President's Message

“ The AAD Annual Meeting is about collegiality, professionalism, and recharging our batteries. ”

The “Mile High City” is not a metaphor, the 13th step on the west side of the State Capitol Building in Denver is exactly 5,280 feet above sea level, so you can actually stand one mile high.

Standing tall is also an apt metaphor for the AAD and this very special 2020 AAD Annual Meeting in Denver. The AAD Meeting has been poking its head and shoulders above the crowd steadily for more than 80 years, and quickly established its Annual Meetings as the premier dermatology event of the year.

The 2020 AAD Annual Meeting will not disappoint with over 1,000 speakers and over 450 educational sessions ranging from large symposia and courses to intimate focus sessions and hands-on workshops.

I find the plenary topics especially intriguing. Dr. Karen Edison will address the rapid transformation in dermatology that we are in the midst of and how to successfully lead through such rapid change. Dr. Suzanne L. Topalian will share her knowledge about the revolutionary immune checkpoint blocking drugs for the treatment of melanoma and other skin cancers. This is the first class of drugs to have shown a truly meaningful impact on patient survival. Dr. John Harris will give a talk on “Vitiligo Treatment from the Iron Age to the Age of Biologics.” Dr. Aimee Payne will present the 2020 Eugene J. Van Scott Award/Frost Leadership Lecture “Taking Aim at Autoimmunity with CAAR T cells.”

Dr. R. Rox Anderson will be receiving the Academy's highest honor, the Gold Medal, for his revolutionary contributions to the development of laser and energy-based dermatology. It's an important moment for me because Rox was my mentor during my fellowship at the Wellman Lab and an inspiration in my career. Make sure you seek him out at the meeting and congratulate and thank him for the positive impact he has had on countless patients and physicians. And remember to seek out and thank your own mentors, as well.

When you're at a high elevation, it's inevitable to look above and beyond — and that's what these meetings have come to mean. Above and beyond the incredible sessions, speakers and events, the AAD Annual Meeting is also about collegiality, professionalism, and recharging our batteries to return back to our patients with new knowledge. And above all that, we improve our patient care and revitalize our purpose and enjoyment of practicing dermatology. Denver has grown up, tall and proud, and so has the AAD. And I'm personally proud and honored to be your president during this amazing time of monumental growth.

George J. Hruza, MD, MBA, FAAD

President, American Academy of Dermatology

Chair's Message

It's fitting that AAD is having its exciting, epic, and extraordinary 2020 AAD Annual Meeting in Denver. Colorado has a reputation as one of the most well-educated states in the nation, and I believe our profession can boast having a commensurately well-educated collection of dedicated physicians. The culmination of our education, and its showcase, is the AAD Annual Meeting.

The 2020 AAD Annual Meeting program has more than 450 sessions which the Scientific Assembly Committee has designed to address the educational needs of dermatologists. Stimulating lectures abound, with ample opportunities for Q&A. Courses, symposia, forums, and focus sessions on myriad topics, including dermatopathology, medical, pediatric, and surgical dermatology, late-breaking advances, and hot topics will all be included. You will also undoubtedly be delighted to see more hands-on sessions, patient simulation assessments, and audience participation sessions that offer both CME and MOC credit. The Technical Exhibition also promises to offer the latest and greatest in dermatological products and services by over 400 companies.

“

The culmination of our education, and its showcase,
is the AAD Annual Meeting.

”

I am proud to chair our 2020 AAD Annual Meeting, and I believe we have assembled a spectacular collection of dermatology education. The meeting is so strong because our members are profoundly intelligent and motivated to come and learn and share. Surrounded by majestic mountain peaks, Denver in 2020 promises to deliver everything from breaking science and new therapies to surgical techniques, treatment options, practice management, and virtually everything in between. Check out all the educational offerings within the program, plan carefully, and come broaden your dermatological horizons in Denver!

Jacob Levitt, MD, FAAD

Chair, Scientific Assembly Committee

AMERICAN ACADEMY of
DERMATOLOGY | ASSOCIATION

THANK YOU!

Strong relationships with Corporate Partners have helped the American Academy of Dermatology continue to advance dermatologic care through education, research, and advocacy. The Academy is proud to honor the following partners for supporting 2019 programs and services. Because of their generosity, the Academy is able to further its educational goals and mission in service to our members, their patients, and the public.

2019 CORPORATE PARTNER CIRCLE MEMBERS

Membership is awarded to Corporate Partners who have provided support at the Ruby Level and above for three consecutive years.

Education ELEVATED

Take your skills to new heights with over 450 expert-led sessions covering the latest in dermatology. Whether you're looking for hands-on experience, simulated patient encounters, or trending topics in dermatology — **the Annual Meeting has you covered.**

FEATURED SESSIONS

- Hands-on: Pediatric Procedures – **NEW**
- Micrographic Dermatologic Surgery (MDS) Subspecialty Certification Exam Prep Course – **NEW**
- The 2020 Debates: Controversies in Dermatology – **NEW**
- Therapeutic Hotline – **POPULAR**
- Late-breaking Research: Clinical Trials – **POPULAR**
- Hot Topics – **POPULAR**
- Putting Technology to Work for You and Your Patients: Augmented Intelligence and its Role in Enhancing the Practice of Dermatology – **NEW**

Be sure to register early to save a spot at the popular Hands-On Workshops and Hands-On Patient Experience sessions!

Visit **aad.org/AM20** for a full listing of sessions!

BE SURE TO REGISTER EARLY TO SAVE A SPOT AT THE POPULAR HANDS-ON SESSIONS!

Hands-On Workshops

Sharpen your technique and gain experience by using cadavers or simulation models. Topics include: Scar Revision, Wound Closures, Nail Surgery, Lasers, Suture Techniques, Veins, and Fillers.

Hands-On the Patient Experience

Polish your patient communication skills by interacting one-on-one with a standardized patient. Topics include: Medication Management, The Difficult Patient, Total Body Skin Exam, and the Transgender Patient.

MARK YOUR CALENDARS
*Registration and Housing
opens in November!*

COME A DAY EARLY!
Join us on **Thursday, March 19** for:

Global Education Day

Select international societies will be holding independent sessions showcasing the work of fellow dermatologists from around the world. The following organizations will be hosting independent sessions:

- Academia Española de Dermatología y Venereología
- Egyptian Society of Aesthetic Dermatology
- Egyptian Women Dermatologic Society
- International Dermoscopy Society
- International Peeling Society
- International Psoriasis Council
- Polish Dermatological Society
- International Forum for the Study of Itch

Registration for these events are separate from your Annual Meeting registration.

Visit aad.org/AM20 for more information.

WHILE YOU'RE NOT IN SESSION, EXPLORE DENVER...

Outdoor Adventures

The Mile High City offers gorgeous views of the Rockies and is a premier destination for the outdoor enthusiast with miles of off-road trails for walking, hiking, or biking and world class water rafting and skiing slopes.

Arts & Entertainment

When you've had your fill of the outdoors, seek refuge in Denver's Art Scene. Visit the renowned Denver Art Museum, the Denver Museum of Nature & Science, or stroll the Art District on Santa Fe in downtown Denver which features more than 30 galleries, upscale shopping, and trending restaurants. Music lovers won't want to miss the chance to rock out at Red Rocks Amphitheater, host to legendary entertainment acts.

Food & Brews

Stay fueled for all your adventures by indulging in Denver's foodie scene. Chef-owned, farm to table, or unique street vendors, Denver restaurants cater to every taste. A beer lover's haven, Denver boasts more than 100 breweries so you're always sure to find a unique brew.

SUNDAY,
MARCH 22

8 – 11:45 a.m.

FOUR SEASONS
BALLROOM

AAD/A Annual Business

Start your morning at the AAD/A Business Meeting!

The vitality of our organization is more important than ever. Hear from George J. Hruza, MD, MBA, FAAD and Marta J. Van Beek, MD, MPH, FAAD as they discuss the priorities and initiatives of the organization, and deliver the annual financial report. While there, get to know the President-elect candidates so you can make an informed decision for the AAD election.

Karen E. Edison, MD, FAAD

Clarence S. Livingood, MD, Award and Lectureship

Leading Transformation in Dermatology Practice

The practice of dermatology continues to confront multiple forces that threaten to derail our mission to serve. As we have for over 100 years, we should own and take the lead in this transformation. Three key strategies to ensure we do so will be presented, including the creative use of technology, the power of full engagement, and the obligation to lead.

Suzanne L. Topalian, MD

Lila and Murray Gruber Memorial Cancer Research Award and Lectureship

Immune Checkpoint Blockade: A New Paradigm for Treating Melanoma and Other Skin Cancers

Just one decade ago, patients with advanced melanoma and other skin cancers had very few treatment options to extend survival. The recent development of a class of drugs known as "immune checkpoint blockers," enabling the patient's own immune system to attack cancer, has revolutionized treatment approaches in oncology. Building on this, new strategies are testing treatment combinations based on checkpoint inhibitors, and are examining a role for these therapies in earlier stages of skin cancer.

Aimee S. Payne, MD, PhD, FAAD

*Eugene J. Van Scott Award for Innovative Therapy of the Skin and
Phillip Frost Leadership Lecture*

Taking Aim at Autoimmunity with CAAR T Cells

In 2017, the FDA approved groundbreaking anti-CD19 chimeric antigen receptor (CAAR) T-cell therapies that induce lasting remissions of B-cell cancers. Chimeric autoantibody receptor (CAAR) T-cells use the pemphigus autoantigen, DSG3, in an ex-vivo gene therapy to reprogram a patient's T-cells to induce antigen-specific B-cell depletion. We will discuss the development path to support a proposed first-in-human trial to evaluate the safety and ability of DSG3 CAAR T-cells to induce durable remissions of autoimmunity in pemphigus.

Meeting and Plenary Lectures

John E. Harris, MD, PhD, FAAD

Marion B. Sulzberger, MD, Memorial Award and Lectureship

Vitiligo Treatment from the Iron Age to the Age of Biologics: New Hope for an Ancient Disease

Vitiligo was described 3500 years ago in ancient Egyptian and Indian texts, and the social stigma associated with this disfiguring disease was evident from the very beginning. Forms of PUVA therapy were initiated during the Iron Age and rediscovered in the mid-20th century, yet within just the past 100 years patients were treated with either acid or arsenic. While these treatments have been replaced in modern times by safer options such as nbUVB and topical immunosuppressants, the search for even more effective, targeted therapies has continued. Research discoveries have inspired pathogenesis-directed treatments, such as Janus Kinase inhibitors, which have been effective in the first large clinical trials conducted for vitiligo. However, disease relapse is frequent when treatments are discontinued. New research shows promise for the development of better, longer-lasting treatments, and biologics to treat vitiligo are on the horizon. This Sulzberger Memorial Lecture will discuss the millennia-long search for better vitiligo treatments, including recent data that provides new hope for this ancient disease.

Larry Sabato

Guest Speaker

Crystal Ball

Dr. Larry Sabato is the professor of politics at the University of Virginia and the founder and head of the U.Va. Center for Politics, where his 'Crystal Ball' electoral analysis expertly navigates the shifting sands of American electoral politics, accurately predicting the landslides, the nail-biters, and everything in between. Exclusively represented by Leading Authorities speakers bureau, Larry Sabato provides expert knowledge of what is coming down the pike, preparing us for the changing of the guard in Washington and across the nation. He bridges the gap between the rhetoric and the reality, showing audiences how the art of politics and the science of the American voting psyche come together to produce our nation's next batch of leaders.

BE A PART OF PLENARY!

DermTales is the AAD's take on the popular live story telling events, StorySLAM. During these events, storytellers (slammers) have 5 minutes each to tell a story, based on a theme chosen for the event.

For the Annual Meeting, we invite our storytellers to submit a story about an experience that had an impact on how they practice dermatology or a time when they went above and beyond to make a difference for a patient or group of patients.

Share your story — submission deadline is December 18, 2019!

Submissions should be a brief summary of your story (500 words or less).

EARLY BIRD REGISTRATION DEADLINE	FEBRUARY 12, 2020 at 12 p.m. noon (CT)

IMPORTANT DATES AND TIMES

To view a detailed listing of Important Dates and Times, visit www.aad.org/AM20.

REGISTRATION AND HOUSING INFORMATION

REGISTRATION AND HOUSING OPENING

Registration and housing reservations must be completed online with credit card payment. Wire transfers and checks will not be accepted for payment.

Category change requests will result in a \$100 processing fee.

AAD DermCare Team participants must be in good standing with the AAD by **Monday, March 2, 2020** to receive the DermCare Team registration rate.

For further information on membership email mrc@aad.org.

SESSION ELIGIBILITY AND FEES

To review session access, registration categories, and fees see page 14 and 15. More information can also be found online under the Registration icon at www.aad.org/AM20. Only Courses (C) and Workshops (W or WSP) require a fee and ticket for admittance. All other session types are available on a first-come first-serve basis for eligible categories.

Those with a Guest badge will only have access to the exhibit hall on Sunday, March 22 and the Plenary session. Registration in an appropriate, alternative category is required to attend any portion of the scientific program and educational sessions.

CANCELLATIONS

HOTEL POLICIES

See detailed information regarding cancellations, hotel guarantee, and change policies on the AAD website at www.aad.org/AM20.

REGISTRATION

Registrants who wish to make changes or cancel their meeting registration should view the policies located on the AAD website at www.aad.org/AM20.

Please take a moment to read through these policies as you will need to agree to them when completing your registration and reserving your hotel during the online registration process.

QUESTIONS

Email mrc@aad.org or call (866) 503-7546 or (847) 240-1280.

PROGRAM INFORMATION

Remember to review the E-program at www.aad.org/AM20 for additional information on educational sessions.

Experient is the ONLY official registration and housing provider for AAD.

HOTEL ACCOMMODATIONS AND RESERVATIONS

Hotel Reservations deadline:

Wednesday, February 26, 2020 at 12 p.m. noon (CT).

A complete listing of hotels and rates can be found on our website at www.aad.org/AM20 under the Registration and Housing section.

Availability cannot be guaranteed for reservations received after the housing deadline date. Depending on demand, additional hotels may be added, and information is subject to change at any time.

Hotel reservations at AAD discounted rates must be made in conjunction with registration for the meeting.

OFFICIAL HOUSING PROVIDER INFORMATION

Experient is the official housing provider for the 2020 AAD Annual Meeting in Denver, CO. The AAD has worked diligently with the hotels in Denver, CO to establish room blocks for attendees and exhibitors. Improper solicitation of hotel reservations from any company or housing provider other than Experient is not approved by AAD. Reservations made by unaffiliated organizations may appear to be for lower rates, however they may be illegitimate, have unreasonable cancellation or change penalties, or be completely non-refundable. Please be aware of and report any unauthorized solicitation to AAD. For your own protection, please do not make reservations through any unknown housing or travel company. If you receive a phone call or e-mail from any company that is not our official housing provider, Experient, please contact the Academy immediately at askme@aad.org. There are many reported situations of false or deceptive activities by some of the third-party room block marketers. Here are some things to be aware of:

- Many of these agencies cannot actually guarantee a reservation because they do not have contracts for room blocks with the AAD hotels. They will contact a housing wholesaler to see if anything is available that can be resold to you. Even legitimate wholesalers cannot knowingly book convention attendees in the convention room block. Only an AAD Housing representative can book within the AAD block of rooms. If the hotel determines a convention attendee has

been solicited or contacted by a wholesaler, the room rate may be increased to match or exceed the group rate or the room reservation may be canceled. A rate quote from a room broker is not a guaranteed rate. AAD rates are guaranteed.

- Rather than a one-night deposit, an unauthorized company may require payment of the full cost for the entire stay for each room booked at the time of booking.
- Reservation confirmations and numbers are often not available from these companies until less than a week before the arrival date. Even then, this may not guarantee that a room will be available when you arrive.
- Generally, these companies cannot secure a large block of rooms; only one or two at a time. Exhibitors should be particularly wary, since they often need to book a group of rooms for their staff who will be exhibiting during the Convention.
- AAD is unable to assist attendees who have reserved rooms outside the block if problems result from booking through an unauthorized company. AAD contracts with the official hotel blocks and includes clauses to protect AAD attendees should the hotel oversell the rooms, or should any issues arise with reservations made within the block.

Some of these unauthorized companies may claim to be a partner of AAD or even outright falsely claim to be AAD's housing company, however, a legitimate company would not call or contact you. If you are contacted by a company that is not the AAD official housing provider, Experient, or if you are ever unsure whether or not a company is legitimate, please immediately email AAD at askme@aad.org.

- **Simulated Patient Encounters – \$79 ~~\$99~~**

Enhance patient satisfaction with this interactive online activity that mirrors real-life patient scenarios including: Breaking Bad News; Melanoma Diagnosis; Dealing with Difficult Patients; Exercise in Agenda Setting; and Medication Management: Psoriasis Counseling.

2020 AAD Annual Meeting Policies

Meeting Policies can be located at aad.org/AM20

REGISTRATION

Individuals must register and pay the appropriate fee(s) in order to attend any portion of the meeting. Violations of this policy will result in removal from the meeting.

AGE LIMITS

Infants and children under the age of 16 are not allowed into educational sessions or the Technical Exhibit Hall. This policy is due to the nature of some presentations and to ensure the safety of registrants' children. In addition, children should not be left unattended at the meeting. Your support and compliance are appreciated. Violation of these policies could result in revocation of meeting registration and removal from the meeting.

CHILD CARE SERVICES

Contact the Concierge Desk at your hotel to arrange for childcare services. Arrangements should be made as early as possible prior to your anticipated arrival. The Academy has no control over and assumes no responsibility for the care provided through the hotels. This information is provided solely as a "service to help registrants identify possible resources for child care services.

SMOKING/E-CIGARETTES/VAPING DEVICES

All AAD educational programs in meeting rooms and seated functions occurring during the meeting are smoke-free including E-cigarettes and vaping devices. Please also comply with the smoking policy of each individual facility.

ALCOHOLIC BEVERAGES

The Academy's official policy regarding the minimum age for alcohol consumption is the age applicable to the jurisdiction of the event venue.

OFFICIAL LANGUAGE

The official language of the meeting is English.

FIREARMS

Firearms are not permitted in any portion of the official AAD meeting facilities (Colorado Convention Center).

SESSION ADMITTANCE

Sessions that have no fee and do not require a ticket for admittance will be first-come, first-serve for eligible categories. Attendees of courses (C), and workshops (W or WSP) must have a ticket for admittance.

PHOTOGRAPHY RELEASE

From time to time, the Academy uses photographs and videos of meeting events in its promotional materials. Unless the permission is revoked in writing to the Academy, by virtue of their attendance, all meeting visitors agree to use their likeness in such materials.

MISUSE OF NAME BADGES

Under no circumstances is an attendee with an individual name badge permitted to give the badge to another individual who is or is not a paid attendee at the meeting. Fraudulently allowing an individual to gain access to educational sessions, social events and/or exhibits by using another's credentials is grounds for immediate removal of all parties from the meeting.

LOST & FOUND ITEMS

The AAD is not responsible for items lost during the Convention, nor is the AAD responsible for returning found items to attendees.

NO HANDCARTS, TROLLEYS, ROLLING BAGS/LUGGAGE IN THE EXHIBIT HALL

Please be aware that, for security & safety reasons, no handcarts, trolleys, or rolling bags/luggage are allowed in the Exhibit Hall during show hours. Attendees found on the exhibit floor with these items will be asked to leave the Exhibit Hall. Bags may be stored at the Coat/Baggage Check at the applicable rates.

Under certain circumstances, AAD reserves the right to conduct searches or any large bags entering the meeting space.

REGISTRANT DATA

The American Academy of Dermatology/Association (AAD/AADA/Academy) is committed to maintaining your confidence and trust, and accordingly, maintains the following privacy policy to protect your membership and/or personal data derived from your use of the AAD meeting registration & housing site and mobile app. The Academy does not rent or otherwise disseminate member or meeting registrant information, including but not limited to email addresses or phone & fax numbers, to other organizations.

Your name, address, phone number (if provided), and email address (if you agreed to share your email during the registration process), are stored in the QR code on your conference badge. If you allow an exhibitor to scan your badge, you will be releasing your information to that exhibitor. You should consider your name badge QR code as an electronic business card that enables you to easily provide your information to an exhibitor if you choose to do so.

Upon request, the AAD may provide the names and postal mailing addresses of registrants to other not-for-profit organizations whose missions are consistent with the mission of the AAD for a one-time only use. Each mailing is subject to AAD approval.

Confirmed exhibitors with a completed contract, will have the opportunity to rent a registrants mailing list containing registrants' names and addresses. Exhibiting companies affiliated with the meeting who are holding an Industry Expert Session, or an Industry Non-CME (INC) Program, will be provided one (1) mailing list containing the names and addresses of meeting registrants. These companies must sign and agree that the provided listing is for a one-time only use. Each mailing is subject to AAD approval.

The Academy reserves the right to utilize registrants' data (name, address, and e-mail) for e-mail/marketing communications regarding all AAD affiliated programs.

By completing your registration, you have agreed to all meeting policies listed within the program, AAD website, and the online registration and housing website.

Conduct at AAD/A Meetings and other AAD/A Activities

2020 AAD Annual Meeting Policies

Meeting Policies can be located at aad.org/AM20

Approved: Board of Directors – 3/4/19

INTRODUCTION:

The purpose of this policy is to ensure a professional and collegial environment for Academy/Association (AAD/A) meetings and other activities in which AAD/A members and staff are treated with mutual respect. AAD/A staff are governed by a harassment policy contained in their employee manual, which is incorporated herein by reference. The policy below elaborates on the employee manual and discusses policies that also apply to AAD/A members and meeting attendees.

Behavior that is welcome or acceptable to one person may be unwelcome or offensive to another. Consequently, individuals must use discretion to ensure that their words and actions communicate respect for others. This is particularly important for those in positions of authority since individuals who are subject to such authority may be reluctant to express their objections or discomfort regarding unwelcome behavior. Harassment intended in a joking manner still constitutes unacceptable behavior. Actions resulting in fear for one's safety and well-being is a criminal offense and proper authorities would be contacted.

DEFINITIONS:

Harassment – Unwelcome conduct that is based on race, color, religion, sex (including pregnancy, sexual orientation, and gender identity), national origin or ethnicity, age, disability, genetic information, veteran or military service, or any other basis protected by federal, state or local law. Harassment becomes unlawful where the conduct is severe or pervasive enough to create an environment that a reasonable person would consider intimidating, hostile, or abusive. Anti-discrimination laws also prohibit harassment against individuals in retaliation for filing a discrimination charge, testifying, or participating in any way in an investigation, proceeding, or lawsuit under these laws; or opposing employment practices that they reasonably believe discriminate against individuals in violation of these laws.

- **Hostile or Offensive Environment** – As noted above, any behavior by an individual or group that contributes to a hostile, intimidating, offensive and/or unwelcoming environment or otherwise substantially interfering with an individual's environment is prohibited. This includes, but is not limited to, speech or behavior that a reasonable person would find unwelcome or offensive whether it is based on any of the legally-protected classifications set forth above (see above) or any other legally protected status. AAD also strongly discourages discrimination or hostile conduct based on other factors, such as physical appearance, marital status, or political affiliation. This conduct includes, but is not limited to, epithets, slurs, or negative stereotyping; threatening, intimidating, or hostile acts; demeaning jokes and display or circulation of written or graphic material that demeans or shows hostility or aversion toward an individual or group. Retaliatory harassment is also prohibited.
- **Sexual Harassment** – Sexual harassment refers to unwelcome sexual advances, requests for sexual favors, and other verbal or physical actions of a sexual nature. The following examples may constitute sexual harassment if unwelcome: sexual flirtations, advances, or propositions; unnecessary touching; verbal comments or physical actions of a sexual nature; sexually degrading words used to describe an individual; a display of sexually suggestive objects or images including electronically sent material; and sexually explicit jokes.
- **Other Disruptive Behavior** – While generally not prohibited by law, AAD/A nevertheless prohibits bullying behavior. AAD/A defines bullying as "repeated inappropriate behavior, either direct or indirect, whether verbal, physical, cyber or otherwise, conducted by one or more persons against another or others that is hurtful, harmful or humiliating; exhibits coercion; or abuse of power as well as any other unreasonably disruptive behavior such as sustained disruption of talks, events, or meetings." All members and staff will be treated with dignity and respect and AAD/A will not tolerate bullying behavior.
- Bullying may be intentional or unintentional. AAD/A considers the following types of behavior examples of bullying:
- Verbal bullying: Slandering, ridiculing or maligning a person or his/her family; persistent name calling that is hurtful, insulting or humiliating; using a person as the butt of jokes; abusive and offensive remarks.
- Physical bullying: Pushing, shoving, kicking, poking, pinching, slapping, tripping, assault or threat of physical assault; damage to a person's work area or property.

- Gesture bullying: Nonverbal threatening gestures or glances that convey threatening messages.
- Cyber: electronic or online harassment including social media.
- Coercion: intimidation; using a position of authority for undue influence.

MEETING POLICY:

Expected Behavior – AAD/A expects all participants at Academy meetings to behave responsibly and professionally and to abide by this Conduct at AAD/A Meetings and other AAD/A Activities Policy. This policy applies whether the harassment is committed by an employee, AAD/A member, volunteer, vendor, exhibitor, or another participant. AAD/A expects participants to comply with the following:

- Treatment of others. Participants must exercise professionalism, consideration, and respect in their speech and actions, and must refrain from demeaning, discriminatory, disruptive or harassing behavior and speech. Participants who experience or witness harassment are encouraged to report it in accordance with the Reporting Procedure below.
- Safety and security. Participants should alert AAD/A staff if they notice a dangerous situation or someone in distress.
- Responsible consumption of alcohol. At many AAD/A networking events both alcoholic and non-alcoholic beverages are served. AAD/A expects participants at these events to drink alcoholic beverages responsibly. AAD/A and event staff have the right to deny service to participants for any reason and may require a participant to leave the event.
- Controlled substances. Participants should not be under the influence of illegal drugs or other unauthorized or mind-altering or intoxicating substances while attending AAD/A events. Included within this prohibition are lawful controlled substances that have been illegally or improperly obtained. This policy does not prohibit the possession and proper use of lawfully prescribed drugs taken in accordance with the prescription.

Unacceptable Behavior – AAD/A will not tolerate harassment on any basis prohibited by law by any participant at any AAD/A meeting. Unacceptable meeting behaviors may include, but are not limited to:

- Unwelcome and uninvited attention or contact with another participant;
- Verbal or written comments, or visual images, that are sexually suggestive, offensive, or that denigrate or show hostility or aversion toward an individual, or group of individuals, that create an intimidating, hostile, or offensive environment, or that unreasonably interfere with an individual's ability to participate in an AAD/A meeting;
- Slurs, threatening or negative stereotyping, intimidating, harassing, abusive, discriminatory, derogatory or demeaning speech or actions by any participant in any AAD/A meeting, at all related events, and in one-on-one communications carried out in the context of any Meeting or meeting-associated event;
- Verbal harassment or harmful or prejudicial verbal or written comments or visual images related to gender identity, sexual orientation, sexual activities, race, religion, disability, age, appearance, or other personal characteristics;
- Deliberate intimidation, following or stalking;
- Unnecessary and/or unwelcomed touching or brushing against another person's body, patting, groping, pinching, or other forms of physical assault including impeding or blocking movements;
- Sexual or romantic flirtations that are viewed by the recipient as offensive and unwelcome;
- Unwelcomed telephone calls, e-mails, letters, home visits or other unwanted encounters with sexual overtones;

2020 AAD Annual Meeting Policies

Meeting Policies can be located at aad.org/AM20

- Demands for sexual favors with implied threats related to job benefits or opportunities;
- Posting, displaying, or circulating any electronic media currently available or created in the future including any written or graphic material that demeans or shows hostility or dislike towards a person or group based on their protected status. This includes, but is not limited to, graffiti, cartoons, websites, any social media platform, or radio or television programming;
- Conduct by registered attendee(s) or guests at any AAD/A meeting that is unlawful, in violation of the show rules or the convention center lease terms or convention hotel(s) policies/rules, in violation of/or is antithetical to the purposes and good order of the AAD/A event and its operation by AAD/A, such as, the use of an invalid or another's name badge, failure to pay meeting registration.

Any individual who has questions about this policy or believes that this policy may have been violated should follow the Reporting Procedure below.

REPORTING PROCEDURE:

If you believe you have been subject to or have observed harassment or believe that an offensive environment exists, report the incident immediately so that appropriate action may be taken. The following procedure outlines the steps that will be taken by AAD/A in the event of a harassment charge. However, when the facts of a case warrant quick and severe action, this procedure may be modified.

- Persons are required to provide a firsthand account of the alleged harassment to the Executive Director & CEO of the AAD/A or their designee.
- Witnesses will be contacted and asked to provide a detailed account of what was observed.
- Victims and witnesses will be protected against retaliation. Anyone who retaliates against another person for making a good faith complaint or participating in an investigation will be subject to disciplinary actions.
- The accused person will be requested to provide an explanation of the alleged charges.
- The appropriate AAD/A official or representative will investigate the facts and make recommendations for resolution of the charge.
- The resolution options will be based on the Administrative Regulation on Judicial Panel – Disciplinary Procedures.
- Unless required by law, the participants involved in the investigation process must keep all information regarding the alleged harassment case confidential. Breach of this confidentiality may result in additional disciplinary action.
- Anyone who is found to have knowingly made a false accusation of sexual or other unlawful harassment or retaliation may be subject to appropriate disciplinary action up to as outlined in the Administrative Regulation on Judicial Panel – Disciplinary Procedures.
- Any AAD/A Staff involved would be contacted by Human Resources and policy and procedures from AAD/A's Harassment Policy would be followed.

ONSITE MEETING/EVENT PROCEDURE:

When any type of disruptive behavior is reported or detected onsite at an AAD/A event, the following protocol is conducted by AAD/A Meetings & Conventions (M&C) Staff:

- Problem is identified and brought to the attention of AAD M&C Staff, and Senior Director, Meetings & Conventions (Senior Director)
- Problem is assessed by AAD M&C Staff and Senior Director
- AAD Security† (Supervisor) is notified immediately and briefed on the situation by AAD M&C Staff/Director

- AAD M&C Staff (and Senior Director, if available) are accompanied by AAD Security (Supervisor) to the suspected altercation
- AAD Security (Supervisor) takes the lead role in ascertaining/evaluating the situation via interviews/communications with the suspected party(s)
- In addition to a written report, when deemed necessary and appropriate, AAD Staff and/or AAD Security may 'document' said violation/violator(s) and/or situation via photo(s) or video(s)
- At no time should AAD M&C Staff or Senior Director, or AAD Security (Supervisor) engage in any physical contact or interaction, unless deemed absolute and necessary whereas the safety and/or security of said individuals or other meeting attendees is in jeopardy
- *Appropriate action is taken by AAD M&C Staff/ Senior Director, and AAD Security (Supervisor), (and potentially local law enforcement) depending on the type of infraction/disruption that has occurred
 - *This can include, but not limited to, verbal warning, revocation of attendee credentials and removal from the meeting/event.
 - † If the event does not have AAD security, staff would rely on the hotel/facility security

CONSEQUENCES:

- The AAD/A reserves the right to revoke, without refund, exhibition space and/or registration credentials of any attendee not in compliance with this policy.
- The AAD/A reserves the right to refuse the registration of any individual, as long as such refusal is consistent with applicable law and Academy policy.
- The AAD/A reserves the right to revoke attendee(s) badge and to have Security remove them from the Event premises at any time without prior notice. If AAD/A revokes name badge/meeting credentials, fees paid for admission and travel expenses will not be refunded.
- Security has the right to remove any individual that appears to pose a threat to the safety and security of the AAD/A event, including those identified as in violation of any of the aforementioned listed herein. Law enforcement may also be called when necessary.
- The AAD/A has the right to remove any individual who has transferred a badge to another individual, as well as the recipient of such badge, in order to gain access to an AAD/A meeting or social event and to invoice the non-paying party for the event.
- Members found to be in violation of this policy may be subject to appropriate disciplinary action up to as outlined in the Administrative Regulation on Judicial Panel – Disciplinary Procedures.

This policy affects AAD/A members, volunteers, vendors, exhibitors, or other meeting participants only. A policy against harassment by AAD/A employees is included in the AAD/A employee handbook."

2020 AAD Annual Meeting PROGRAM GUIDE

This Program Announcement features the 2020 AAD Annual Meeting program, organized by day and track. Sessions on the following pages are listed under primary track.

PROGRAM SCHEDULE KEY

NOTED SESSIONS

 **New Session** New Session

 **MOC** Session is approved by the ABD to satisfy component 2 of MOC

 **Practice Management** Practice Management Session

 **Restricted** Restricted Session open to dermatologists and adjunct (researcher, corporate) members

 **Ticketed** Ticketed Session with fee

 **Leadership Institute** Leadership Institute

SESSION TYPE

U • Focus Session

C • Course

S • Symposium

D • Discussion Group

F • Forum

W • Workshop

WSP • Patient Encounter
Workshop

COMPREHENSIVE SCIENTIFIC PROGRAM

For the most current, up-to-date session information (Program Overview), view the searchable program and plan your schedule online at aad.org/AM20.
