Communications

FUS Newsletters

FUS publishes two to three newsletters each year, which include a variety of reports from the president and other officers, the Florida Board of Medicine, the FUS Program Committee and more. The newsletters aim to keep urologists up-to-date with state affairs, given the ever-changing healthcare policies in Florida, and explain how legislation will affect their practice. You'll also find highlights from the Annual Meeting and information regarding any upcoming meetings of interest to Florida urologists.
