

The Ritz-Carlton Amelia Island Southern hospitality at its finest is on display at The Ritz-Carlton, Amelia Island. This beach front resort features four restaurants and lounges, The Ritz-Carlton Spa, fitness center, indoor and outdoor heated pools with whirlpool, 18 holes of PGA championship golf, and nearby tennis facilities. Families will appreciate the Ritz Kids program, children's pool, playground, nanny service, and the Our Space teen lounge.

Relax in casual but elegant accommodations that offer private balconies and beautiful views of the Atlantic. Coastal-view guest rooms are 406 square feet and feature luxurious linens, marble baths, European bath essentials, makeup mirror, hair dryer, coffee/tea maker, bathrobes, safe, CD player alarm clock, honor bar, iron/board, twice-daily maid service, and 24-hour in-room dining options.

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only. NWAS/NWWT room rate includes complimentary internet access in guest room.

- Coastal View Room: \$299**
- 1 King bed or 2 Double beds (Request only. Based on availability at check-in.)
 - Single or double occupancy plus 11% tax.
 - Additional adults \$15 each per night. Maximum 4 guests per room.
 - \$25 for rollaway bed or crib.
 - All rooms are non-smoking.

DEPOSIT REQUIRED: First night's room plus tax deposit, within 10 days of booking, check or credit card required to hold your room. Rooms are limited and available only through Northwest Worldwide Travel. Rate and availability not guaranteed until deposit received.

CANCELLATIONS: Cancellations of room reservations accepted without penalty until 17 days prior to arrival. No-shows will be charged for their entire reserved stay. Early departure fees apply. **Travel insurance is recommended.**

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Austin, Texas, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, certified registered nurse anesthetists, physician assistants, nurse practitioners, registered nurses and other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesia professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 20 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Anesthesiologist Assistants: The National Commission for Certification of Anesthesiologist Assistants (NCCAA) will accept CME credit for programs approved for continuing medical education by the AMA, AAPA, and ACCME.

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the AANA for 20 Class A CEC; AANA Code #1033934; Expiration Date 9/28/2017.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for AMA PRA Category 1 Credit™ from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category I credit for completing this program.

Registered Nurses: NWAS is an approved provider for the following state nursing boards: California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), and the Georgia Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.

Amelia Island Situated along 13 miles of pristine Atlantic coastline, Amelia Island is the southernmost of the Sea Islands, a chain of barrier islands along the eastern U.S. seaboard. Claimed by the French, fought over by Spain, and named for an English princess, this legendary island is a storied place sought after for hundreds of years. Today Amelia Island and its city, Fernandina Beach, remain an authentic and charming Victorian seaport village.

Whether you enjoy chasing adventure in the water, along the beach, or through a forest of massive Live Oaks, you will be tempted by your surroundings. Embark on a sunset cruise down the Amelia River, partake in a seaside game of golf, kayak through Amelia's salt marshes, go for a bike ride through ancient maritime forests, or enjoy an evening carriage ride through Fernandina Beach's historic district. With a warm, mild climate year-round and endless activities, Amelia Island is the ideal place for fun and rejuvenation.

Amelia Island's wide range of retailers offer treasures you won't find anywhere else. Local shops, antique stores, and galleries abound. Find handmade items, popular brands, and things you've never seen. Diners can choose from over 40 restaurants, satisfying even the most selective tastes. An eclectic mix of cuisine ranges from Japanese fusion and Provencal-inspired to Italian and Coastal Fusion.

Amelia Island is located at Florida's northeastern shore, just 15 miles east of Interstate 95, and is a short, 30-minute drive from Jacksonville International Airport.

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.nwas.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Anesthesia Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 or E-mail: kellee@universaltavel1.com

Rev. 10/28/16

SCHEDULE

Monday, September 25

0700	Registration – Mandatory Sign In – Continental Breakfast	
0725	Welcome	NWAS Staff
0730	Preoperative Cardiac Evaluation: Do the Guidelines Tell Us What We Need to Know?	E.Lobato
0830	Perioperative Myocardial Infarction: Should Everyone at Risk Get Troponin Levels?	E.Lobato
0930	Break	
0945	Ultrasound-Guided Vascular Access	S.Clendenen
1045	Ultrasound 101: What's Different About Ultrasound for Regional Anesthesia?	S.Clendenen
1145	Sugammadex: My Favorite Doughnut	L.Pelinka
1245	Adjourn	0.9 Pharmacology

Tuesday, September 26

0700	Registration – Mandatory Sign In – Continental Breakfast	
0730	Mass Casualty Management	L.Pelinka
0830	Managing Blast Injuries: Are You Ready?	L.Pelinka
0930	Break	
0945	Intraoperative Myocardial Ischemia: Diagnosis and Management	E.Lobato
1045	Anesthetic Management of the Patient With Valvular Heart Disease During Noncardiac Surgery	E.Lobato
1145	Ultrasound-Guided Central Neuraxial Block: Spinals, Thoracic, and Lumbar Epidurals	S.Clendenen
1245	Adjourn	0.6 Pharmacology

Wednesday, September 27

0700	Registration – Mandatory Sign In – Continental Breakfast	
0730	Regional Anesthesia Complication: Nerve Injury and Local Anesthesia Toxicity	S.Clendenen
0830	Acute Pain Management in the Chronic Pain Patient	S.Clendenen
0930	Break	
0945	Enhanced Recovery Protocols and Anesthesia	S.Clendenen
1045	Traumatic Shock: The Anesthesia Provider's and the Intensivist's Point of View	L.Pelinka
1145	Treating Traumatic Shock: What's New?	L.Pelinka
1245	Adjourn	2.6 Pharmacology

Thursday, September 28

0700	Registration – Mandatory Sign In – Continental Breakfast	
0730	Issues With the Elderly: Case Reports	L.Pelinka
0830	Is There a Medical Professional Aboard This Aircraft?	L.Pelinka
0930	Break	
0945	Preoperative Pulmonary Evaluation: Why Is It Important and What Do We Really Need to Know?	E.Lobato

Critical Care Medicine
University of Vienna and
Ludwig Boltzmann Institute of
Experimental and Clinical Traumatology
Vienna, Austria, European Union

Course Registration

17SAI

TUITION: In USD	MD/DO	CRNA/PA	RN/Others
Early <i>(Paid by 6/27/17)</i>	\$950	\$900	\$800
Regular <i>(Paid after 6/27/17)</i>	\$1000	\$950	\$850
Daily	\$255	\$243	\$218

PAYMENT METHODS:

Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in US funds, payable to NWAS.

SCHEDULE AND FACULTY CHANGES:

Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER:

We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. NWAS and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE:

\$100 July 27, 2017 to August 26, 2017. No refund after August 26, 2017; however, 50% of tuition paid may be applied toward tuition for another NWAS program within the next 12 months. **Cancellation must be made in writing.**

FAP (FREQUENT ATTENDEE POINTS):

FAP lets you accumulate points based on dollars spent with NWAS including net hotel and tuition booked through NWAS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWAS.

ERRONEOUS PRICING NOTICE:

Northwest Anesthesia Seminars, Northwest Seminars, and Northwest World Wide Travel reserves the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.
