

5th Ostomy Care Management Course

9 & 10 October 2019 (1st Residential Week)
4, 5 & 6 March 2020 (2nd Residential Week)
at Sheikh Khalifa Medical City, Abu Dhabi, UAE

Ostomy Care and Management is the fifth multi-specialty course in the United Arab Emirates, in collaboration with **International Interprofessional Wound Care Group (IIWCG)**. We believe thousands of Wound and Ostomy Clinicians (WOCs) and other clinicians who work with Ostomy patients or are considering Ostomy as a career direction, will greatly benefit from the new OCM program. To meet the need for specialized clinicians dedicated to the treatment and prevention of Ostomy and stoma complications.

The **SMAC** course in Stoma Care is open to registered nurses and senior support workers working in hospital or community in either the public or private sectors in the UAE, who care for patients with a stoma and who wish to acquire greater knowledge and skills in stoma care.

TARGET AUDIENCE

Healthcare Professionals,
Nurses and Doctors

PROFESSIONAL QUALIFICATION

Upon successful completion of the Ostomy Care and Management candidates may use the Certificate for Career development in this field.
