A Certificate of Advanced Learning

is available to those wanting to take a deeper dive into select subject areas. Our Certificate of Advanced Learning activity requires successful completion of a series of sessions and our inaugural certificate program is devoted to the topic of Diversity, Equity & Inclusion (DEI). Our DEI certificate will include courses by guest presenters dedicated to providing insight and education on DEI terminology and cultural and societal considerations affecting service access and service delivery. Completion of this program is beneficial to all professionals working in educational, medical or community-based settings!
