monitoring of services inherent in the professions

Explain the selection, dosing considerations with methods of administration, safe use, contraindications and precautions of drugs based on their chemical and pharmacologic properties

Outline comprehensive patient management plans for the special patient population

Apply the principles of safety and asepsis in the performance of all aspects of patient care regardless of the clinical environment in which the practice resides

Incorporate the published tenets of pertinent, recognized external organizations, institutions, and professional groups defining medical, legal, philosophical, ethical, and health care management standards.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas and Northwest Seminars. The A. “Pristine forests, alpine meadows, rugged mountains, and spectacular lakes..”

Whitefish Surrounded on three sides by picturesque mountain peaks, this alpine village offers gondola rides, hiking, horseback riding, chuckwagon dinners, and music festivals in the outdoor amphitheater. Whitefish still retains the warm, friendly charm of its bygone railroading days with its covered sidewalk main street leading to the cultural arts center, historic depot museum, and public library. This quaint, picturesque western town offers visitors a change from the fast-paced hustle and bustle of urban life. Central Avenue is filled with a variety of quality restaurants, shopping, and night life. Just a short drive away you'll find the real treasure of this area, Glacier National Park's pristine forests, alpine meadows, rugged mountains, and spectacular lakes. With over 700 miles of trails, Glacier is a hiker's paradise for adventurous visitors seeking wilderness and solitude. Drive the Going-to-the-Sun Road, participate in a ranger-led talk or walk, or investigate the Discovery Cabin in Apgar Village. Take a cruise to learn about geology and park history or take a guided Horseback trip. While a visit to Glacier can take days or weeks to see everything, there are many other places nearby that offer a host of different and interesting vacation options. One must-see is Glacier's sister park across the International Border, Waterton Lakes National Park. The other half of Waterton-Glacier International Peace Park, Waterton Lakes offers great hiking, scenic cruises, and scenic drives. If that is still not enough to keep you busy, there is also fly fishing, helicopter tours, golf, hot air ballooning, theater, museums, whitewater rafting, alpine slides, canopy tours, mountain biking, and more.

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.northwestseminars.com or call (800) 222-6927.
