

InterContinental Mark Hopkins San Francisco
With a local legacy and grand architectural character that make it one of the most celebrated luxury hotels in San Francisco, the InterContinental Mark Hopkins is a landmark Nob Hill destination with breathtaking views of the Bay Area. Offering an experience of class and character, this historic hotel has been updated with modern amenities, high-tech features and elegant design.

The InterContinental Mark Hopkins is ideally situated in the heart of the city with easy access to many of the area's top attractions, sightseeing, shopping, dining, entertainment and nightlife. Enjoy an easy stroll to Chinatown, Union Square and the Financial District, or take a short ride to Fisherman's Wharf, the Mission District and Golden Gate Park.

Soak in spectacular breathtaking views of the San Francisco skyline, Bay and the Golden Gate Bridge from the amazing penthouse lounge, the Top of the Mark. Located on the 19th floor of our grand hotel, this San Francisco restaurant with a view provides a 360-degree panorama along with a dance floor, signature martini menu and exciting events schedule that includes live music and performers several nights of the week. A popular local destination since its opening in 1939, Top of the Mark has hosted World War II servicemen, along with numerous celebrities and dignitaries. Join them and discover why this unique lounge with priceless views has continued to captivate visitors from all over the world.

Standard Rooms offer 312 sqft. of space along with one King bed or two Double beds (based on availability). Found on the lower floors of the hotel, Standard Rooms have neighborhood and limited city views. Enjoy crisp linens, a generous selection of pillows to choose from, Keurig coffee maker, clock radio, laptop safe, iron/board, mini-bar, bathrobes, slippers, deluxe bath amenities, and more. The InterContinental Mark Hopkins is located approximately 11 miles from the San Francisco International Airport (SFO) and 21 miles from the Oakland International Airport (OAK). Valet parking at the hotel is approximately \$61.50, overnight inclusive of tax. Other public pay lots are available in the area.

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only. Room rates include complimentary internet access in guest rooms for those who book their room through NWAS/NWWT only (normally \$14.95/day).

- Standard Room \$299** (Single or Double Occupancy)
Standard Room \$329 (Triple Occupancy)
Standard Room \$359 (Quad Occupancy)
- 1 King or 2 Double beds.
 - Rates plus 14% tax and 2.64% tourism assessment/tax, per room, per day.
 - Maximum 4 guests per room.

DEPOSIT REQUIRED: One night plus tax deposit to hold your reservation. Check or credit card required to hold your room. Rooms are limited and rates available only through Northwest Worldwide Travel. Rate and availability not guaranteed until deposit received.

CANCELLATIONS: Cancellations of room reservations without penalty accepted until 5 days prior to arrival. Early departure fees apply. **Travel insurance recommended.**

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Austin, Texas, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, certified registered nurse anesthetists, physician assistants, nurse practitioners, registered nurses and other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesia professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 20 *AMA PRA Category I Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the AANA for 20 Class A CEC; AANA Code #1034631; Expiration Date 4/28/17.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category I Credit™* from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category I credit for completing this program.

Registered Nurses: NWAS is an approved provider for the following state nursing boards: California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), Georgia Board of Nursing (Provider Number 50-7480), and the South Carolina Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.

San Francisco, our most requested destination, offers travelers two built-in advantages. It's one of the most scenic cities in the world and one of the most compact. The Bay is spanned by two landmarks, the Golden Gate and San Francisco-Oakland Bay bridges, and is graced by four islands, Alcatraz, Angel, Yerba Buena, and Treasure.

Great cleansing drafts from the Pacific wash the city in all seasons giving it an aura of perpetual spring. Its principal attractions are the century-old cable cars, Fisherman's Wharf, Alcatraz, Chinatown, Golden Gate Park, Mission Dolores, the pagoda-crowned Japan Center, the Victorian shopping sector known as Cow Hollow, Ocean Beach and Seal Rocks, Union Square, and North Beach.

The city has more restaurants per capita than any other in the U.S. San Francisco also supports an opera with a glittering tradition, a world-class symphony orchestra, a ballet that has won international acclaim, an annual International Film Festival, four public art museums, dozens of galleries, and legitimate theaters presenting top offerings from New York, London, and the local production circuit.

San Francisco lies within easy driving distance to the High Sierra resorts of Lake Tahoe and Yosemite, the Monterey/Carmel peninsula, California's wine country, the Redwood Empire, and the spectacular Mendocino Coast.

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.nwas.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Anesthesia Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 or E-mail: kellee@universaltravel1.com

Course Registration

18ASF

TUITION: In USD	MD/DO	CRNA/PA	RN/Others
Early <i>(Paid by 1/24/18)</i>	\$950	\$900	\$800
Regular <i>(Paid after 1/24/18)</i>	\$1000	\$950	\$850
Daily	\$255	\$243	\$218

PAYMENT METHODS:

Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in US funds, payable to NWAS.

SCHEDULE AND FACULTY CHANGES:

Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER:

We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. NWAS and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE:

\$100 February 23, 2018 to March 25, 2018. No refund after March 25, 2018; however, 50% of tuition paid may be applied toward tuition for another NWAS program within the next 12 months. **Cancellation must be made in writing.**

FAP (FREQUENT ATTENDEE POINTS):

FAP lets you accumulate points based on dollars spent with NWAS including net hotel and tuition booked through NWAS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWAS.

ERRONEOUS PRICING NOTICE:

Northwest Anesthesia Seminars, Northwest Seminars, and Northwest World Wide Travel reserves the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.
