Learning from the experience, ensuring **compliance** in the present, and looking to the **future**.

AstraZeneca 

# Sterile Product

# Manufacture Conference

## 26<sup>th</sup> June

Kindly hosted by  
**AstraZeneca, Macclesfield**

**This major PHSS conference will address the key challenges in sterile product manufacture and processing of intermediates that require low bioburden control following risk-based initiatives from a regulatory, Pharmaceutical/Biopharmaceutical industry, and healthcare pharmacy perspective. AstraZeneca will offer a site tour on the afternoon of June 25<sup>th</sup>, and we will meet for a networking dinner at Shrigley Hall.**

**Sterile Product Conference for Pharmaceuticals, Biotech, and New Technologies**

Join us for a key industry event focused on the latest advancements in sterile product manufacturing, including pharmaceutical, biotech, and new technology developments. This conference will provide valuable insights from leading experts and offer networking opportunities with industry professionals and NHS representatives.
