

The Palms Casino Resort Internationally recognized for its exceptional accommodations, high-energy nightlife, extravagant pools and world-renowned restaurants, Palms Casino Resort captures all the excitement and energy of Las Vegas in one vibrant setting. Situated on nearly 30 acres, Palms is a boutique property with three distinct towers, each offering unparalleled views of the iconic Las Vegas Strip. Having recently undergone a multi-million dollar transformation, the Palms has redesigned guest rooms, new culinary experiences, re-imagined gaming areas, and created even more distinctive nightlife and daytime experiences.

Each of The Palm's award-winning restaurants is home to a world-class chef whose cuisine not only excites the senses but the culinary world as a whole. With a variety of atmospheres ranging from sports-driven entertainment to relaxed, poolside dining, the settings are as diverse as the menus. The Eatery is a collection of popular, fast-casual restaurants located at the west end of the casino. No matter what or when you're craving, you can always grab a quick bite and then get back to the good times. The Palms shines brightest once the sun goes down. For those who want a sizzling dance floor with a view, nothing tops Ghostbar. If you're looking for a different vibe, The Palm's offering of lounges and bars are a comfortable, stylish way to make the most of the night.

Home to one of the only IMAX experiences in Las Vegas, Brenden Theatres is a 14-screen movieplex on the Palms casino floor. Each theater really ups the movie magic with tiered stadium seating, plush rocker high-back seats, digital sound and giant wall-to-wall curved screens. When it's time to relax, nourish your body at the lavishly modern Drift spa. With over 20 treatment rooms and an extensive list of services, Drift is truly a retreat for every body. The spa is also home to the first Hammam in Las Vegas. Inspired by tradition, this co-ed steam bath evolves what has been a Turkish custom for centuries. Recharge Salon & Fitness is a two-story sanctuary featuring a cardio center, beauty salon and pool. From group yoga, Pilates or spin class to a one-on-one personal training session, the fitness center is available to help keep you looking and feeling good while you're away from home. Fantasy Tower guestrooms are truly an escape from reality, offering contemporary furnishings and warm, inviting colors to create the ideal Vegas getaway. Amenities include 1 King or 2 Queen beds (based on availability), LCD TV, refreshment center, feather/down-free bedding, Jacuzzi bath tub, safe, iron/board, hair dryer and more. The Palms Casino Resort is located approximately 5 miles from the McCarran International Airport (LAS).

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only. Fantasy Tower rooms are non-smoking.

Fantasy Tower Guestroom:
Single/Double Occupancy: **Sun-Thurs \$79 per night | Fri or Sat \$119 per night**
Triple Occupancy: **Sun-Thurs \$109 per night | Fri or Sat \$149 per night**
Quad Occupancy: **Sun-Thurs \$139 per night | Fri or Sat \$179 per night**
• Rates are per night, plus 13.38% tax and \$20 plus 13.38% tax, per room, per day Resort Fee.*
• 1 King or 2 Queen beds.
• Maximum of 4 guests per room.

***Daily Resort Fee is reduced to \$20 per room, per day plus tax for guests who book their room through NWAS/NWWT only** (otherwise it will be approx. \$25+ tax, per room, per day).

DEPOSIT REQUIRED: First night room plus tax deposit, within 10 days of booking to hold your room. Rooms are limited and available only through us. Rate and availability not guaranteed until deposit received.

CANCELLATIONS: Cancellations of room reservations accepted until 5 days prior to arrival. Early departure fees apply. **Travel insurance recommended.**

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Austin, Texas, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, certified registered nurse anesthetists, physician assistants, nurse practitioners, registered nurses and other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesia professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 20 *AMA PRA Category I Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the AANA for 20 Class A CEC; AANA Code #1035676; Expiration Date 9/7/2018.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category I Credit*™ from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category I credit for completing this program.

Registered Nurses: NWAS is an approved provider for the following state nursing boards: Arkansas State Board of Nursing (Provider Number 50-7480), California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), Georgia Board of Nursing (Provider Number 50-7480), and the South Carolina Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.

Las Vegas This is the city that attracts more than 37.5 million visitors a year by offering the grandest hotels, the biggest stars in entertainment, the highest caliber of award-winning chefs and master sommeliers and, of course, the brightest lights. If you can bet on it, you'll find it here.

Comedy and music headliners as well as six resident Cirque du Soleil productions, classic Las Vegas show girl revues, and more are here for your pleasure. If you want to relax, Las Vegas offers the most luxurious and varied spa experiences and pools to be found anywhere. Las Vegas has become one of the premium world-class shopping destinations in the country. For the golf aficionado, the sixty-plus golf courses in Las Vegas, designed by top golf pros, have put Vegas on the map.

The city famous for having "something for everyone" furthers the proof to its claim when the sun goes down. From elaborately themed clubs to the new wave of upscale "ultra lounges," you can experience a variety of night spots. And let's not forget, nature in Vegas has something special to share as well; Red Rock Canyon offers scenic hiking and wildlife viewing. Or venture out to see nearby Boulder City, Hoover Dam, Lake Mead, the Grand Canyon, or many other desert spectacles.

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.nwas.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Anesthesia Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 or E-mail: kellee@universaltavel1.com

Rev. 7/10/18

SCHEDULE

Monday, September 3 Pre-Conference EKG Interpretation Seminar*

Tuesday, September 4		
0700	Registration - Mandatory Sign In - Breakfast	
0725	Welcome	NWAS Staff
0730	Pediatric Difficult Airway: What Is New?	H.De Soto
0830	Failed Laryngoscopy: What Now?	H.De Soto
0930	Break	
0945	Drug Errors During Anesthesia	R.Raw
1045	Perioperative Hyperalgesia, and How Best to Manage It	R.Raw
1145	PBLD Case Discussion: Management of an Aged Person on Antithrombotic Therapy With Severe Aortic Stenosis, Needing Emergency Surgery for a Femur Fracture	R.Raw
1245	Adjourn	2.3 Pharmacology

Wednesday, September 5		
0700	Registration - Mandatory Sign In - Breakfast	
0730	Labor Analgesia	N.Connelly
0830	Obstetric Anesthesia Case Complications	N.Connelly
0930	Break	
0945	Fluid Management in the Pediatric Patient	H.De Soto
1045	Pediatric Dilemmas in the Outpatient	H.De Soto
1145	PBLD Case Discussion: Management for Screaming Person in the Recovery Room Seemingly With Severe Pain	R.Raw
1245	Adjourn	
1355	Optional ACLS Workshop*	

Thursday, September 6		
0700	Registration - Mandatory Sign In - Breakfast	
0730	Morbid Obesity	N.Connelly
0830	Regional Anesthesia and Severely Obese Patients	R.Raw
0930	Break	
0945	Regional Anesthesia for Knee Arthroplasty: An Alternate View on Current Controversies	R.Raw
1045	Regional Anesthesia Options for Shoulder Surgery	R.Raw
1145	Pediatric Potpourri: Current Controversies	H.De Soto
1245	Adjourn	
1355	Optional PALS Workshop*	

Friday, September 7		
0700	Registration - Mandatory Sign In - Breakfast	
0730	Allergy and Anaphylaxis	H.De Soto
0830	Anesthetic Practices That "Drive Me Crazy!"	H.De Soto
0930	Break	
0945	Is There a Doctor or Nurse on Board? Tips to Handle an Emergency at 30,000 Feet	H.De Soto
1045	Ultrasound-Guided Upper Extremity Blocks in Outpatients	N.Connelly
1145	Antibiotic Prophylaxis: What We Knew, What We Know, and What We Will Need to Know	N.Connelly
1245	Adjourn	1.9 Pharmacology

20 CME / 20 Class A CEC / 6.5 Pharmacology Hours†

***Separate tuition and schedule applies.**
Children and non-registered guests are not allowed to attend the lectures.
Refreshments served at the meeting are for registered attendees only.

To register for this program and reserve your hotel room, please visit our website: www.nwas.com or call (800) 222-6927.

TUITION: In USD	MD/DO	CRNA/PA	RN/Others
Early <i>(Paid by 6/6/18)</i>	\$950	\$900	\$800
Regular <i>(Paid after 6/6/18)</i>	\$1000	\$950	\$850
Daily	\$255	\$243	\$218
EKG <i>(Paid by 6/6/18)</i>	\$400	\$375	\$350
ACLS <i>(Paid by 8/15/18)</i>	\$365	\$320	\$255
PALS <i>(Paid by 8/15/18)</i>	\$365	\$320	\$255
<i>EKG payments after 6/6/18 increase \$50. ACLS/PALS payments after 8/15/18 increase \$25.</i>			

PAYMENT METHODS:
Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in US funds, payable to NWAS.

SCHEDULE AND FACULTY CHANGES:
Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER:
We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. NWAS and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE:
\$100 July 6, 2018 to August 5, 2018. No refund after August 5, 2018; however, 50% of tuition paid may be applied toward tuition for another NWAS program within the next 12 months. **Cancellation must be made in writing.**

FAP (FREQUENT ATTENDEE POINTS):
FAP lets you accumulate points based on dollars spent with NWAS including net hotel and tuition booked through NWAS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWAS.

ERRONEOUS PRICING NOTICE:
Northwest Anesthesia Seminars, Northwest Seminars, and Northwest World Wide Travel reserves the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.
