Let's Dive in Together to
Find Rare Pearls!

NADONA 36th National Conference

Why Attend this year's annual conference?

Long term and post acute care are continuously changing. New regulations and guidelines are being implemented in facilities across the country. Keeping educated on top of these are a constant challenge for Nurse Leaders, CNO's, Vice Presidents of Nursing, Directors of Nursing, Assistant Directors of Nursing, Infection Preventionists, Directors of Assisted Living units and Staff Development Director.

Communicating with staff and families remains a challenge, and in light of recent changes, even more important than ever! The National Conference will provide you with updates on these and other important trends that are, or will be, affecting you, your facilities and your residents. We will provide ideas on how to relax, take time for yourself and refill your cup. After all, if your cup runs dry, how will you be able to assist anyone?

Reasons to attend

- 4 days of education focusing on current issues of greatest importance to your residents and facilities, including compliance, clinical practice, reimbursement, leadership, clinical operations and human resources.
- Over 20 hours of nursing continuing education credits and administrator continuing education credits.
- Networking with key personnel within your state and across the US.
- Exhibits and product theaters that will highlight new and innovative products and services that can be used throughout your facility.
- Discussion of survey management investigations dealing with new reimbursement system, while retaining staff and being ethical, are several topics to be covered.
- Enjoy the opening night reception on Sunday sponsored by NADONA and cheer on your colleagues at the awards banquet Tuesday afternoon. Both are included in your registration fee.
- Meet new friends and regenerate and refresh old friendships.
