

2017 Sept/Oct Series

Rome • Sicily & Italian Riviera

Pan Europe Asia Dental & Legal Conference

Rome, Italy

29 September—6 October 2017

Rome is the former capital of the Roman Empire, once one of the most powerful empires in the world; the remnants of which can be seen at the stunning sights of the Roman Forum, Pantheon and Colosseum. Rome is also home to the Vatican City, headquarters of the Roman Catholic Church, boasting such sights as St. Peter's Basilica, the Vatican Museums and Michelangelo's Sistine Chapel frescoes.

It was in Italy that the Renaissance began, and then exploded, bringing Europe out the dark ages and influencing countless artists, writers, poets, philosophers, scientists, architects, musicians and aristocrats. Rome, once a city of ancient ruins, became the recipient of great masterpieces as well as cultural and ideological development. Despite its 3,000 year history and the fall of the Roman Empire, Rome is today a sprawling, cosmopolitan city and has remained globally influential in the areas of art, architecture and culture.

Al fresco Roman feasting is one of the city's pastimes and Italy's world-famous cuisine is superlative and delicious. Dine with locals at crowded yet authentic trattorias, enjoy a gelato as you stroll through various piazzas, or indulge in contemporary fine dining at refined Michelin-starred restaurants. The gastronomic options in Rome are limitless.

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. The interaction facilitated by CPE Conferences' social

programs have established an increased camaraderie between professionals of all backgrounds and specialties, a mutual referring of clients and access to professional resources which previously would have been either inaccessible or unknown. Many retired professionals still attend CPE's conferences due to the continued exchange with like-minded individuals. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

PROPOSED NETWORKING EVENTS

In the past networking events have included a Scavi tour beneath the Vatican and a guided day tour of Hadrian's Villa & Villa d'Este Tivoli. With Rome you are spoilt for choice when organising activities - please contact the CPE Conferences team to put forward your must do's!

CONFERENCE VENUES

Academic Sessions: Centro Congressi Cavour*

Accommodation: Hotel Quirinale

A hotel summary with available accommodation options and rates is available from the conference team - book *early* to avoid disappointment.

*subject to change.

Pan Europe Oceania Dental & Legal Conference

Sicily & Italian Riviera (Conference@Sea - Rome to Monte Carlo)

6—16 October 2017

With Silversea, the Italian Riviera beckons delegates to an amalgam of sights and sounds, discovery and experience and tastes and flavours. Explore the solidified lava streams of Mt. Etna, the old-world splendour of Florence during an overnight and the juxtaposition of glamour and tradition in Portofino.

However, we begin our conference journey by embracing the beauty and history of Rome. Rome the Eternal is 25 centuries old and constantly reinventing itself. This is a city that needs no introduction, a place where one can effortlessly gorge on art, history, food and culture. We continue our exploration of Italian culture as we cruise to Sorrento followed by Syracuse, one of the great ancient capitals of Western civilisation, founded in 734 BC by Greek colonists and old rivals of Athens. The cruise moves to the charming Valetta, capital city of Malta, before admiring the diversity and culture of Trapani, Olbia and the romantic and renowned Portofino.

Each town has its own personality allowing delegates to experience the contrasting romance and affluence of Portofino and against the grittiness and history in Livorno. Peacefully sip at a cappuccino or feast on mouthwatering seafood as you dine in some of the best alfresco cafes and restaurants Italy has to offer.

We conclude our conference cruise by disembarking in the legendary Monte Carlo. You will be awed by the sparkling harbours with extravagant yachts, beaches lined with sun-loungers and streets flanked by couture shops.

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. The interaction facilitated by CPE Conferences' social programs have established an increased camaraderie between professionals of all backgrounds and specialties, a mutual referring of clients and access to professional resources which previously would have been either inaccessible or unknown. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

PROPOSED NETWORKING EVENTS

A welcome drinks and dinner will be organised in Rome on the first night of the conference. Further excursions will be arranged by Silversea as part of this all-inclusive conference experience.

CPE TRAVEL www.cpetravel.com

CPE Conferences highly recommend utilising the services of our preferred travel partner CPE Travel whom we work closely with to ensure your travel requirements are met. CPE Travel are proud members of *helloworld*, the most professional and experienced network of travel agents in Australia. With CPE Travel you can benefit from access to this valuable network as well as earning and burning your AMEX points on both conference and leisure travel requirements. Be sure to enquire about exclusive 2 for 1 packages as well as pre & post conference options. CPE Travel Professionals can be contacted on 07 3135 9360 or email travel@educationcpe.com.

ACCREDITATION

All Australian dentists must complete a minimum of 60 Continuing Professional Development (CPD) hours over three years as a condition of continued registration with the Dental Board of Australia. In each triennium 80 per cent of the minimum 60 CPD hours must be clinically or scientifically based. CPE Conferences meet the course provider standards outlined in the Dental Board's guidelines to continuing professional development. Our conferences generally qualify for the 20% of the compulsory CPD point requirement which is not clinically or scientifically based, as they examine how the law affects the practice of all aspects of medicine.

ACADEMIC PROGRAM

CPE Conferences' success as a quality CPD provider is not based on a formula. Instead we offer an exciting kaleidoscope of internationally crafted academic and social programs perfected over the last 23 years by a team of professionals, for professionals.

Expect a broad and comprehensive academic program delivered by speakers that are innovative leaders in the fields of law, medicine, business and technology. We invite both Australian and international speakers to present papers that are interesting, informative and useful for all practitioners. CPE Conferences' academic programs frequently include sessions examining dento-legal issues, particularly in relation to the use of anaesthesia. Previous delegates of the dental profession have also been able to obtain scientifically based CPD points at our conferences distinctly promoted as having clinical content.

Our speakers share their insights with you in an informal setting conducive to fostering an increase in both knowledge and networking prospects as well as the enrichment of your CPD experience. Our bespoke programs provide a dynamic, relevant and rewarding experience that broadens the mind through a cross-pollination of ideas, across a diverse range of cultures and professions.

Unlike other conferences, our academic agenda remains fluid until the commencement of the conference. This enables us to capitalise on the educational opportunities presented by both the location and the ever constant changes in global current affairs and technology. You will receive the final academic program at the welcome drinks event.

Depending on the length of the conference, academic sessions are run a minimum of four hours over four afternoons of the conference week.

For an indication of this conference's academic program, please request a previous academic agenda or visit our website www.cpeconferences.com for past papers.
