

ON-DEMAND EDUCATION

THE ACG/FGS 2021 ANNUAL SPRING SYMPOSIUM

will now be offered as a virtual event, with both **On-Demand Presentations** and **LIVE Webcast Q&A sessions!**

ACG/FGS VIRTUAL Annual Spring Symposium

In order to maximize effective online clinical education, ACG will be offering the Spring Symposium typically held in Florida as a flexible combination of on-demand education supported by engaging LIVE Q&A with expert faculty. With the ACG/FGS virtual Annual Spring Symposium, you'll receive on-demand access to over 8 hours of recorded lectures delivered by world-class faculty. Each of the 24 lectures will help you explore areas that the gastroenterologist often faces in clinical practice, and address management updates in a variety of gastrointestinal and hepatic areas. Videos will be available for viewing starting on February 12, 2021. Watch the videos on your own time and have access to them for up to one year following the course.

Live Q&A Webcasts Give You Access to the Experts

Register by February 26, 2021 and you will also receive exclusive access to LIVE webcast Q&A sessions! Course Directors Cynthia Levy, MD and Andres Gelrud, MD, MMSc will host LIVE Q&A webcasts on Saturday, February 27th from 2:00–3:00 pm, from 3:15 pm–4:15 pm, and from 4:30–5:30 pm (Eastern Time). Attendees will have the opportunity to submit questions in advance and during the live broadcasts. As an added resource, the recordings of the Q&A sessions will be available to registrants following the sessions.

REGISTER ONLINE: [MEETINGS.GI.ORG](https://meetings.gi.org)
