QP Forum Conference

ANNUAL EVENT

7th November 2024

Glen-Yr-Afon House Hotel Ltd,
Usk, Monmouthshire

Members

£150 + VAT

Non-Members

£225 + VAT

The PHSS QP Forum was established in 2011 by a group of Welsh QPs who wanted a local network and a local forum. What was missing locally was the ability to network, keep up to date and complete relevant CPD. This Forum has expanded to a small annual conference open to all. Each year we have the conference in the first Thursday in November. The annual conference is geared to practical advice, review of new and current regulatory guidance and industry/research/hospital speakers talking through their own processes. We have these key speakers from the industry.

The Conference is designed for all Qualified Persons and aspiring Qualified Persons. With the challenges in the past 18 months within the QP function, listen and interact on topics, latest developments regarding the duties and responsibilities of Qualified Persons.

This annual event has been valuable to those in the QP role.
