Dear colleagues, dear friends,

We are pleased and honored to announce that the INS mid-year meeting, in association with the Czech Neuropsychological Society, will be held in Prague, the beautiful capital of the Czech Republic and the reputed „Heart of Europe“.

The conference theme, “Bridging Science and Humanity,” was inspired by Prague’s location at a crossroads of diverse cultures, languages, and political and economic systems.

In line with the conference theme, the 2018 INS mid-year meeting in Prague will focus on the following topics:

- The practice of neuropsychology in an increasingly globalized and diverse world
- The neuroscience of key human processes, such as morality, ethics, or political and economic decision making
- The application of science to humane and holistic patient care

We look forward to seeing you at INS-CENES Prague 2018!
