Why should I attend the GPPS 2020 Conference?

- Be part of the pharma profession's international conference – where the world of pharmacy meets. Learn from global experts and leaders of Pharma and Pharmaceutical field as they share the latest research and findings.
- Listen to global perspectives on the profession's hot topics – reflecting low to high resource experiences.
- Discover new ways of thinking and the latest research to inform how you practice – over 70% of delegates said gaining new knowledge was a key benefit of attending.
- Make new contacts – over 80% of delegates cited networking as one of the main benefits of attending conference.
- Connect with colleagues globally through social media: #GPPS
- Hear about developments across all areas of specialism – your own and others. Explore the latest innovations and services at the Conference.
- Take the opportunity to visit Antalya, breathe in fresh breezes and soak up the sun on a stretch of pristine white beaches and the gloriously chilly Arabian Sea captivate your senses, providing a pleasing environment to its colorful.

Determine the return on investment to yourself and your employers and funders

Make the most out of attending GPPS 2020, and give you and your funding supporters a return on the investment:

- Connect your professional development and the goals of your organization to the learning opportunities at the **GPPS 2020**.
- Emphasize how your entire organization will benefit from your attendance.

At **GPPS 2020**, we are looking forward with great enthusiasm and interest to meeting each and every one of you and working with you during this conference period. The location is special, **Antalya, Turkey**. We hope you will join us in **Antalya** this **September**.

GOOD REASONS TO SUBMIT YOUR ABSTRACT

Global Networking

Discuss your findings with other experts from around the world. Approximately 300+ experts will attend

The International Conference from approximately 60+ countries. Meet with your colleagues who are interested in your topic.

Improve

Develop your presentation skills, an essential competence for advancing your career. It is an added value to your resume to make you stand out among other candidates, makes you look like a recognized expert.

Visibility

Your name will be recognized in the Online Program.

Be Creative

Submission allows you to be creative in visually sharing your presentation as either oral or poster presentation.

Opportunity for an Oral Presentation

Authors of outstanding abstracts will have the opportunity to present their work in diverse sessions at **GPSS 2020**.

Personal Professional Development

- Identify your professional development goals and connect them to the learning opportunities at **GPPS 2020**.
- Think about your learning needs, professional direction and opportunities you want to explore. At the same time keep an open mind and be ready for the unexpected to be meaningful and valuable.
- Explore sessions and see how their objectives and content match with your needs.
- Prepare prior to the conference and select a few ‘must attend’ sessions, people you want to listen to and meet, and new things to challenge you. It is good to have an idea of things to focus on, but also good to be flexible.
- Engage with others through social media using the conference hashtag #GPPS2020

Organizational Benefit

Think about how your organization will benefit from your attendance.

- Explore sessions and see how their objectives and content match with your needs.
- Prepare prior to the conference and select a few ‘must attend’ sessions, people you want to listen to and meet, and new things to challenge you.
- It is good to have an idea of things to focus on, but also good to be flexible.
- Engage with others through social media using the conference hashtag #GPPS2020

Conferences are one of the most effective forms of learning something today that you can immediately implement to improve your practice the first day back to your office. GPPS 2020 provide the chance to listen to leading experts share the latest best practices, participate in hands-on workshop sessions, panel discussions, and view the latest technologies. Staying at your current level without new learning is simply not an option any longer. With advanced technologies and improvements in healthcare technology and its application for every day clinical care, pharmacists and health care professionals who fail to keep pace may mean you're actually falling behind in the quality of care you provide.

If you're a pharmacist, pharmaceutical scientist, healthcare professional or interested in improving your practice, there's no better place to get all the support and knowledge you'll need than at Global Conference on Pharmacy and Pharmaceutical Science during September 17-18, 2020 at beautiful city of Antalya.

About Antalya

Antalya, pearl of the Mediterranean region, second most charming city in Turkey, one of the most popular tourist destinations in the world. Come and become a part of something bigger and magical.

Welcome to Antalya, the paradise on earth, the pearl city of the Mediterranean, and the Turkish Riviera. Antalya is Turkey's 9th largest city that stands for professionalism, experience, diversity and quality. With its history, natural beauty and a rich variety of local life style, the city hosts more than 11 million foreign guests, from all over the world on a yearly basis. As the fourth most visited city in the world, Antalya is one of the world's foremost tourism destinations, offers you a peerless experience.

Antalya, Turkey's principal holiday resort in the Mediterranean region (ancient Pamphylia), is an attractive city with shady palm-lined boulevards, a prize-winning marina on the Mediterranean. In the picturesque old quarter, Kaleici, narrow winding streets and old wooden houses abut the ancient city walls. Lately, many foreigners have bought (and continue to buy) property in and around Antalya for their holidays or for the retirement. It became a popular area especially for the German and Russian nationals. During the winter months its population is around 2,5 million, but in the summer times it doubles.
