WHAT THE COMMUNITY IS TALKING ABOUT

“Excellent combination of healthcare program integrity vendors and payers. The speakers were all excellent and knowledgeable about program and revenue integrity”

**Missouri
Medicaid
Audit &
Compliance**

“Enjoyed the event, was quite small, which enabled me to interact with the majority of participants and vendors. Presenters were varied and brought interesting perspectives”

Florida Blue

“This conference filled a much-needed gap in focusing on Payment Integrity issues and initiatives”

Blue Cross Blue Shield

“It was terrific to hear Payment Integrity focused content”

Cigna

“The singular focus and size of the event allowed for excellent collaboration”

HC-SC

“The PI Congress was wonderful - here is why I ranked it a '10': 1. There was representation from across the industry rather than one organization. 2. The Materials in each conference workshop were very specific and relevant to the industry today; what's happening, what we found that works or does not work well, customer pain points and what is being done to resolve them”

Elevance/Carelon

“A Payment Integrity centric conference has been long overdue and was very well organized. The topics were diverse, and speakers were insightful. Would recommend and attend next year”

HPRI WHY JOIN US?

ACTIVE:

Tap into a hivemind of 100s of engaged payment and revenue integrity professionals, who regularly interact with our emails, attend events & webinars, and participate in surveys and research. (Total reach 35,000+)

FOCUSED:

Simply put, you can't get the suite of knowledge and tools that we offer anywhere else. We attract decision makers from payment and revenue integrity communities that are actively searching for solutions to help them achieve their strategic goals.

HIGH QUALITY:

Join PI & RCM departmental leads discussing best practice, innovation, case studies and forecasts for each stage of the claims continuum as payers and providers move from right to left.

COMMERCIAL:

We are not a heavily academic focused community. We exist to drive accuracy and integrity of claims, nurture payer-provider relationships and support the transition to value-based payments

PAYERS:

ACHIEVE PAYMENT
ACCURACY

LEVERAGE AI &
ADVANCED
ANALYTICS

REDUCE PROVIDER
ABRASION

OPTIMIZE
PI-RELATED
WORKFLOWS

PROVIDERS:

PREVENT REVENUE
